Office and Business Employees—Adjust Salary—Operating Engineer A. G. Lane Technical High School.

Your Committee on Buildings and Grounds reports that Mr. George Stoltz, operating engineer at the A. G. Lane Technical High School Building, Sedgwick and Division Streets, is assisting in the work of the class in steam engineering now being conducted there three evenings a week. The service he performs consists of making steam engine, boiler and electrical apparatus tests, and the Superintendent of Schools recommends that he be allowed compensation therefor on the basis of \$1.50 an evening, to date from the commencing of the work. Your Committee has considered the matter and recommends that the suggestions of the Superintendent of Schools be concurred in with the understanding that the payment as mentioned be charged to the Evening School Appropriation.

(19957)

Office and Business Employees—Temporary Clerk—Bureau of School Engineering.

Your Committee on Buildings and Grounds reports that authority was heretofore granted by the Board, Report No. 19771, for the employment of a temporary clerk in the office of the Bureau of School Engineering for a period of approximately three months on the basis of \$70.00 a month, and your Committee recommends that said report be amended to provide for a salary of \$80.00 a month.

(19958)

Voucher—Issue Special—A. Mathis—Ventilation—Howland School.

Your Committee on Buildings and Grounds reports that it has received request from A. Mathis, contractor for ventilation at the Howland School Building, Spaulding Ave. and 16th St., for payment in the sum of \$600.00 on account of his contract. This is in excess of the 85% allowed by the rules of the Board, but leaves a balance of \$615.00, which is more than ample to complete the unfinished portion of the work, and, inasmuch as the surety company submits to the payment of this voucher without waiving the obligations of its bond, your Committee rec-

ommends concurrence in the contractor's request.

(19959)

Voucher—Issue Special—P. Nacey Company—Plumbing and Gas Fitting—New Carter School.

Your Committee on Buildings and Grounds reports that it has received request from P. Nacey Company, contractor for plumbing and gas fitting at the new Carter School Building, 58th Street and Michigan Avenue, in the sum of \$800.00. This is in excess of the 85% allowed by the rules of the Board, but leaves a balance of \$707.80, which is more than ample to complete the unfinished portion of the work. Your Committee further advises that the surety company is agreeable to the payment of this amount without waiving the obligations of its bond, and, therefore, recommends concurrence in the contractor's request.

(19960)

Voucher—Issue Special—P. Nacey Company—Steam Heating—Senn High School.

Your Committee on Building and Grounds reports that it has received request from P. Nacey Company, contractor for steam heating at the Senn High School Building, Ridge and Francis Avenues, asking for payment in the sum of \$4,000.00 on account of its contract. This is in excess of the 85% allowed by the rules of the Board, but leaves a balance of \$1,790.00 which is more than ample to complete the unfinished portion of the work, and, inasmuch as the surety company is agreeable to the payment thereof without waiving the obligations of its bond, your Committee recommends concurrence in the contractor's request.

(19961)

Voucher—Issue Special—Hunter-Clark Company—Ventilation—New Hyde Park High School.

Your Committee on Buildings and Grounds reports that it has received request from Hunter-Clark Company, contractor for ventilation at the new Hyde Park High School Building, 62nd Street and Stony Island Avenue, for payment in the sum of \$3500.00. This is in excess of the 85% allowed by the rules of the Board, but leaves a balance of \$1,000.00, which is more than ample to complete the unfinished portion of the work. The surety company submits to the payment of this amount without waiving the obligation of its bond, and your Committee recommends concurrence in the request of the contractor.

(19962)

Electric Service—Extension of—West Pullman School—Supplemental Proposition.

Your Committee on Buildings and Grounds reports that it has received supplemental proposition from the Commonwealth Edison Company in the sum of \$92.00 for extending electric service to the West Pullman School Building, 120th St and Parnell Ave., of sufficient capacity for power and electric lighting. In submitting the original proposition the Commonwealth Edison Company presumed connection could have been made to the present service at this location, but this was found to be impracticable, hence, the extra expense. The above company was notified to proceed with the work in view of the urgency of the matter, and your Committee recommends concurrence in the action taken with the understanding that the payment for current consumed for a period of two years will apply towards the cost of line extension as provided in existing contract.

(19963)

Electric Service—Carter School Building—Award Contract.

Your Committee on Buildings and Grounds reports that it has received proposition from the United Electrical Construction Company in the sum of \$125.00, same covering the changing of service wires, removing present conduits and cables, extending same through the west wall, and re-installing same through the north wall at the new Carter School Building, 58th Street and Michigan Avenue. This work is necessitated inasmuch as service can not be obtained from street in rear of building. It will be necessary to replace the present cable with new material the entire length in order to comply with the City Ordinance inasmuch as no joints are allowed in service wires between service switches and the exterior terminals. Proposition has been checked and found to be reasonable, and contractor was notified to proceed with the work inasmuch as it was considered emergency, and your Committee asks concurrence in the action taken.

(19964)

Rearrange Electrical Shop—Lake High School Building.

Your Committee on Buildings and Grounds reports that it has received recommendation from the Superintendent of Schools for the transferring of certain equipment at the Lake High School Building, W. 47th Pl. and Union Ave., to a room in the northwest corner of basement to be used as an electrical shop. The expense involved will approximate \$150.00. Your Committee has considered the matter and recommends concurrence in the suggestions of the Superintendent of Schools.

(19965)

Extra Work—Plumbing—Hanley-Casey Company—Senn High School.

Your Committee on Buildings and Grounds reports that it has received bills from Hanley-Casey Company for extra work at the Senn High School Building, Ridge and Francis Avenues, found necessary owing to rearrangement and changing of conditions subsequent to the preparation of the original specifications and plans. The bills in each instance have been checked carefully and found to be reasonable, and your Committee recommends that they be added to the original contract price as follows:

To installing floor drains in rear of boiler	\$ 34.00
To installing cleanout and changing sewer in toilet on account of fresh air room	31.90
To extending downspout to roof on 4th floor	43.50
	\$109.40

(19966)

Contract—Award of—Installation of Lavatory and Drainage Facilities—Sundry Schools.

Your Committee on Buildings and Grounds reports that specifications have been prepared as authorized by the Board. Report No. 19775, for the installation of lavatory at the Howe School Building, Laurel Ave. and Superior St., and drainage facilities at the Shakespeare School Building Greenwood Ave. and 46th St., for which authority has not been obtained, and recommends award of contract to the lowest bidder in each instance as follows:

Adam Harvey—

Howe School (Lavatory).....\$24.00

W. W. Watson—

Shakespeare School (Tile drain)...\$29.00

Your Committee further reports that tie bids in the sum of \$39.00 were received for drainage facilities at the Medill School Building from W. W. Watson and T. M. O'Brien, which on the toss of a coin, was awarded to T. M. O'Brien, and your Committee asks concurrence in the action taken.

(19967)

Contract—Award of—Device on Bubbling Cups.

Your Committee on Buildings and Grounds reports that it has received proposition for the installation of lever handle stop valves with regulating device on drinking fountain as indicated on blue print in the office of the Bureau of School Engineering, same to be used in connection with bubbling cups, and your Committee recommends the acceptance of proposition from the L. Wolff Mfg. Company, it being the lowest bidder, in the sum of \$2.10 each net.

(19968)

Contract—Award of—Gas Stoves—Gas Fitting, etc.—Sundry Schools.

Your Committee on Buildings and Grounds reports that it has prepared specifications as authorized by the Board, Report No. 19775, for the installation of gas stove at the Agassiz School Building, Seminary Ave. and George St., and included in the same specifications other gas fitting required at the Goethe School Building, Rockwell St. and Milwaukee Ave., and at the Walsh School Building, 20th and Johnson Sts., and recommends award of contract to the lowest bidder in each instance as follows:

<i>C. J. Herbert & Son Company—</i> Agassiz School (Stove, Teachers room)	\$19.00
<i>B. E. Lyman—</i> Goethe School, (Rearranging gas lighting facilities)	18.00
<i>John Delehant—</i> Walsh School, (Gas radiators, closet rooms)	21.45

(19969)

Contract—Award of—Plumbing—Teachers' Lunch Room—Sundry Schools.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for the installation of plumbing in connection with teacher's lunch room, sundry school buildings, as authorized by the Board, Reports Nos. 19827 and 19822, and recommends award of contract to the lowest bidder in each instance as follows—

<i>Murphy-Keeley Company—</i> Burroughs School, Washtenaw Ave. and 35th Pl.	\$ 97.00
Everett School, S. Irving Ave. and 35th St.	96.00
	\$193.00

<i>Adam Harvey—</i> Pulaski School, N. Leavitt and Coblenz Sts.	\$ 86.00

Purchase Office Equipment—Office of General Counsel.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board transmitting a request by the General Counsel, asking that authority be granted for the purchase of Two File Units and One Top for Book-case, Size C-11 Grade 398, Globe-Wernicke Company design, mahogany finish, at a total cost of \$8.00.

The Committee further reports that it has considered the matter, and recommends that authority be granted for the purchase of the equipment described.

(19979)

Sign Frontage Consent for Establishing Building Line on West Jackson Street.

The Committee on Buildings and Grounds reports that it is in receipt of a petition from residents in Austin School Section lying south of Madison Street and west of 48th Avenue with reference to an ordinance passed by the City of Chicago to turn over to the West Chicago Park Commissioners that part of Jackson Street between Garfield Park and the new proposed Park in Austin whereby the West Chicago Park Commissioners are to take, regulate and improve as a boulevard West Jackson Street between the east line of Hamlin Avenue and the west line of Central Avenue and requesting that the Board of Education sign frontage consent for the establishing and maintaining of a building line of fifteen feet north of the north line and fifteen feet south of the south line of said Jackson Street.

The Committee further reports that it has considered the matter and recommends that such consent as shall be prepared by the General Counsel of the Board be executed only when all the remainder of the property in question has been signed for and when concurrence therein has been secured from the City Council, and that the President and Secretary of the Board be directed to request such concurrence upon the consent prepared by the General Counsel of the Board.

FINANCE.

Mr. Rothmann, Chairman of Committee
of Finance, presented reports of the Com-
mittee, as follows:

(19982)

**Use of the Assembly Hall—New Hyde
Park High.**

The Committee on Finance reports that
it is in receipt of the following report
from the Superintendent of Schools.

The Superintendent of Schools reports
that an application has been received from
Miss Thriva Riggs, 1544 E. 61st Street, for
the use of the assembly hall of the New
Hyde Park High School on the evening of
February 27, 1913, for the purpose of giv-
ing an entertainment for the benefit of the
people who sustained loss in the recent
fire that destroyed the apartment building
in the vicinity of Madison Avenue and 60th
Street, and refers the request to the Board
for action.

The Committee further reports that it
has carefully considered this matter, and
recommends that the request of Miss Riggs
be granted, and that the acting Chief En-
gineer be authorized to install such tem-
porary lighting fixtures as may be required.

(19983)

meeting of the Committee on Finance as
a whole on February 1st, 1913, be ordered
paid.

(19984)

**Pay Mr. S. M. Frankland for Extra
Services.**

Your Committee on Finance respectfully
reports that it is in receipt of the following
communication from the Secretary of the
Board:

"Mr. Samuel M. Frankland tendered his
resignation as Assistant Business Manager
to date from December 31, 1912. It be-
came necessary to employ him during the
month of January, 1913, in connection with
Civil Service examinations and closing up
matters under his immediate supervision,

and I respectfully recommend that he be paid the sum of \$350.00 as compensation for such services."

Your Committee further reports that it has carefully considered this matter, and recommends concurrence in the recommendation of the Secretary.

(19985)

Reimburse Principal of Schneider School for Yard Improvements.

Your Committee on Finance respectfully reports that it is in receipt of the following communication from the Secretary of the Board:

"The following communication from the principal of the Schneider School has been received:

'Enclosed is receipt of money expended for improving the yard of above school last June, \$10.00. Will you kindly see that this amount is returned to me from the Schneider Fund, and greatly oblige,

Yours truly,

ELIZABETH E. FISKE.'

I respectfully recommend that a warrant be drawn to her order in the sum of \$10.00 to reimburse her for the money paid out in connection with yard improvements, same to be charged against the Schneider Special Fund."

Your Committee further reports that it has carefully considered this matter, and

(19989)

Issue Duplicate Warrant.

The Committee on Finance reports that it is in receipt of a request from Florence M. McNichols, teacher in the Jefferson School, for a duplicate warrant in lieu of the original warrant No. 32907, in the sum of \$64.50, issued to her for services rendered in January, 1913, which was stolen and destroyed.

The Committee further reports that it has considered this request, and recommends that a duplicate warrant be issued to Miss McNichols when she shall have filed with the Secretary the necessary indemnity bond.

(19990)

Issue Duplicate Warrant.

The Committee on Finance reports that it is in receipt of a request from Alice M. Sinnott, teacher in the Whitney School, for a duplicate warrant in lieu of the original warrant No. 28361, in the sum of \$64.50, issued to her for services rendered in December, 1912, which was lost or destroyed.

The Committee further reports that it has considered this request, and recommends that a duplicate warrant be issued to Miss Sinnott when she shall have filed with the Secretary the necessary indemnity bond.

Appropriation for the Year 1913, Deferred for Two Weeks.

Your Committee on Finance respectfully submits the following report with reference to the finances of the Board of Education—*Educational Purposes*—and their recommendations as to the apportionment of the available funds for the fiscal year 1913.

Educational Account.

There is available for educational purposes for the year 1913 as follows:

Cash on hand January 1, 1913, School Tax Educational Account		\$ 116,327.87
Estimated Miscellaneous Receipts—sale of old iron and furniture and rental of assembly halls and school property		15,000.00
Cash on hand January 1, 1913, School Fund Income Account	\$1,117,796.82	
Less amount to apply to increases under schedules adopted Feb. 7, 1912, and due during years 1914, 1915 and 1916...	727,900.22	389,896.60

Estimated State School Tax per capita.....	740,000.00	
Rentals School Fund Property.....	646,000.00	
Interest on Investments.....	55,000.00	
Tuition Fees of Non-resident Pupils.....	4,000.00	
Miscellaneous—corrections in pay-rolls, etc.....	800.00	
Interest on School Fund Income.....	5,000.00	1,450,800.00
School Tax Levy 1912.....	\$9,874,726.79	
Loss and Cost of Collection—4 per cent.....	394,989.07	9,479,737.72
Total		\$11,451,762.19

To the Committee on Finance.

The Superintendent of Schools submits herewith the itemized apportionments for elementary schools for the year 1913.

There are for school supplies unpaid bills to the amount of \$1,979.65; for fund text-books \$666.19; for supplementary reading \$11,379.33; for construction work \$442.00; for kindergartens \$1,640.15. No allowance has been made in the report submitted for these unpaid bills. The apportionments are based entirely on the needs of the schools for the year 1913.

There is also appended a report for the needs of the high schools during the year 1913. The various items are arranged on the per capita basis and apportioned according to the enrollment in the schools, with the exception of two new buildings of the Hyde Park and Senn high schools. For some items the apportionments for these two schools have been necessarily increased above that of the per capita basis on the present enrollment.

The high schools have a deficit of \$19,834.57. The amount of \$6,491.93 is for bills for orders that passed the Board during the year 1912, for the payment of which there was no special appropriation made. These unpaid bills have not been included in the report submitted.

The Superintendent reports that for various reasons, which have been laid before the Committee, the filling of orders, the delivery of goods, and payment of bills have been very heavily retarded this year. In the special departments the unpaid bills were subtracted from the amount apportioned for these departments, the subtraction being based on the assumption that the unpaid bills stood for materials which would be delivered during the month of January. Such, however, has not been in all instances the case; yet the bills have been subtracted from the apportionment and no recommendation is made regarding the payment of those from the general fund.

The Superintendent respectfully recommends that the unpaid bills for elementary school supplies, fund text-books, supplementary reading (library), construction work, kindergarten supplies, and also the unpaid bills for the high schools, making a total of \$35,941.89, less \$6.20, overcharged, or \$35,935.69, be paid out of the general fund, and that the apportionments herein reported remain unchanged. Any other course will mean a crippling of the work of the schools.

Respectfully submitted,

ELLA FLAGG YOUNG,
Superintendent.

Your Committee submits herewith, as part of its report, a communication from Miss Margaret A. Haley, presented to your Committee by Mrs. Ella Flagg Young, Superintendent of Schools, which is self-explanatory:

"January 22, 1913.

MRS. ELLA FLAGG YOUNG,
Superintendent of Schools,
Chicago, Ill.

My dear Mrs. Young: Two articles have appeared in the Chicago Examiner, one on Sunday, January 19th, the other on Monday, January 20th, in both of which I am quoted as having made statements which I did not make.

Reference is made in the first article to a report which I made to the Chicago Teachers' Federation at its meeting Saturday, January 18th. At that meeting I reported that according to my calculations the amount of additional income from the school land leases paid in 1912 and due in 1913, '14, '15, as a result of the Supreme Court's ruling, was sufficient to take care of the increases in the salaries asked for by the Elementary teaching force. I also estimated that the regular income of the Board of Education for those years was sufficient to take care of the salary schedules of 1912, thus, leaving this additional lease money free, to take care of the increases asked for by the Elementary teaching force.

I stated at the meeting that I had been credibly informed that the Secretary of the Board of Education has stated that the additional revenue was not sufficient to take care of the increases asked by the Elementary teachers and the regular schedules of 1912. I stated that if I were correctly informed, as I believed I was, this would not be the first time that the teachers and the Secretary of the Board of Education had been at variance in their calculations and I referred to the occurrence in 1909 when the teachers' bill was pending in the legislature and the Secretary of the Board and the teachers were at variance as to the receipts and expenditures of the fiscal years 1907 and 1908.

After the meeting of the Federation on Saturday I was interviewed by a reporter for the Examiner as to my report to the Federation and I stated to him exactly what I have stated above.

After the articles appeared in the Examiner I asked for an explanation and was informed that an article in regard to the Secretary of the Board of Education had been written several days earlier and was jumbled with my interview and I was thus

credited both directly and by inference with statements which I had not made.

On the question of salaries of the office force in the Board of Education, I refused point blank to criticize the salary of any official and insisted that that question was not at issue in the matter of the teachers' salary raise. I distinctly stated that the policy of the Federation had never been to secure salary raises for its members by attacking the salaries of others, and that as the representative of the teachers I would have no authority, speaking on their behalf, to disregard the fixed principles of the Federation, and I regret that I have been made to appear to have done so.

Very sincerely yours,

(Signed) MARGARET HALEY."

Chicago, February 20, 1913.

MR. WILLIAM ROTHMANN,

Chairman, Committee on Finance,

Dear Sir: Attached hereto is a schedule of the salaries of the Official and Business Employees as adopted by the Board to date, together with salaries due for the year 1912 which must be paid from the appropriation for 1913.

In the recapitulation of Official Salaries the total appears as \$137,986.00 of which \$104,250.00 should be charged to the appropriation for Official Salaries and the balance to Condemnation Expense, and to the appropriations for Special Studies to provide for such employes as printers, stenographers, etc.

The schedules not appearing in the recapitulation sheet are charged directly to Building Account, or to Educational appropriation other than Official Salaries.

Some of the employes will not be entitled to salaries adopted by the Board of Education for the year 1912 until they have complied with the Civil Service requirements and have passed examinations which will make them eligible to the grades in which their salaries are classified by the Civil Service Commission. Many of the examinations were held in December, 1912, and some of the papers were not marked until after January 1st, 1913. Examinations for some of the employes in the Bureaus of School Architecture and School Engineering and the Division of Supplies were held during January, 1913, and the early part of February. The papers in some instances have not yet been marked.

Respectfully submitted,

L. E. LARSON,

SECRETARY.

Readoption of Schedules of 1912.

Your Committee recommends that the schedules of salaries for principals, teachers, etc. adopted by the Board of Education on February 7, 1912 be readopted for the year 1913 with any amendments or changes therein that may have been voted by the Board since said date.

Salary Schedule for Teachers of the Deaf.

When the schedules of salaries were adopted for 1912 the relative increase of \$200.00 for the teachers of the Deaf over that of the grade teachers was, through omission, not maintained.

To rectify this oversight Your Committee upon the recommendation of the Superintendent of Schools presents for adoption the following schedule for 1913:

Lower Group.

	PRIMARY	GRAMMAR
First year	\$ 850.00	\$ 850.00
Second year	875.00	900.00
Third year	925.00	950.00
Fourth year	975.00	1000.00
Fifth year	1025.00	1050.00
Sixth year	1075.00	1100.00
Seventh and subsequent years	1125.00	1150.00

Upper Group.

First year	\$1175.00	\$1200.00
Second year	1225.00	1250.00
Thrd year	1275.00	1300.00
Fourth and subsequent years	1375.00	1400.00

Your Committee concurs in the recommendation of the Superintendent that the salaries of the Teachers of the Deaf during the year 1912 be adjusted to the above schedule, and provision for same has been made in the appropriation for 1913.

Teachers Pension Fund.

Your Committee has included in its recommendations an appropriation of \$50,000.00 for the Teachers Pension Fund. This appropriation is made under a law passed at the last session of the Legislature authorizing the Board of Education to make an appropriation, which, when added to the amount received by said teachers pension fund from the interest on daily balances of the Board of Education moneys in the hands of the City Treasurer, will equal the total amount contributed to said fund by the principals and teachers. As the exact amount is not ascertainable at the present time, your Committee recommends that if said appropriation of \$50,000.00 is not sufficient that there be added thereto at the end of the year a sufficient sum to equal the amount paid by the teachers.

Requests from Principals and Teachers for Increase in Salaries.

Your Committee begs to report that it has received requests from a large number of the various classes of teachers for increases in pay. Their requests have been given careful consideration and a public hearing was held by your Committee in the Board of Education Room on February 1, 1913, at which representatives of the various classes of teachers were given full opportunity to present their requests.

A part of the schedules adopted last year provided maximum salaries which have not yet been reached by the principals and teachers receiving pay thereunder, and your Committee has deemed it wise to make no further increases until it is satisfied that the revenues of the Board of Education will make such action possible. The consensus of opinion of the members of your Committee is that the salary schedules should not be raised without reasonable assurance that the revenues of the Board will be adequate for such purpose, so that the teachers may at all times be assured that the schedule rates will be paid, and your Committee also believes that out of the available revenues there should be reserved a sufficient amount to take care of the necessary increases in expenditures for all other educational purposes, (exclusive of teachers' salaries,) so that the schools may be amply provided with supplementary reading, books, maps, charts, and other educational apparatus, as well as to provide for the necessary increase in expenditures due to the increase in the number of schools.

Unpaid Bills.

Your Committee calls attention to the statement of the Superintendent of Schools with reference to unpaid bills, and begs to report that same have been taken care of by providing in the appropriation the necessary additional amounts to cover same.

Your Committee further reports that the new Supply Department Building will be

ready for occupation by the first of March, 1913, and that said building will provide ample accommodations for the storage, handling and distribution of sufficient supplies for the schools.

Your Committee has been assured by the Secretary of the Board that before the close of the current year the Supply Department will be so thoroughly reorganized that there will, in all probability, be no cause for similar complaint in the future.

Building Purposes.

Your Committee will later submit a report recommending appropriations on account of the Building Fund.

Mr. Rothmann moved action on the report be deferred for two weeks and referred to the Committee on Finance.

Seconded by Judge Vincent and so ordered.

No objection having been made to any of the recommendations contained in the several reports submitted, except Report No. 19992 which was recommitted on motion of Mr. Rothmann on motion of Mr. Rothmann the reports were received and the recommendations contained therein were adopted, such adoption being declared to have been the action of the Board on each individual recommendation.

SPECIAL COMMITTEE.

Judge Vincent, member of the Special Committee appointed to draft resolutions on the retirement of Messrs. Pfaelzer, Garts and Greifenhagen, presented the following:

(19993)

Resolutions on Retirement of Mr. David M. Pfaelzer.

Mr. David M. Pfaelzer, our associate, who was appointed to membership of this Board in July, 1911, has been called by the suffrages of his fellow citizens of Chicago to the responsibilities of a highly important and honorable position which necessitates his withdrawal from our Board.

With regret we note his departure, for his work with us was efficient and valuable and his companionship a pleasure. Although his period of service with the Board was not an extended one, yet we feel that in his work, Mr. Pfaelzer has taken worthy place among those who have given their best for the up-building of the character and the education of our school children and for their usefulness in after school life. With the consciousness that his city should be one both of mind and of thrift, he heartily supported in his work with the Committee on School Management the best measures for both practical and intellectual work in the training of the child.

Such ideas and activities as he has shown during all his association with this Board, we believe call for the recognition of merit.

This in behalf of the teachers, children and citizens of Chicago, we cheerfully and cordially accord. His work should be held in remembrance by those whom he has served. By us, his colleagues, his work as well as his courteous bearing and charming ways, his loyalty and devotion to the public good should not be forgotten, and therefore,

Be it Resolved that the above be entered of record upon the minutes of this Board as a mark of our high appreciation, and that a copy be suitably engrossed and sent to Mr. Pfaelzer.

(19994)

Resolutions on Retirement of Mr. Oscar F. Greifenhagen.

Urgency of business demands which could not be disregarded without great sacrifice, and the conviction that such business pressure must in the future greatly interfere with the full performance of his duties with this Board did he attempt to continue them, has led Mr. Oscar F. Greifenhagen to tender his resignation as a member of this Board. The resignation has been reluctantly accepted by His Honor the Mayor of Chicago, and so we must part with a faithful, efficient and appreciated colleague.

Mr. Greifenhagen's service on the Board dates from July, 1907, and at the time of his resignation he had nearly completed his second term as a trustee of our educational interests. Upon his entrance to the membership of the Board he was placed upon the Committee on Buildings and Grounds, a position he well filled during his two terms of office, in which he labored zealously and unselfishly, and in which his effective work justified the wisdom of the appointment. He was earnestly active in all the work of that committee, and was especially a warm advocate of Assembly Halls, of ample playgrounds, of gymnasiums, in fact of all reasonable measures for the physical improvement and comforts of the children as well as for the educational.

He was resourceful and wise, and it seems only fair to say that the public school interests could hardly be better served than in the attention he so carefully gave to the many matters which required sound judgment and patient handling.

In behalf of our great school interests which he helped to jealously guard and advance, in behalf of the public and the public school teachers and children for whom he honestly labored, the members of the Board cordially desire to tender to Mr. Oscar F. Greifenhagen this tribute of appreciation and esteem.

Resolved that the above be entered upon the records of the Board and that an engrossed copy thereof be sent to Mr. Greifenhagen.

(19995)

Resolutions on Retirement of Mr. Adolph F. Gartz.

Mr. Adolph F. Gartz, until recently a member of the Board, was appointed to membership by His Honor the Mayor of Chicago in July, 1907, and continued with the Board until May 15, 1912, when his removal to California interrupted his good work and necessitated his resignation.

While with the Board he served on the Committee on Buildings and Grounds, of which he was Chairman, and also upon the Committee on Finance. With each he labored conscientiously and well as he did with all matters that came under the supervision of the Board in which he was called to take part.

His thoughtful, quiet and unassuming ways, and his sunny disposition made him always a welcome fellow worker, and one not soon to be forgotten.

But above all, his devotion to his duties, his loyalty to all that was good for our schools, his directness in approaching measures and his wise counsel in action, merit the approval of all.

The Board of Education desires to record its appreciation of his work and worth and to extend to him its hearty good wishes and its high esteem.

Resolved that the above be entered upon the records of the Board and that an engrossed copy thereof be sent to Mr. Gartz.

On motion of Judge Vincent, Seconded by Mr. Kelly, the resolutions were adopted. *Yeas*—Messrs. Vincent, Lipsky, Harding, Dibelka, Sethness, Sonstebly, Kelly, Rothmann, Loeb, Dr. Warning and Mr. Huttman. 11.

Board Takes a Recess.

On motion of Mr. Loeb the Board took a recess for ten minutes.

Board Reconvenes.

The Board reconvened.

Seconded by Judge Vincent and so ordered.

On motion of Mr. Kelly the Board adjourned.

CHICAGO, MAR. 5th, 1913

In the absence of the President, the Vice President, Mr. Huttman, took the Chair and the meeting being called to order there were then

Present—Dean Sumner, Messrs. Smietanka, Vincent, Lipsky, Harding, Mrs. MacMahon, Messrs. Dibelka, Sethness, Sonstebly, Kelly, Rothmann, Loeb, Dr. Warning and Mr. Huttman. 14.

Absent—Messrs. Cameron, Urion, Sears, Erikson, Dr. McFatrach and Mr. Reinberg. 6.

Approval of Proceedings.

The Secretary stated that the printer had failed to send the Proceedings of the last meeting, although he had promised to have them in before four o'clock.

Mr. Kelly moved that the reading of the records of the regular meeting held February 19, and the proceedings of the adjourned regular meeting held February 24, 1913 be deferred until the next meeting of the Board.

It was so ordered.

Boys Paroled and Discharged from Parental School.

The Secretary presented the following communication from the Vice-President:

(19995-A)

Chicago, March 5th, 1913.

To the Board of Education of the City of Chicago.

LADIES AND GENTLEMEN:

Mr. Peter A. Mortenson, Superintendent of the Chicago Parental School, reports that he is satisfied from the conduct of the following named boys that if paroled they will attend regularly the public or private school to which they may be sent, and recommends their parole:

I respectfully ask concurrence in the recommendation of Mr. Mortenson.

Very truly yours,

HENRY W. HUTTMANN,

Vice President.

On motion of Mr. Kelly the recommendation of the Vice-President was concurred in.

UNFINISHED BUSINESS.

Adopt Report Providing for Appropriations for Year 1913.

Under the head of unfinished business Mr. Rothmann presented the budget as heretofore presented to the Board, and printed in the Proceedings on pages 899 to 916, Report No. 19992, of the meeting of February 24, 1913, and stated that two of the members requested an opportunity to vote separately on the recommendation relative to the salary schedules and in deference to their wishes moved that all of the report except that portion relating to the readoption of the salary schedules for 1912 be adopted.

Seconded by Mr. Kelly and so ordered by the following roll call.

Yeas—Dean Sumner, Messrs. Smietanka, Vincent, Lipsky, Harding, Mrs. MacMahon, Messrs. Dibelka, Sethness, Sonstebly, Kelly, Rothmann, Loeb, Dr. Warning and Huttman. 14.

Nays—0.

Readoption of Salary Schedules for 1913.

Mr. Rothmann: "I move the adoption of that portion of the report which deals with the schedules of salaries for the year 1912, and as the members have not the report before them will read that part to which I refer:

"Your Committee recommends that the schedules of salaries for principals, teachers, etc., adopted by the Board of Education on February 7, 1912 be readopted for the year 1913 with any amendments or changes therein that may have been voted by the Board since said date."

Mr. Sonstebly raised the question as to whether this division included the salary schedule for the teachers of the Deaf and stated that he desired to be recorded as voting in the affirmative on the said schedule for the teachers of the Deaf.

Mr. Rothmann moved that the portion of the report relating to the salary schedules for 1912, and that relating to the salary schedule for the teachers of the Deaf be voted upon separately.

Seconded by Mr. Kelly, and so ordered by verbal vote.

Mr. Rothmann moved that the portion of the report readopting the salary schedules of 1912, except the portion relating to the salary schedule for teachers of the Deaf, be adopted.

Seconded by Mr. Kelly and so ordered.

Yeas—Dean Sumner, Messrs. Smietanka, Vincent, Lipsky, Mrs. MacMahon, Messrs. Dibelka, Sethness, Kelly, Rothmann, Loeb, Dr. Warning and Mr. Huttman. 12.

Nays—Messrs. Sonstebly and Harding. 2.

Adopt Salary Schedule for Teachers of the Deaf.

Organize Teaching Corps into Councils.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that although persistent effort has been made in the last three years to secure the general consensus of opinion of teachers in the attempts to simplify the course of study in the elementary and high schools, it is evident that on account of various and sundry causes such consensus has not been obtained.

The Superintendent further reports that a system of Teachers' Councils was established in 1899, largely in accordance with a plan presented by the present Superintendent of Schools, a plan which looked forward to a full expression of the judgment of principals and teachers on questions pertaining to courses of study, text books, departmental work, the duties and advancement of teachers and other educational topics; that these Councils were not productive of the general study of educational questions by the entire public school teaching corps was due in a large measure to their being organized and conducted independent of the Board of Education.

The Superintendent recommends that she be given authority to present a plan for the organization of the teaching corps into Councils for discussion of educational questions and for the election from these Councils of General Council which shall represent all classes of positions in the system, said General Council to be presided over by the Superintendent of Schools. The aim of this General Council to be the giving of expression or voice to the different attitudes and judgments of the teaching force, and to enable the Superintendent to become conversant at first hand with those attitudes and judgments.

Deny Request to Conduct Typewriting Class.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that a request has been received from a number of eighth grade pupils in the Belding School for the privilege of having a typewriting class, the rental of the machine to be paid for by voluntary contribution of ten cents per week from the members of the class.

The Superintendent recommends that the request be denied until the pupils have acquired facility and legibility in their penmanship, and the Board is ready without assessment of pupils to meet the expense in all eighth grade classes in elementary schools desiring instruction in typewriting.

(20025)

Award Prize—Marching Contest.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that recent observation of Tuskegee on the carriage of the students in walking, marching, standing for recitations, and working in the industries disclosed an excellence superior to that observed in any observed in any other high school or Normal College student body; that the excellence is due in her judgment, to marching out of doors, over long stretches of space, and in more rapid time than is customary in our high schools.

The Superintendent recommends that permission be given her to offer a school, not individual, prize of \$50 to the Normal College or high school that attains the highest degree of excellence during the present semester in marching out of doors a distance of one-half, the award to be determined by the Supervisor of Physical Education and his assistants.

(20026)

Adopt Swedish Book.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent

of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that it will take two months to secure a sufficient number of copies of "En Nerrgardssagen," by Selma Lagerlof, to supply the classes in Swedish at the Lake View High School.

The Superintendent therefore recommends that "Det Ringer," by the same author be adopted for use during the present semester. The book is published by Albert Bonnier in Stockholm, and is sold at 75 cents per copy.

(20027)

Correct Price of German Book Authorized for use in High Schools.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the price of sixty cents and forty-eight cents, respectively, for Gronow's "Jung Deutschland" as given in Report No. 19710, January 22, 1913, is in error; that the price should have been given as eighty-three cents and seventy-two cents.

The Superintendent recommends that the Proceedings of the Board be corrected accordingly.

(20028)

A BILL.

Schools of Agriculture.

For an Act to enable boards of education in cities having a population exceeding 100,000 inhabitants, to establish, maintain and conduct classes and schools for education and instruction in agriculture and kindred subjects, and providing for the payment of the cost of the establishment, maintenance and conduct of such schools and classes.

SECTION 1. *Schools of Agriculture.* Be It Enacted by The People of The State of Illinois, Represented in the General Assembly: That boards of education shall be empowered to establish, maintain and conduct classes and schools for education and instruction in agriculture and kindred subjects, for pupils residents of such cities.

SECTION 2. *Acquirement of Sites:* Such boards of education may acquire sites for such schools and classes anywhere within the counties in which said cities are situated in the same manner as is provided in the case of the acquirement of public school sites in said cities, and authority is hereby expressly granted for this purpose.

SECTION 3. Upon the selection and acquirement of any sites as aforesaid, such boards of education may proceed to secure plans and to contract for the erection of suitable buildings in which to furnish educational facilities, and for housing, maintaining and feeding such number of students as should in their judgment be suitably provided for; also, for the improvement of the land so as to make it available for the uses and purposes of the institution. These buildings shall be constructed upon the most improved plans for such use and shall be of sufficient capacity to accommodate such number of students as may in the judgment of said boards of education be deemed advisable, together with the necessary officers, teachers and attendants, and shall be provided with suitable buildings for stock judging, butter making and milk testing; and the said buildings used for such purposes shall be equipped with the necessary apparatus and machinery for carrying out the special instruction herein provided for and such other general instruction as may be deemed necessary.

SECTION 4. *Power of Board over Such Schools.* Any board of education establishing and maintaining such classes, school or schools, may also employ a supervisor and all other necessary officers, agents and teachers for such classes or schools, and shall prescribe the method of discipline and the course or courses of instruction therein, and shall exercise the same power and perform the same duties as are prescribed by

law for the establishment, maintenance and management of other classes and schools, and in addition thereto, shall have all powers necessary to carry the terms and provisions of this Act into operation and effect.

SECTION 5. Qualification of Teachers. No person shall be employed to teach any class in such school or schools, who shall not have first obtained a certificate of qualifications as provided by law for teaching in the common schools, and who shall not have received, in addition, instruction in the methods of teaching agriculture and kindred subjects for a period of not less than one year. All classes or schools maintained for education and instruction in agriculture and kindred subjects shall be established for the benefit of children between the ages of 13 and 21 years.

SECTION 6. Course of Study. Any board of education shall be, and it is hereby required to establish in said school or schools of agriculture, class or classes, a department or departments thereof, which shall provide short courses in agriculture, equipped and designed for the practical education of students, in both general and specific lines of farming, landscape gardening, horticulture and forestry. Said department or departments may offer special instruction to students, on soils, crops, fertilizers, manures, drainage, farm machinery, farm building; breeds of live stock, stock judging, animal diseases and remedies; production and handling of milk and cream, the manufacture of butter and cheese; the growth of fruits, berries, management of orchards, market garden and vegetable crops, and insects injurious to the various plants, diseases of plants; animal nutrition, including the use of forage crops, cereal grains, fine feeds, and all other matters pertaining to general and specific lines of farm practice.

SECTION 7. Any board of education establishing and maintaining such classes, school or schools, shall have the power to charge and collect from any pupils or scholars attending the same, such sum or sums of money for the cost of housing and feeding, as in their judgment may be deemed necessary, of said pupils or scholars. Provided, however, no such charge shall be made against, nor any collection from any pupil or scholar, which shall exceed the actual cost of providing shelter, dormitory facilities and food for said pupil or scholar.

SECTION 8. Construction and Interpretation of This Act. This Act shall be construed liberally and for the benefit of any child or children so becoming ward, pupil or student of such class, classes, school or schools, as provided in said Act herein.

SECTION 9. Invalidity of Portion of Act. That the invalidity of any portion of this Act shall not affect the validity of any other portion thereof, which can be given effect without such invalid part.

No objections having been made to any of the recommendations contained in the several reports submitted, on motion of Dean Sumner the reports were received and the recommendations contained therein were adopted, such adoption being declared to have been the action of the Board on each individual recommendation.

Yeas.—Dean Sumner, Messrs. Smietanka, Vincent, Lipsky, Harding, Mrs. MacMahon, Messrs. Dibelka, Sethness, Sonstebj, Kelly.

*Committee on Buildings and Grounds,
Board of Education of the City of
Chicago.*

GENTLEMEN:—

In condemnation proceeding Gen. No. 319,033, in the Circuit Court of Cook County, entitled "City of Chicago, in Trust for the Use of Schools, vs. Miriam L. Curtis,

et al," a trial has been had and verdict rendered.

In this proceeding, together with other property, lots twelve (12), thirty-one (31), thirty-two (32), thirty-three (33), thirty-four (34), thirty-five (35) and the south six (6) feet of Lot thirty-six (36) in Block two (2) in Delamater's Subdivision of the West half of the South East quarter of the North East quarter of Section thirty-four (34), Township forty (40) North, Range thirteen (13), East of the Third Principal Meridian, together with the improvements thereon, are condemned.

This property adjoins the William Penn Nixon School, Lot 12 having a frontage of 25 feet on No. 42nd Avenue, by a depth of 125.5 feet, to a 18 foot alley, and with a 16 foot alley on the north side thereof. The remaining lots have a frontage of 24 feet each on No. 41st Avenue, with a depth of 125.5 feet, to a 16 foot alley running north from Dickens Avenue, Lot 31 being the corner lot. They are all improved with brick and frame buildings. The jury awarded the respondent owners the following sums.

To the owner of and parties interested in Lot 12 aforesaid, together with the improvements thereon, the sum of.....	\$ 3,350.00
To the owner of and parties interested in Lot 31 and the south half of Lot 32 aforesaid, exclusive of the improvements thereon, the owner having purchased the same back for \$900.00, the sum of.....	5,100.00
To the owner of and parties interested in the north 12 feet of Lot 32 and the south 18 feet of Lot 33 aforesaid, together with the improvements thereon, the sum of.....	3,750.00
To the owner of and parties interested in Lot 34 and the north 6 feet of Lot 33 aforesaid, together with the improvements thereon, the sum of.....	5,300.00
To the owner of and parties interested in Lot 35 and the south 6 feet of Lot 36 aforesaid, together with the improvements thereon, the sum of.....	3 350.00
One Dollar (\$1.00) to each of three tenants, residing on said premises	3.00
Costs of suit	15.00

Total\$20,868.00

The verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$20,868.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said sum to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in Trust for the use of Schools, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report, is a blue print of the survey of the property in question.

Respectfully submitted,

(Signed) ANGUS ROY SHANNON.

Office and Business Employees Additional Help—Bureau of Repairs.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary recommending the employment of two additional wood-

working machine hands at the regular schedule of wages, and one lumber inspector at a salary not to exceed \$100.00 per month, and that the President of the Board of Education be authorized to request the Civil Service Commission to certify these men.

The Committee recommends concurrence in the above suggestions of the Secretary.

(20068)

*Additional Work—Authorize—Carpentry—
New Hyde Park High School.*

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that at the new Hyde Park High School, 62nd St. and Stony Island Ave., three additional doors to pipe spaces under corridor floors are required, for which Hanson Brothers, contractors for carpentry have submitted an estimate in the sum of \$73.25; that this price has been carefully checked and found reasonable and recommending that same be accepted and the work ordered done.

The Committee recommends concurrence by the Board in the above suggestion of the Secretary of the Board.

(20069)

*Additional Carpenter Work—Authorize—
Nicholas Senn High School.*

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that at the Nicholas Senn High School, Southport Ave. and Francis St., certain changes in carpenter work are required, for which Charles E. Barquist, contractor for carpentry at this school, has submitted bids as follows:

Changing floor in calisthenics room from yellow pine to maple	\$ 50.38
Drips in vent ridge of main roof	13.13
Doors, frames, sash, etc., for cold air intakes in blast chambers Nos. 5 and 6	165.00

\$228.51

Also credit memorandum for omitting two doors in library and wood floor in laundry.....\$ 66.51 leaving a net extra amount of \$162.00 and further stating that the above prices have been carefully checked and found reasonable and recommending that the same be accepted and added to the contract of Charles E. Barquist.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(20070)

Appropriation—Additional—George B. Swift School Building.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board

stating that an additional appropriation is required for the erection and completion of the George B. Swift School building, Winthrop and Thorndale Aves., and recommending that an additional appropriation of \$30,000.00 be made for this school building and that the President and Secretary be instructed to request the concurrence of the City Council in this action.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(20071)

Extra Work—Plumbing, Gas Fitting—Gage Park School Branch No. 2.

Your Committee on Buildings and Grounds reports that it has received from C. J. Boyd, contractor for plumbing, etc., in connection with the Gage Park School Branch No. 2, 45th St. and S. Albany Ave., bill in the sum of \$52.17, the same covering installation of lead water supply pipe which was not found to be at position as indicated on the plan. The bill has been checked and found to be reasonable, and inasmuch as the location shown on the plan was information obtained, your Committee recommends the issuance of voucher in favor of C. J. Boyd for the amount mentioned.

(20072)

Vouchers—Additional Work—Sundry Schools.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that contractors on sundry school buildings have submitted bills for additional work in connection with their contracts, as follows:

Clarke School—

Ashland Ave. and 13th St.
Frandsen Construction Co., contractors for structural iron work:

Changes in connection with structural iron work in old building	\$ 95.24
Emmons Electric Co., contractors for telephones and bells:	
Additional signal bells	52.00

Fulton School—

53rd St. and Hermitage Ave. W. A. Ludwigs, contractor for hardware:	
Additional hardware for assembly hall sliding doors	14.40

Kenwood School—

Lake Ave. and 50th St. Paschen Brothers, contractors for masonry:	
Additional mason work, cutting and bricking up openings, etc., in connection with addition to and alterations of old building	286.72

Morse School—

Sawyer Ave. and Ohio St. J. B. Noelle Co., contractors for painting and finishing:	
Painting burlap and painting wainscoting in office and paint-	

ing brick work in entry to toilet room	20.00
<i>Ravenswood School—</i>	
Paulina St. and Montrose Ave.	
South Halsted Street Iron Works.	
contractors for structural iron work:	
Cutting off ends of plates for dormer window; sawing off wardrobe hangers	8.40

and further stating that the above bills have been carefully checked and found reasonable, and recommending that same be accepted and ordered paid.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(20073)

Vouchers—Special—Ravenswood School Addition and Senn High School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that contractors on new school buildings have applied for special payments on the contracts which, if granted, will make the total payments in each case exceed 85% of the amount of work done; that each contractor has filed the customary affidavit and the approval of the bondsmen on the payment requested, and recommending that authority be granted to issue special vouchers, the amount then retained in each case being amply sufficient to complete the work yet to be done, as follows:

<i>Ravenswood School Addition—</i>	
Paulina St. and Montrose Ave.	
To Joseph Neunkirchen, on mason work	
	\$3,500.00

<i>Nicholas Senn High School—</i>	
Francis St. and Southport Ave.	
To Vierling Steel Works, on structural iron work	
	3,000.00

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(20074)

Vouchers—Issue Special—Plumbing and Gas Fitting—Clarke School.

Your Committee on Buildings and Grounds reports that it has received request from Murphy-Keeley Company, contractors for plumbing and gas fitting at the Clarke School Building, Ashland Ave. and 13th St., for payment in the sum of \$2700.00. This is in excess of the 85% allowed by the rules of the Board, but leaves a balance of \$341.33 which is more than ample to complete the unfinished portion of the work, and inasmuch as the Maryland Casualty Company agrees to the payment of this amount without waiving the obligations of its bond, your Committee recommends concurrence in the request of the above contractor.

(20075)

Equipment—Electrical—Forfeit Deposit and Reward Contract—Englewood High School.

Your Committee on Buildings and Grounds reports that it has received communication from the American Rotary Valve Company stating that error was made in submitting its bid on Item No. 4 One Compound Wound Direct Current Generator, for the Englewood High School, 62nd St. and Stewart Ave., in the sum of \$49.75 and asking to be released from the prosecution of the requirements. Your Committee recommends concurrence in the request of the contractor with the understanding that certified check in the sum of \$9.95 accompanying bid be declared forfeited; and further recommends on suggestion of the special committee examining this machinery, award of contract to the Diehl Manufacturing Company on this item, it being the next lowest bidder, in the sum of \$72.65.

(20076)

Plumbing and Gas Fitting—Demonstration Table—Authorize—Marshall High School.

Your Committee on Buildings and Grounds reports that demonstration table has been construed for installation at the Marshall High School Building, Adams Street and Spaulding Avenue, as authorized by the Board, Report No. 18652. This did not provide for extension of water, gas and other pipes which will require an expenditure of approximately \$150.00, and your Committee recommends that authority be granted to proceed with this work, the same being approved by the Superintendent of Schools.

(20077)

Supplies—Purchase of—Bureau of Repairs.

The Committee on Buildings and Grounds asks authority to instruct the Secretary to purchase the following supplies:

2335 ft. 1x10-16 yellow pine	\$ 62.99
16000 ft. 1x 4 clear yellow pine	480.00
1000 F'H bolts	35.00

*Electric Service—Extend Wiring—Foster
School Building.*

Your Committee on Buildings and Grounds reports that it has received proposition from the Commonwealth Edison Company in the sum of \$180.00 for extension of electric service underground to the Foster School Building, Union and O'Brien Sts., of sufficient capacity for interior wiring to insure adequate illumination. Your Committee recommends that the proposition be accepted with the understanding that payment therefor will be satisfied in accordance with the terms of existing contract which stipulates that current consumed during a period of two years applies towards the cost of line extension.

(20079)

*Allow Extra—Hanley-Casey Company—On
Account of its Contract—Plumbing and
Gas Fitting—Senn High School.*

Your Committee on Buildings and Grounds reports that it has received from Hanley-Casey Company bills for changes made at the Senn High School Building, Ridge and Francis Avenues, subsequent to the preparation of plans and specifications on which contract was awarded. In some instances additional gas openings were suggested by the Architect's department, in other cases the Principal and instructor suggested alterations to better insure compliance with conditions. In each instance the work has been thoroughly inspected and bills rendered checked and found to be reasonable, and your Committee recommends same be added to the original contract price, as follows:

Extra gas, metal crafts.....	\$26.12
Extending gas, Rooms 133-135, Bot- anical Laboratory	18.13
Extending gas, Room 144, Clay Mod- eling	11.14
Extending Gas Openings, Third floor.	40.85
Extending Gas to Room 148, Laundry	7.14
Extending Gas to Room 145, Print- ing Shop	7.14

Your Committee further reports that it was necessary to provide drain in transformer room for which bill has been submitted in the sum of \$21.19, and your Committee recommends that this also be added to the original contract price.

(20080)

*Request Granted—Chicago Telephone Com-
pany to Install Poles on Premises
at the Carpenter School Building.*

Your Committee on Buildings and Grounds reports that it is in receipt of communication from the Chicago Telephone Company submitting request for permission to place and maintain three poles with cable thereon on the Carpenter School premises, Center Ave. and Huron St., as indicated on sketch on file in the Bureau of School Engineering. Your Committee has investigated the matter and sees no objection to granting permission for the installation and maintenance of poles with the understanding that the same be not provided with ladder irons and will be removed from the premises at any time desired by the Board of Education on thirty days' notice, poles to be painted dark mineral red and any brick pavements which may be disturbed in the installation be replaced. With these stipulations your Committee recommends that the permission solicited be granted.

(20081)

*Contract—Accept Credit—Heat Regulation
—Morse School.*

Your Committee on Buildings and Grounds reports that it has received from the National Regulator Company credit memorandum in the sum of \$10.00, the same being for the omission of damper in the cold air intake in the assembly hall at the Morse School Building, N. Sawyer Ave. and Ohio St. Your Committee advises that after contract was awarded it was found that damper could be eliminated to the advantage of the Board of Education, and recommends the acceptance of credit memorandum in question.

(20082)

*Inspect Boilers by the Department for the
Inspection of Steam Boilers and Steam
and Cooling Plants of the City of Chi-
cago—Grant Authority.*

Your Committee on Buildings and Grounds reports that authority be granted to have the boilers in the various school buildings tested by the Department for the Inspection of Steam Boilers and Steam and Cooling Plants of the City of Chicago, and further recommends that the Acting Chief Engineer, under the direction of the Secretary, be given authority to have the necessary repairs made to boilers, heating apparatus, fire brick work, etc., as recommended by the Boiler Inspector, subject, of course, to the approval of the Committee on Buildings and Grounds.

(20083)

Office and Business Employes—Additional Janitor—Senn High School.

Your Committee on Buildings and Grounds reports that another janitor was employed at the Senn High School, Ridge and Francis Avenues, effective as of date February 7, 1913, on account of the opening of additional rooms, and your Committee recommends concurrence in the action taken with the understanding that salary be allowed therefor on the basis of \$60.00 a month; this making a total of three janitors employed at this building at the present time.

(20084)

Contracts—Award—Sundry Work—New Park Manor School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that bids on sundry branches of work in connection with the new Park Manor School building, Rhodes Ave. and 71st St., were opened by the Subcommittee February 26th, 1913, and recommending that contracts be awarded to the lowest bidders, as follows:

F. W. Lamb Co., steam heating..	\$11,260.00
Klipfel Manufacturing Co., heat regulation	1,365.00
Mathis Brothers Co., ventilation.	6,700.00
Murphy-Keeley Co., plumbing and gas fitting	10,475.00
Chicago Drainage Construction Co., sewerage	417.00

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(20085)

Contract—Award—Electric Work—Chicago Normal College Arts and Gymnasium Building.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that bids on electric work for the Chicago Normal College Arts and Gymnasium building, 68th St. and Stewart Ave., were opened by the Subcommittee February 26, 1913, and recommending that contract be awarded to the United Electrical Construction Company for electric work for this building, including six extra lantern plugs, in the sum \$8,220.00, they being the lowest bidders on electric work, including the six additional lantern plugs.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(20086)

Contracts—Award—George B. Swift School Buildings.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that bids on various branches of work in connection with the construction of the George B. Swift School building, Winthrop and Thorndale Aves., were opened by the Subcommittee February 26th, 1913, and recommending that contracts be awarded to the lowest bidders, as follows:

A. & E. Anderson Co., masonry.	\$53,447.00
James A. Hagan, cut stone.....	10,300.00
E. A. Rysdon & Co., sheet metal.	2,937.00
The Standard Roofing Co., composition roofing	1,539.00
Geo. E. Laubenheimer Co., structural iron	26,090.00
Dauchy Iron Works, iron stairs.	4,153.00
Henry Schrik Co., carpentry ..	17,742.00
John T. Driscoll, painting and finishing	2,017.00
H. M. Hooker Co., glass and glazing	1,100.00
National Fire Proofing Co., fire proofing	15,315.00
F. W. Lamb Co., steam heating.	11,620.00
Klipfel Manufacturing Co., heat regulation, (one pipe system).	1,235.00
Mathis Brothers Co., ventilation.	6,948.00
Murphy-Keeley Co., plumbing and gas fitting	11,900.00
Nilson Brothers, sewerage	249.00
The Kennicott Co., filters.....	867.00

and requesting further time in which to report on bids received on wire guards, hardware, plastering, concrete and asphalt floors, and further stating that the appropriation for this school building is \$175,000; that the total of the lowest bids, including approximate estimates on branches of work for which no bids have been received, is \$18,370.00 in excess of the appropriation, and that an additional appropriation will be required to complete this building.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(20087)

Contract—Release C. J. Boyd—Gas Stoves—Reaward Contract—Auburn Park and Libby Schools.

Your Committee on Buildings and Grounds reports that it has received communication from C. J. Boyd to whom contract was awarded for furnishing and connecting gas ranges at the Auburn Park School, Normal Ave. and 81st St., and at the Libby School, 62nd St. and Princeton Ave., stating that error was made in submitting bid and asking to be released from the prosecution of the contract. Your Committee recommends that the request of the contractor be concurred in, and further recommends that contract be awarded to W. W. Watson in the sum of \$58.00 at

the Auburn Park School, he being the next lowest bidder; and that the action awarding contract to W. W. Watson in the sum of \$57.00 for the work at the Libby School be concurred in as this was determined on the toss of a coin, necessitated on account of the bids being received from W. W. Watson and John Deiehant in this amount.

(20088)

Contract—Extra Work—Lead Lining of Gutters—Lane Technical High School.

Your Committee on Buildings and Grounds reports that contract was heretofore awarded to W. W. Watson for relining chemical tables at the Lane Technical High School, Sedgwick and Division Streets. After proceeding with the work as specified and in disconnecting the tables it was found that the lead lining of the gutters in connection with sink was in need of repairs. Fourteen gutters were found to be in this condition and W. W. Watson submitted proposition for the necessary relining in the sum of \$88.00, which was checked and found to be reasonable and contractor notified to proceed with the work at once as the same could be proceeded with to the advantage of the Board while disconnected, and your Committee asks concurrence in the action taken.

(20089)

Contract—Award of—Water Filters—Harrison Technical High School Building.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for the installation of water filters in connection with the new Carter H. Harrison Technical High School Building, Marshall Blvd and 23rd Place, now in course of erection, and recommends award of contract to the Kenicott Company, it being the lowest bidder, in the sum of \$867.00.

(20090)

Contract—Extra Work—Heat Regulation—Howland School.

Your Committee on Buildings and Grounds reports that it has received from the Klipfel Manufacturing Company bill in the sum of \$20.00 covering the installation of attic damper necessary for heat regulation at the Howland School, Spaulding Ave. and 16th St. Your Committee further reports that this damper was not included in the original specifications but was found subsequently to be necessary, and the Klipfel Manufacturing Company was notified to proceed with its installation for which bill has been received. This bill has been checked and found to be reasonable, and your Committee recommends that it be added to the original contract price.

(20091)

Equipment—Electrical Shop—Lake High School Building.

Your Committee on Buildings and Grounds reports that, as per authority 19115, specifications have been prepared and bids received for switchboard, motors and generator at the Lake High School, W. 47th Pl. and Union Ave. The bids were submitted to a special committee consisting of the instructor who is to use the machines and the Principal of the Lake High School, and your Committee recommends concurrence in the suggestions of the Special Committee as follows:

Switchboard, J. Lang Electric Company in the sum of \$317.00, it being the lowest bid.

Item No. 1. One volt meter with Standard sliding base rail and starting rheostat (Roth), Roth Brothers & Company\$ 45.00

This bid is selected for the reason that it is one of the low bids and covers the installation of motor similar to a number of motors in satisfactory operation at the Lake High School.

Item No. 2. Two 1 h. p. single phase motors, etc., (Century), American Rotary Valve Company, it being the lowest bidder in the sum of\$117 00

Item No. 3. One 5 k. w. generator (Fort Wayne), Fort Wayne works of the General Electric Company, in the sum of.....\$120.90

This is not the lowest bid, but it covers acceptance of apparatus conforming nearer to the specification requirements than any other machine upon which bids were received.

Your Committee further reports that the above recommendation presents an expenditure of \$599.98. The original amount appropriated was \$502.50, and your Committee recommends therefore, the appropriation of an amount to cover this difference with the understanding that the same be charged, as in the original instance, to the Permanent Improvement Account.

Condemnation Proceedings—Counter Offers

—New School Site—Ridgeway Ave.,
Douglas Blvd., Lawndale Ave.
and 15th Street.

The Committee on Buildings and Grounds reports that it has received from the Secretary a communication which states that in accordance with the action of this Committee upon the recommendations of the Sub-Committee on Sites, February 28, 1913, the owners of property described herein have been requested to file proposals of sale of same to the Board of Education to be used for school and playground purposes.

The property under consideration is described as follows: The South 3 feet of lot Two (2) and all of lots 3 to 12 both inclusive; also the South 3 feet of lot 14 and all of lots 15 to 24, both inclusive, in Block One (1) in Bonds' Addition to Chicago, a sub-division of the West one-half ($\frac{1}{2}$) of the Southeast one-quarter ($\frac{1}{4}$) of the Northwest One-quarter ($\frac{1}{4}$) of Section 23, township 39 north, range 13, east of the Third Principal Meridian, having a frontage of 503 feet on S. Ridgeway Ave., and 503 feet on S. Lawndale Ave., by a depth of 125 feet, in each instance, N. E. and N. W. corner of W. 15th St., respectively, south of Douglas Blvd.

Proposals of sale have been filed as follows:

The East 122 feet of the South 5 feet of the North 47 feet of lot 2. Robert Burns and Leslie C. Hughes	\$ 7,000.00
The South 8 feet of lot 14 and lots 15, 16, 17, 19 and 20. Leslie C. Hughes	17,250.00
Lot 18. Leslie C. Hughes and Josephine Hughes	3,000.00
The South 18 feet of lot 21 and all of lot 22. Fred A. Gatterdam	3,750.00
Lots 23 and 24. Harry Levitan.	13,500.00
The North 32 feet of lot 21. William Moffat	7,500.00
Lot 8 and the North half of lot 9. Max Bernstein & Co.....	8,625.00
The South half of lot 9 and all of lot 10. Adolph Ball.....	9,000.00
Lots 6, 7, 11 and 12. Joseph R. Weisskopf	25,028.75

The Committee further reports that it is of the opinion that the prices asked are excessively high, and recommends that the Secretary be directed to notify said owners in writing that should they desire to submit amended proposals for the sale of said property, for a lesser amount, the Board will give such amended proposals consideration.

(20097)

*Lease—Renewal of—And Additional Room
—Age and School Certificate Office.*

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board recommending that the lease of Rooms 204

and 205 in the Morton Building, occupied by the Age & School Certificate Office, be renewed for another year from May 1, 1913, upon the same terms and conditions as heretofore, namely, \$17.50 per month, and also recommending the leasing of a room adjoining the present quarters, which is desired by the Education Department for the work of Vocational Guidance, lease of said room to date from the signing of same and to expire April 30, 1914, at a rental of \$22.50 monthly, with the privilege of renewal for one year at the same rate.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary.

(20098)

Correct Error in Conveying Property to the Board—Field School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board, stating that at the time of the condemnation proceedings whereby additional property was acquired at the Eugene Field School premises, there was ordered acquired and there was taken under condemnation proceedings with other property, the west 45 feet of Lot 15 in Block 28 in Rogers Park, being a sub-division of the North-east one-quarter, and that part of the north-west quarter lying east of Ridge Road in Section 31; also the west one-half of the north-west quarter of Section 32; also all of Section 30, North Range 41 east of the 14th Principal Meridian, lying south of the Indian boundary line;

that at the time of acquiring said property in said proceedings, the Attorney was able to obtain a quit-claim deed for the premises, and by mistake the owner of Lot 15 aforesaid conveyed the entire lot instead of the West 45 feet thereof to the City of Chicago in trust for the use of schools, and by so doing clouded his title to the East five feet of said lot. He is now selling the east five feet of Lot 15, together with all of Lot 16 which adjoins it, and now it is necessary that a deed be given by the City of Chicago in trust for the use of schools to him.

The Committee has considered said communication, and recommends that the Board order a quit-claim deed to the east five feet of Lot 15 aforesaid be executed to Joseph Cummins, the owner thereof, and that the President and Secretary be and they are hereby directed to request the execution of said deed by the Mayor and City Clerk.

No objections having been made to any of the recommendations contained in the several reports submitted, on motion of Mr. Sethness the reports were received and the recommendations contained therein were adopted, such adoption being declared to have been the action of the Board on each individual recommendation.

Yeas.—Dean Sumner, Messrs. Smietanka, Vincent, Lipsky, Harding, Mrs. MacMahon, Messrs. Dibeika, Sethness, Sonstehy, Kelly, Rothmann, Loeh, Dr. Warning and Mr. Huttman. 14.

MISCELLANEOUS BUSINESS.

Under the head of Miscellaneous Business the Secretary stated that he had received a letter from Mr. D. R. Cameron in which he requested him to convey to the members of the Board, the Superintendent of Schools, and the employees, his most cordial greetings and saying that he was much improved in health.

On motion of Mr. Sonstebly the remembrance from Mr. Cameron was received and the Secretary was instructed to acknowledge the greetings on behalf of the members of the Board.

On motion of Mr. Kelly the Board adjourned.

L. E. Larson
Secretary.

BOARD OF EDUCATION

SPECIAL MEETING

OFFICIAL REPORT

CHICAGO, MARCH 17th, 1913

The Vice President, Mr. Huttman, took the chair and the meeting being called to order there were then

Present—Messrs. Urion, Smietanka, Vincent, Lipsky, Harding, Mrs. MacMahon, Dibelka, Sonstebj, Loeb and Huttman. 10.

Absent—Mr. Cameron, Dean Sumner, Messrs. Sears, Sethness, Kelly, Rothmann, Dr. McFatrish, Dr. Warning and Mr. Reinberg. 9.

The Vice President, Mr. Huttman, stated, "Death has again invaded the membership of the Board and this time claimed our associate member, Mr. Charles F. Erikson, and we have called this meeting to make proper arrangements for the members to attend the funeral, and take such other steps as may be necessary."

Mr. Sonstebj: I do not recall that I have ever received such a shock as I received yesterday morning when I was informed of the death of Mr. Erikson. While I have known for some time that he was not well, I did not realize how dangerously ill he was.

In the short time that Mr. Erikson was a member of the Board of Education he gave to it the sterling qualities of the Swedish people, he being a native of Sweden and adopted son of the United States. He gave to the Board the very best that was in him, and I know from conversations with him that he was planning to take a very active part in maintaining the very high ideals set for the public school system. His life was an active one and he gave to his public duties the same careful, painstaking consideration he gave to his private business.

It is with sincere regret that I take up the duty of making the necessary motions to secure the proper observance by the school system of the death of Mr. Erikson. I think it is fitting that the offices of the Board of Education be closed on the afternoon of the funeral; that the flags on all school buildings be placed at half mast for a period of ten days, and that a committee be appointed to draft suitable resolutions to be presented to the Board of Education at its next meeting.

I, therefore, regretfully move that the members of the Board of Education in a body attend the funeral of Mr. Erikson; that the offices of the Board of Education be closed at 12 o'clock noon on the day of the funeral; that the flags be placed at half mast on all school buildings for ten days; that a floral piece be sent to Mr. Erikson's late home as a tribute from the Board; that a committee of three be appointed to draft suitable resolutions, and that it be the sense of this meeting that the regular meeting of the Board of Education Wednesday, March 19, 1913, be adjourned without transacting business, to meet in adjourned session Thursday, March 20, 1913, at 4 o'clock p. m.

Seconded by Mr. Harding and so ordered.

The Chair appointed Messrs. Sonstebj, Sethness and Rothmann as a special committee to draft suitable resolutions.

The Board adjourned.

LEWIS E. LARSON
Secretary.

BOARD OF EDUCATION

REGULAR MEETING

OFFICIAL REPORT

CHICAGO, MARCH 19th, 1913

In the absence of the President, the Vice President, Mr. Huttmann, took the Chair and the meeting being called to order there were then

Present—Messrs. Urion, Lipsky and Huttmann. 3.

Absent—Mr. Cameron, Dean Sumner, Messrs. Smetanka, Sears, Vincent, Harding, Mrs. MacMahon, Messrs. Dibelka, Sethness,

Sonsteby, Kelly, Rothmann, Dr. McFatrigh, Mr. Loeb, Dr. Warning and Mr. Reinberg. 16.

A quorum not being present it was decided to adjourn the meeting until Thursday, March 20, at 4 p. m.; and the meeting so adjourned.

LEWIS E. LARSON.

BOARD OF EDUCATION

ADJOURNED REGULAR MEETING

OFFICIAL REPORT

CHICAGO, MARCH 20th, 1913

In the absence of the President, the Vice President, Mr. Huttman took the Chair and the meeting being called to order there were then

Present—Mr. Union, Dean Sumner, Messrs. Vincent, Lipsky, Harding, Mrs. MacMahon, Messrs. Dibelka, Sethness, Sonstebly, Kelly, Rothmann, Loeb and Huttman. 13.

Absent—Messrs. Cameron, Smietanka, Sears, Dr. Warning, Dr. McFatrigh and Mr. Reinberg. 6.

Correction of Minutes.

It was ordered that the proceedings of March 5, 1913, Report No. 20025 be corrected by striking out the repetition of the words "in any observed" in the second paragraph of said report, and by inserting in the third paragraph after the word "one-half" the word "mile."

Also correcting the spelling of the names in Report No. 19992 of February 24, 1913, page 914 under the Division of "Bureau of Architecture, as follows: "Hussander"; take out the word "chief" after the name of Louis A. Lang; "Clarcoachi. Salvador" "Sima."

On motion of Mr. Kelly the corrections were so ordered.

Approval of Record of Proceedings of March 5, 1913 and of February 24, 1913.

On motion of Mr. Kelly the reading of the record of the regular meeting held March 5, 1913 was dispensed with and the record thereof as printed, was approved, together with the records of the meeting held February 24, 1913, action on which had been deferred owing to the copies not having been received from the Printers.

Mr. Mortenson further reports that the following named boys who were released on parole, have attended school regularly since the date of their release, according to reports received from the principals of the schools to which they were assigned, and their conduct has proven satisfactory:

Robert Frankfourth.
Frank Garand.
Joseph Krause.
Andrew Mayernick.
Sam Mendelson.
Garrett O'Shaughnessy.
August Ptack.
Charles Shur.
John Sparrow.
Barney Shoeman.

I respectfully ask concurrence in the recommendation of Mr. Mortenson.

Yours very truly,
HENRY W. HUTTMANN,
Vice President.

On motion of Mr. Kelly, seconded by Judge Vincent the action of the Vice President was concurred in.

STANDING COMMITTEES

The Chair stated that, in case no objection was made by any member present, it was agreed that the reports of the several Standing Committees be sent to the desk of the Secretary in the order of the committees, as provided for in the regular order of business; that they be read by the Secretary, and in case no objection is made during the reading thereof, that at the conclusion of the reading of the reports of each Committee a vote be taken on the acceptance of the reports submitted, and the adoption of the recommendations contained therein as a whole; if during the reading of such reports any objection is made to any report or any part of any report presented, such report or reports objected to shall be passed and the consideration thereof taken up separately.

(20113)

Grant Leaves of Absence to Principals Without Loss of Pay.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that a request has been received from Mrs. Harriette T. Treadwell, Principal of the West Pullman School to be absent on the afternoon of March 24 to give an address before the Irving Park Women's Club, and from Mr. E. L. C. Morse, Principal of the Phil Sheridan School to be absent March 14 to attend a meeting of the Western Economic Association. The Superintendent further recommends that these requests be granted without loss of pay.

The Superintendent further recommends that Lillian Bruce, Instructor in Physical Education in the Chicago Normal College, be given a leave of absence for two weeks, without loss of pay, from March 24, to April 4, 1913, to attend the National Physical Education Convention in Newark, and to visit schools in New York and Boston, in connection with the equipment of the new gymnasium: provided there is no expense to the Board of Education.

The Superintendent further recommends that Mary C. Lewis, teacher in the Bowen High School, be given leave of absence without loss of pay to attend the meeting of the Classical Association of the Middle West and the south in Indianapolis, provided there is no expense to the Board of Education.

(20114)

Grant Leave of Absence to Supervisor of Physical Education.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools:

The Superintendent of Schools presents the following communication from the Supervisor of Physical Education:

"I herewith respectfully ask for three months' leave of absence without loss of salary, for the purpose of studying systems of physical education in those European countries where this branch of our school curriculum is the most advanced. In recent years, countries across the sea have done a great deal to promote this important work, and I greatly desire that our schools may profit by their experience and advancement.

From time to time, countries such as England, France, Germany, Sweden and Japan have sent representatives to the United States to study other systems of education than their own. If the Board should be willing to assist in the payment of my travelling expenses, I should much appreciate it, and I kindly ask you to approve and recommend my leave of absence.

Although it is six months before my departure, I am asking this favor now, because if my request should be granted, there are many things to attend to so that the department may not suffer during my absence.

Hoping my request will meet your approval, I am,"

The Superintendent recommends that the leave of absence be granted.

The Committee recommends that leave of absence be granted, but the question of leave of absence without loss of pay and of payment of expenses be denied.

(20115)

Grant Leave of Absence to Supervisor of Household Arts.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools presents the following request from the Supervisor of Household Arts in the Elementary and High Schools:

"I respectfully ask for leave of absence during the school months of April, May and June, and the vacation month of July.

I regret the interruption of my work, but I feel that investigation of European schools will be highly beneficial to the work in Household Arts and Science in the public schools in Chicago."

The Superintendent recommends that leave of absence be granted.

(20116)

Organize Council of Heads of Teaching Force.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that all members of the teaching force of the City of Chicago be organized into Group Councils for the discussion of educational questions, and for the election from these Group Councils of a General Council, which shall represent all classes of positions in the system; said General Council to be presided over by the Superintendent of Schools.

The Superintendent further recommends that the organization into Group Councils shall be as follows:

Group
Councils.

Teachers in Elementary Schools....	30
Principals in Elementary Schools....	8
Teachers in High Schools.....	8
Principals of High Schools.....	2
Assistant and District Superintendents	3
Teachers of Household Arts.....	4
Teachers of Physical Education....	4
Teachers of Manual Training.....	4
Special Teachers of Music and Teachers of Music in Normal College and in High Schools.....	2
Special Teachers of Art and Teachers of Art in Normal College and in High Schools	2
German	1
Faculty of Normal College.....	3
Supervisors of Manual Training and of Household Arts in High Schools and in Elementary Schools, the Child Study Department, and the Supervisor of Physical Education	1
Teachers of Special Classes.....	2

That each group upon assembling for its first meeting each year, shall by electing a chairman and a secretary and adopting its own rules of procedure, effect an organization that shall be permanent for one year.

That each of these groups shall elect one delegate to the General Council, who shall serve during the current school year: provided, in case the differences in points of view are too decided to be presented by any one person, then the Group Council shall elect two delegates to the General Council.

That the General Council shall consist of delegates from the Group Councils, to be elected as heretofore provided.

The Group Councils shall meet at 1:30 p. m., on the second Friday of the School months of October and February of each year, and at other times at the call of the Superintendent of Schools.

The General Council shall meet at 10:30 o'clock on the Saturday morning following the Group Council meetings, in the Assembly Room of the Board of Education.

The aim and purpose of the Group Councils and the General Council shall be to give full and free expression or voice to the different attitudes and judgments of the teaching force, on questions pertaining to Coursés of Study, Text-books, Departmental Work, Duties and Advancement of Teachers, and the General Study of educational questions by the entire public school teaching corps, and to enable the Superintendent to become conversant at first hand with these attitudes and judgments.

The subjects for consideration by the Group Councils and the General Council may be proposed by the Superintendent of Schools, or the General Council, or any one of the Group Councils."

(20117)

Close Schools on Good Friday.

The Committee on School Management recommends that, owing to the large number of teachers and pupils who will be absent from school on "Good Friday," March 21, 1913, the schools be ordered closed for that day.

(20118)

Grant Request of the Woman's City Club of Chicago to Send Circulars to Public Schools with Reference to City Clean-up Campaign.

The Committee on School Management reports that it is in receipt of a request from the Woman's City Club of Chicago, asking permission to send circulars to the public schools requesting the co-operation of Principals, Teachers and pupils, in the City Clean-up Campaign, now being conducted by the Woman's City Club.

The Committee recommends that the request be granted under the direction and control of the Superintendent of Schools.

(20119)

Report of Fire at Motley School.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools:

The Superintendent of Schools submits the following report from District Superintendent Hitch, regarding a fire at the Motley School on Tuesday afternoon, March 11, 1913.

"At the Motley School this afternoon, just after the pupils had returned to their rooms after recess, the boys who ring the signals in the office discovered a fire in the wardrobe adjoining the library. The principal was absent from the building. The boys of their own initiative gave the signal for fire drill, and the teachers and pupils left the building in perfect order and without accident.

This is the most severe test of our fire drill that has come to my notice as the building filled with smoke rapidly, and even on the third floor the smoke was quite noticeable, and the pupils waited their turn at the teachers' direction without any semblance of panic or disorder.

The work of the school will not be interfered with. The fire department subdued the blaze without its spreading to any other room than the library. Mr. Magill of the Repair Department came while I was there and estimated the damage at about four or five hundred dollars."

The Superintendent further reports that the Head Assistant, who had charge of the school in the absence of the Principal, was present and gave the boys the directions for the signals. The Principal was absent attending a funeral as the representative of the teachers of the Motley School.

(20120)

*Kindergarten in Stock Yards Settlement—
Continue for One Year.*

The Committee on School Management recommends that the Kindergarten now conducted by the Board of Education in the Stock Yards Settlement be continued for one year with the understanding that at the close of the year it will be removed and will no longer be supported by the Board of Education.

(20121)

*Announce Proposition of Boston Store to
Sell Sycamore Seedling Trees to Pup-
ils for Planting on Arbor Day.*

The Committee on School Management reports that it is in receipt of a proposition from the Boston Store to the effect that they will sell Sycamore Seedling trees for planting on Arbor Day to pupils of Chicago public schools at one cent each.

The Committee recommends that those teachers and principals who so desire may announce this sale to their pupils and may then notify the Boston Store of how many trees are needed for their respective schools.

(20122)

*Accept Offer of the Chicago Chapter of the
Daughters of the American
Revolution.*

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that a communication has been received from the office of the Chicago Chapter of the Daughters of the American Revolution to present to the high school libraries a group of books, preferably of a historical character. The offer is accompanied by a statement that it is the expectation of that organization to appropriate at least \$50.00 each year for the purpose mentioned.

The Superintendent recommends that the offer be accepted with the understanding, as suggested in the letter, that the books selected be approved by the Superintendent of Schools, and that the Secretary be instructed to send a letter to the Daughters of the American Revolution expressing the thanks of the Board of Education for the generous contribution.

*Report on Election of Assistant and Dis-
trict Superintendent Deferred.*

Judge Vincent moved that Report No. 20104 in reference to the election of Assistant and District Superintendent be placed in the omnibus.

Seconded by Mr. Loeb.

Mr. Sonstebj raised the point of order that his object in deferring action temporarily was for the purpose of having a separate roll call, and that no report could be placed in the omnibus without the unanimous consent of the members present.

The Chair declared the point of order well taken.

Judge Vincent withdrew the motion to adopt the report, and Mr. Loeb withdrew his second to the motion.

No objections having been made to any of the recommendations contained in the several reports submitted, except Report No. 20104, action on which was deferred temporarily on motion of Mr. Sonstebj. On motion of Dean Sumner the reports were received and the recommendation contained therein were adopted, such adoption being declared to have been the action of the Board on each individual recommendation.

Yeas—Mr. Urien, Dean Sumner, Messrs. Vincent, Lipsky, Harding, Mrs. MacMahon, Messrs. Dibelka, Sethness, Sonstebj, Kelly, Rotbmann, Loeb and Huttman. 13.

Committee on Buildings and Grounds, Board of Education of the City of Chicago.

GENTLEMEN:

In condemnation proceeding Gen. No. 319, 625 in the Circuit Court of Cook County, entitled "City of Chicago, in Trust for the Use of Schools, vs. Bridget Johnstone, et al," a trial has been had and verdict rendered.

In this proceeding Lots twelve (12), thirteen (13) and fourteen (14) in Parmly's Subdivision of that part of the north 10 rods of the south 35 rods of the East half of the South East quarter lying east of the Chicago Rock Island & Pacific Rail-

road, Section four (4), Township thirty-eight (38) North, Range fourteen (14), East of the Third Principal Meridian, and Lots six (6), seven (7), eight (8), nine (9), ten (10) and "B" in the Subdivision of the north 10 rods of the south 45 rods of the South East quarter of the South East quarter of Section four (4) aforesaid, together with the improvements thereon, are condemned. Said Lots 12, 13 and 14 have a frontage of 24 feet each on So. Dearborn Street, Lots 8, 9, and 10 have a frontage of 25 feet each on said So. Dearborn Street, and Lot "B" has a frontage of 30 feet on said So. Dearborn Street, all with a depth of 100 feet, to a 16 foot alley, and adjoin the Colman School premises. The jury awarded the respondents the following sums:

To the owner of and parties interested in Lot 12 aforesaid, together with the improvements thereon, the sum of...	\$ 3,025.00
To the owner of and parties interested in Lot 13 aforesaid, together with the improvements thereon, the sum of...	3,725.00
To the owner of and parties interested in Lot 14 aforesaid, together with the improvements thereon, the sum of...	2,800.00
To the owner of and parties interested in Lot 6 aforesaid, together with the improvements thereon, the sum of...	3,650.00

*Request Granted—West Pullman School
Annex—Religious Meetings.*

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that a request has been made by Rev. W. E. Hopkins, Pastor of the First Baptist Church of West Pullman, to use the annex to said building one hour on Sunday afternoon to instruct the children who are too young for morning Sunday School Services, and whose ages will not permit them to be out evenings to assist in the evening service. The Pastor, who is paying the rate charged by the Board for the use of the building on Sunday mornings has asked that no charge be made for the use in the afternoons in consideration of which he agrees to be personally responsible for the premises while same are being used under his direction.

The Committee reports that it has considered this request and recommends that the suggestion of the Secretary that the Pastor be permitted to use the building under these conditions without additional charge be granted by the Board.

Payment for Property Adjoining the Pulaski School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board relative to proceedings to condemn certain property therein described for school purposes adjoining the Pulaski School premises, Lot 36 having a frontage of 24 feet on Coblenz Street by a depth of 100 feet to a 16 foot alley, Lot 34 having a frontage of 28 feet on the same street by the same depth and Lot 24 having a frontage of 28 feet on Lubeck Street by a depth of 100 feet to a 16 foot alley, a copy of which communication is hereto attached and made a part hereof.

The Committee recommends that a warrant be drawn to the order of the County Treasurer of Cook County in the sum of \$9,154.00 in accordance with the recommendation contained in said communication from the Attorney of the Board.

March 11, 1913.

Committee on Buildings and Grounds, Board of Education of the City of Chicago.

GENTLEMEN:—

In condemnation proceedings Gen. No. 319, 029 in the Circuit Court of Cook County, entitled "City of Chicago, in Trust for the Use of Schools, vs. Joseph Majewski, et al.," a trial has been had and verdict rendered.

In this proceeding Lots twenty-four (24), thirty-four (34) and thirty-six (36) together with other property, in Block eighteen (18) in Holstein, a Subdivision of the West half of the North West quarter of Section thirty-one (31), Township forty (40) North, Range fourteen (14) East of the Third Principal Meridian, together with the improvements thereon, are condemned. Said Lot 36 has a frontage of 24 feet on Coblenz Street, by a depth of 100 feet to a 16 foot alley; said Lot 34 has a frontage of 28 feet on the same street by the same depth, and lot 24 has a frontage of 28 feet on Lubeck Street, by a depth of 100 feet, to a 16 foot alley, and adjoin the Pulaski School. The jury awarded the respondent owners the following sums:

To the owner of and parties interested in Lot 24 aforesaid, together with the improvements thereon, and including the private interest in the public alleys abutting said premises, the sum of	\$ 2,750.00
To the owner of and parties interested in Lot 34 aforesaid, together with the improvements thereon, and including the private interests in the public alleys abutting said property, the sum of	4,000.00
To the owner of and parties interested in Lot 36 aforesaid, together with the improvements thereon, and including the private interests in the public alleys abutting said property, the sum of	2,400.00
One Dollar (\$1.00) to the tenants residing on said premises	1.00
Costs of suit.....	3.00

Total\$ 9,154.00

This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$9,154.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said sum of \$9,154.00 to the County Treasurer, a good title to the above described property will vest in the city of Chicago, in Trust for the Use of Schools, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report, is a blue print of the survey of the property in question.

Respectfully submitted,

(Signed) A. R. SHANNON,

Attorney.

*Payment for Property Adjoining the
Beidler School.*

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board relative to proceedings to condemn certain property therein described for school purposes adjoining the Beidler School premises, each lot having a frontage of 25 feet on Walnut Street by a depth of 150 feet to a 16 foot alley, a copy of which communication is hereto attached and made a part hereof.

The Committee recommends that a warrant be drawn to the order of the County Treasurer of Cook County in the sum of \$8,509.00 in accordance with the recommendation contained in said communication from the Attorney of the Board.

March 11, 1913.

*Committee on Buildings and Grounds,
Board of Education of the City of Chicago.*
GENTLEMEN:—

In condemnation proceeding Gen. No. 319, 028 in the Circuit Court of Cook County, entitled "City of Chicago in Trust for the Use of Schools, vs. Douglas, et al," a trial has been had and verdict rendered.

In this proceeding Lots two (2) and four (4), together with other property, in Block three (3) in Runyan and Others Subdivision of Block eight (8) of Lee and Others Subdivision of the South West quarter of Section twelve (12), Township thirty-nine (39) North, Range thirteen (13), East of the Third Principal Meridian, together with the improvements thereon, are condemned, said property adjoins the Beidler School, and each lot has a frontage of 25 feet on Walnut Street, by a depth of 150 feet, to a 16 foot alley. The jury awarded the respondents the following sums:

To the owner of and parties interested in Lot 2 aforesaid, together with the improvements thereon, the sum of....	\$ 5,500.00
To the owner of and parties interested in Lot 4 aforesaid, together with the improvements thereon, the sum of....	3,000.00
One Dollar (\$1.00) to each of three tenants, residing on said premises	3.00
Costs of suit	6.00

Total\$ 8,509.00

This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$8,509.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said sum to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in Trust for the Use of Schools, for the uses and purposes set forth in the petition in said cause.

Accompanying this report, is a blue print of the survey of the property in question.

Respectfully submitted,
(Signed) A. R. SHANNON,
Attorney.

Census Supervisor—Temporary Employment of.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board submitting a request from W. L. Bodine, Superintendent of Compulsory Education, for the renewal of authority for the temporary employment of Elvira Sonstehy as Census Supervisor for a period of eight weeks and recommending that the request be granted.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary.

(20190)

Outbuilding—Rental of—Mayfair School Property.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board submitting a proposition from W. F. Kaiser & Company, 105 West Monroe Street, to rent an outbuilding which is on the old Mayfair School property at 44th and Lawrence Avenues, for the sum of \$5.00 a month on a one year lease, the lessee to move the building out to the sidewalk and give same a general overhauling with the understanding that the entire expense of moving and remodeling will be paid by the lessee, and recommending that the above offer be accepted subject to termination on ninety days' notice from the Board of Education.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary.

(20191)

School Board Journal—Renew Subscription.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board submitting a bill from the American School Board Journal for one year's subscription to the School Board Journal for the year ending December 1913 for use in the Secretary's Dept. and recommending payment of same in the sum of \$1.00.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(20192)

Portable Building—Provide—69th Avenue and Wellington Street.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools stating that there is need of additional School facilities in the neighborhood of 69th Avenue and Wellington Street and further stating that most of the pupils in this vicinity are attending either the Mont Clare Branch of the Lloyd School or the Dunning School on 64th Avenue and Addison Street, and recommending that before the begin-

ning of School in September, a portable building be placed in this locality for the accommodation of the younger children.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(20193)

*Laborers—Continue Temporary Employment
—Supply Department.*

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board recommending that the authority previously granted for the temporary employment of six 60 day appointees and six additional laborers to assist in moving from the old to the new Supply Department be renewed so that their services may be continued up to and including March 29, 1913.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary.

(20194)

Use of Vacant School Grounds for Baseball Purposes.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board submitting a letter from the Principal of the May School calling attention to the fact that permits have been issued for several years past to the Forest Athletic Association for the use of the grounds at 50th Avenue and Van Buren Street for baseball purposes, and suggesting that this permit be renewed for the current year and recommending that the request be granted, with the understanding that the applicants shall be personally responsible for all damage to school property.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary.

(20195)

*Sign Frontage Consent for Establishing
Building Line on West Jackson
Street.*

The Committee on Buildings and Grounds reports that at the meeting of the Board of Education held February 24, 1913, Report 19979 was adopted recommending that the Board of Education sign frontage consent for the establishing and maintaining of a building line 15 feet north of the north line and 15 feet south of the south line on Jackson Street, said consent to be executed only when all the remainder of the property in question has been signed for.

The Committee further reports that it is in receipt of a verbal report from the Attorney of the Board to the effect that it is impossible to obtain the signatures of all the property in question but that about two-thirds of the property owners have signed said frontage consent and further stating that he is informed that if the Board of Education will sign frontage consent for the establishment of said build-

ing line, the West Chicago Park Commissioners will take, regulate and improve as a boulevard west Jackson street between the east line of Hamlin Avenue and the west line of Central Avenue and recommending that, in view of the above representations, the Board of Education authorize and direct its President and Secretary to sign frontage consent on behalf of the Board of Education for the establishment of the building line above referred to.

The Committee recommends concurrence by the Board in the above suggestions of the Attorney.

(20196)

*Erection of Old Peoples' Home—Grant
Consent.*

The Committee on Buildings and Grounds reports that it is in receipt of a verbal request from Mr. Isham Randolph that the Board of Education give its consent to the erection of an Old Peoples' Home at the Northwest corner Ingleside Avenue and 54th Street, the north line of said property being within 366 feet of the property occupied by the Kosminski School, said request being made in view of an ordinance passed by the City Council which prohibits the erection of a hospital within 400 feet of a public school building. Mr. Randolph stated that the building referred to is in no sense a hospital inasmuch as only persons in perfect health are admitted. In view of a verbal report to the Committee that the Superintendent of Schools and the Principal of the Kosminski School can see no objection to the erection of the building referred to, the Committee recommends that if Mr. Randolph can secure the consent of the majority of the property owners in this locality, the Board of Education interpose no objection to the erection of the Old Peoples' Home on the site above referred to.

No objections having been made to any of the recommendations contained in the several reports submitted, on motion of Mr. Sethness the reports were received and the recommendations contained therein were adopted, such adoption being declared to have been the action of the Board on each individual recommendation.

FINANCE

Mr. Rothmann, Chairman of the Committee on Finance, presented reports of the Committee as follows:

(20197)

Advance Salary of Supervisor of the Blind.

The Committee on Finance reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that in the meeting of the Committee on Finance the salary of John B. Curtis, Sup-

ervisor of the Blind was advanced to \$2,300.00 per annum, but that through inadvertence, such action was not incorporated in the budget.

The Superintendent recommends that the action of the Committee on Finance be approved, and the salary of Mr. Curtis, the Supervisor of the Blind be fixed at \$2,300.00, to date from January, 1913.

(20198)

Issue Duplicate Warrant.

The Committee on Finance reports that it is in receipt of a request from Nellie W. Grape, teacher in the Henry Evening School, for a duplicate warrant in lieu of the original warrant No. 17271, in the sum of \$2.00, issued to her for services rendered in November, 1912, which was lost or destroyed

The Committee further reports that it has considered this request, and recommends that a duplicate warrant be issued to Miss Grape when she shall have filed with the Secretary the necessary indemnity bond.

(20199)

Issue Duplicate Warrant.

The Committee on Finance respectfully reports that it is in receipt of a request from Ada B. Smith, substitute teacher, for a duplicate salary warrant in lieu of original warrant No. 36103, in the sum of \$24.50, issued to her for services in January, 1913, which is lost in the mails.

The Committee further reports that it has considered this request and recommends that a duplicate salary warrant of like number and amount be issued to Miss Smith when she shall have filed the necessary indemnity bond.

(20203)

Report of the Secretary for the Month of February, 1913.

The Committee on Finance reports that it is in receipt of the attached report from the Secretary of the Board of Education, showing the amount of money received by him and deposited with the City Treasurer during the month of February, 1913.

The Committee further reports that this report has been O. K'd by the Auditor and recommends that same be printed in the Board Proceedings of this date.

To the Board of Education, of the City of Chicago:

The undersigned respectfully reports his receipts and deposits with the City Treasurer for the month of February, 1913; also a statement of rents of School Fund Property, due and unpaid, not including damages, as follows:

(20200)

*Correct Report of February 24th, 1913,
Page 915 of Proceedings — Extension
of Figures Showing Salary of Paul
Schroff, Bureau of School
Engineering.*

Your Committee on Finance reports that through a typographical error the figures showing the salary of Paul Schroff, Supervising Engineer, for 1913, were extended as \$2,750.00, instead of \$3,250.00, as provided for in the appropriation.

The Committee, therefore, would recommend that the figures of the report referred to be corrected to show the salary of Paul Schroff, Supervising Engineer, for 1913 as \$3,250.00, as originally provided for.

(20201)

*Establish Deposit Fund, Flower Technical
High School.*

Your Committee on Finance respectfully reports that Miss Dora Wells, Principal of the Flower Technical High School, has requested that a sum of money be supplied to her by the Board of Education to be used as a petty cash account, to be drawn against in case of emergency matters arising from time to time.

The Committee has given this matter consideration, and recommends that a warrant be drawn in favor of Miss Dora Wells, in the sum of \$200.00, for the purpose stated.

(20202)

*Fix Salary of Employee in Bureau of School
Engineering.*

Your Committee on Finance respectfully reports that it is in receipt of the following communication from the Secretary of the Board:

I recommend that the salary of Ralph E. Kewley, Architectural Draftsman, Grade 2, in the Bureau of School Engineering, be increased from \$100.00 to \$125.00 per month, to become effective from date of certification.

Your Committee further reports that it has carefully considered this matter, and recommends concurrence in the recommendation of the Secretary.

Deferred Reports.

Report on the Election of District and Assistant Superintendent Adopted.

The Secretary read report No. 20104 in reference to the election of assistant and district superintendent action on which was deferred, temporarily, on motion of Mr. Sonstehy.

Judge Vincent moved the adoption of the report as presented.

Seconded by Mr. Loeb.

Mr. Sonstehy requested that the report be divided and a separate roll call be taken on each recommendation.

Mr. Urion raised the point of order that the report was now before the house and if any change was requested it would have to be by amendment.

The Chair held the point of order well taken.

Judge Vincent renewed the motion to adopt the report as presented by the Committee on School Management.

Seconded by Mr. Loeb.

The Chair directed the Secretary to call the roll on the motion to adopt the report.

Yeas.—Mr. Urion, Dean Sumner, Messrs. Vincent, Harding, Lipsky, Mrs. MacMahon, Messrs. Dibelka, Sethness, Kelly, Rothmann, Loeb and Huttmann. 12.

Nays.—0.

Mr. Sonstehy was excused from voting on this question.

ELECTION OF TEACHERS

On motion of Dean Sumner the Secretary was instructed to cast one ballot for each member present for the election of the various persons named in the reports.

The Secretary cast one ballot for each member present for the various persons named in the reports and so reported to the Board whereupon the Chair declared the persons named to have been duly elected to their respective positions.

On motion of Mr. Urion the Board adjourned.

L. E. Larson

Secretary.

BOARD OF EDUCATION

REGULAR MEETING

OFFICIAL REPORT

CHICAGO, APRIL 2nd, 1913

In the absence of the President, the Vice-president, Mr. Huttmann, took the Chair and the meeting being called to order there were then

Present—Mr. Urlon, Dean Sumner, Messrs. Smietanka, Vincent, Lipsky, Harding, Mrs. MacMahon, Messrs. Dibelka, Sethness, Sonstebly, Rothmann, Loeb, Dr. Warning and Mr. Huttmann. 14.

Absent—Messrs. Cameron, Sears, Kelly, and Reinberg. 4.

Corrections of Proceedings of March 19, 1913.

Dean Sumner moved that the Proceedings of March 19, 1913, page 973, be corrected to show that a quorum was not present owing to the members being in attendance at the funeral of Mr. Charles F. Erik-

son, late member of the Board of Education.

Seconded by Mr. Sethness and so ordered.

Approval of Record of Proceedings.

On motion of Dr. Warning the reading of the records of the special meeting held March 17, 1913, of the regular meeting held March 19, 1913, and of the adjourned regular meeting held March 20, 1913, was dispensed with and the records thereof, as printed, and corrected, were approved.

Thanks Tendered the Board By Mrs. Charles F. Erikson.

The Secretary presented the following

communication from Mrs. Charles F. Erikson:

"Mrs. Charles F. Erikson and family gratefully acknowledge your kind thought and expression of sympathy."

Received and ordered printed in the Proceedings.

*Invitation to Attend Banquet By the
American Bankers' Association.*

The Secretary presented the following communication from Joseph R. Noel:

(20205—A)

Chicago, March 27, 1913.

*Mr. Peter Reinberg, President Board of
Education, Tribune Bldg., Chicago.*

DEAR MR. REINBERG:

Referring to our conversation yesterday, I take great pleasure in inviting you, all of the members of the Board of Education, Mrs. Ella Flagg Young, and Mr. John D. Shoop, to be the guests of representatives of incorporated Chicago banks, at a dinner to be given in the German Room of the Grand Pacific Hotel, Friday, April 4th, at 6:00 p. m., for the purpose of discussing the subject of school savings banks.

Mr. E. G. McWilliam, Secretary of the Savings Bank Section of the American Bankers' Association, accompanied by Mr. J. J. Reynolds, principal of Public School No. 122, Brooklyn, New York (where what is considered a model school savings bank is in successful operation), will come to Chicago from New York especially to be with us on that occasion, and it is sincerely hoped that you, and the others referred to above, can be our guests that evening.

I am writing to each of those referred to by this mail, extending a personal invitation, and I enclose a letter to the same effect, with the request that it be read at the next meeting of the Board.

Trusting that it will be convenient and agreeable for you to be with us, and that I may hear from you as soon as practicable after you have reached your decision to that effect, I remain

Respectfully yours,
(Signed) JOSEPH R. NOEL,
President.

Chicago, March 27, 1913.

*Mr. Peter Reinberg, President Board of
Education Tribune Bldg., Chicago.*

DEAR MR. REINBERG:

As vice-president for Illinois of the Savings Bank Section of the American Bankers' Association, it affords me great pleasure to extend to the members of your body an invitation to attend as our guests, a dinner to me given in the German Room of the Grand Pacific Hotel, Friday, April 4th, at 6:00 p. m., at which the subject of school savings banks will be explained and discussed.

Mr. E. G. McWilliam, Secretary of the Savings Bank Section, accompanied by Mr. J. J. Reynolds, principal of a school in Brooklyn, New York, (where a school savings bank is in successful operation), will come to Chicago from New York especially to be present on this occasion.

A number of representatives of incorp-

orated Chicago banks are expected to attend.

Mrs. Ella Flagg Young and Mr. John D. Shoop have also been invited to be present.

Trusting that your Board will be represented at this meeting, and with sentiments of highest esteem, I remain

Respectfully yours,
(Signed) JOS. R. NOEL,
President.

Received and ordered printed in the Proceedings.

*Communication from Assistant and District
Superintendents.*

The Secretary presented the following communication from Miss Elizabeth W. Murphy and Mr. Samuel B. Allison.

(20205—B)

April 2, 1913.

*Mr. Lewis E. Larson, Secretary, Board of
Education.*

MY DEAR SECRETARY LARSON:

The appended letters from Assistant Superintendent Murphy and District Superintendent Allison are referred to you for presentation to the Board at its meeting this afternoon.

Very truly yours,
(Signed) ELLA FLAGG YOUNG,
Superintendent of Schools.

April 2, 1913.

*Mrs. Ella Flagg Young, Superintendent of
Schools.*

MY DEAR MRS. YOUNG:

It gives me great pleasure to acknowledge your letter which notified me of my election as Assistant Superintendent of Schools by the Board of Education.

I accept the position with a hope that I may be able to conduct the affairs of the office efficiently.

Kindly accept my thanks for the promotion, and convey my appreciation to the Board of Education for the favorable action taken in my behalf.

Very truly yours,
(Signed) ELIZABETH W. MURPHY.

Chicago, Ill., March 21, 1913.

Dr. Ella Flagg Young, Supt. of Schools.

DEAR MRS. YOUNG:

I have your esteemed favor notifying me of my election as District Superintendent by the Board of Education.

I wish to express to you and through you to the President and Members of the Board of Education my deep sense of appreciation of the honor conferred upon me.

I feel the more flattered that this honor has come through the initiation of one whose friendship has been so long a valued possession.

I hope that the confidence reposed in me may not be misplaced. It shall be my resolute endeavor to strive to reflect this confidence into work well done and educational ideals advanced.

Very respectfully,
(Signed) SAMUEL B. ALLISON.

Communications received and ordered printed in the Proceedings.

Resolutions on the Death of Mr. Charles F. Erikson.

Mr. Sonstebly, Chairman of the Special Committee appointed to draft resolutions on the death of Mr. Charles F. Erikson, presented the following resolutions:

Mr. Charles F. Erikson, a member of this Board of Education died March 15, 1913. He became a member of the Board of Education in July, 1912, being at that time appointed for a term of three years. During the time that he was a member his earnest efforts for the betterment of the Public Schools of Chicago left an indelible print upon our records.

Charles F. Erikson was born March 6, 1866, at Halleberg, Sweden, and was educated at the Royal College at Wenersborg. At the age of 21 he came to the United States and immediately engaged in newspaper work, which he followed continuously until his death. His first employment in Chicago was with the "Scandia," a Swedish Daily published at that time. Later he was in the service of the old Chicago Herald. He moved to Omaha, Nebraska, in the latter part of 1892 and lived there for several years, during which time he took a lively interest in politics, and though never a seeker of office he was nominated for city comptroller, on the Democratic ticket. In 1897 he attended the National Art and Industrial Exposition at Stockholm, Sweden, as special commissioner in behalf of the management of the Trans-Mississippi Exposition, which was to take place at Omaha the following year.

Mr. Erikson returned to Chicago in 1899 and continued his newspaper work here. In May, 1905, he purchased the Swedish Tribune and in July of the following year he secured a controlling interest in the Swedish News. The papers were consolidated and named the Swedish Tribune-News, and under Mr. Erikson's guidance and skillful management, the Swedish Tribune-News grew to be the most influential and widely read Swedish weekly in America.

Mr. Erikson was one of Chicago's foremost citizens of Swedish birth and a dominant force among the Swedish population, not only in Chicago, but in America. He had an extensive knowledge of modern literature, and was a close student of social, economic and political questions and conditions. A man of brilliant attainments, unusual force of character, broad tolerance, and singular personal charm, he made friends of all with whom he came in contact. Those who knew him best believed that the future held in store for him a brilliant public career. His death at the early age of 47, and in the fullness of his splendid powers, inspires feelings of profound sorrow and regret.

He was earnest, capable and sincere, of rare mental ability and wide experience, and loyal to the duties of his office. He stood for all that was best in American Citizenship and was an example for all of our citizens. He gave to the duties of his office the benefit of the experience he had gathered in a marvellously successful business career.

By his death, the Board of Education has lost one of its most valued members and the City of Chicago one of its foremost citizens.

We, the Members of the Board of Education, deeply deplore and mourn his loss and look to his life work as an inspiration for us to continue our labors, to the end that his ideals may become actualities in the Public Schools.

Therefore Be It Resolved, That the above be entered upon the records of the Board of Education and that an engrossed copy be sent to Mrs. Erikson and the family, as an expression of our sincere and deep sympathy.

(Signed)
JOHN J. SONSTEBLY,
WILLIAM ROTHMANN,
CHARLES O. SEETHNESS.

Mr. Sonstebly moved the adoption of the resolution by a rising vote.

Seconded by Judge Vincent.

The Chair put the motion and all members present arose, and the resolutions were so adopted.

Appointment of Mr. Alfred R. Urion on the Special Committee on Legislation.

The Vice-president stated that as the Legislative Committee were considering matters concerning the School Teachers' Pension Fund, the President had appointed Mr. Alfred R. Urion a member of said committee. Mr. Urion being a member of the Teachers' Pension Board.

Judge Vincent moved that the action of the President be concurred in.

Seconded by Mr. Seethness and so ordered.

STANDING COMMITTEES

The Chair stated that, in case no objection was made by any member present, it was agreed that the reports of the several Standing Committees be sent to the desk of the Secretary to the order of the committees, as provided for in the regular order of business; that they be read by the Secretary, and in case no objection is made during the reading thereof, that at the conclusion of the reading of the reports of each committee a vote be taken on the acceptance of the reports submitted, and the adoption of the recommendations contained therein as a whole; if during the reading of such reports any objection is made to any report or any part of any report presented, such report or reports objected to shall be passed and the consideration thereof taken up separately.

SCHOOL MANAGEMENT

Dean Sumner, Chairman of the Committee on School Management, presented reports of the Committee, as follows:

(20206)

Award Certificates.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that the following named persons, who were successful in the academic examination for certificates to teach in the Chicago public schools, and who have since passed the required physical examination, be awarded certificates as indicated:

Teacher in High Schools.

(Limited Certificate.)

Mechanical Drawing Major—
Lampe, Clarence W.

Teachers in Elementary Schools.

Conlan, Jettie.
Cox, Josie A.
Mayhew, Arline.
Pollock, Lillian A.
Shipply, Georgetta M.

The Superintendent further reports that the following named persons, who were successful in the academic examination for certificates to teach in the Chicago Public Schools, under Section 119 of the Rules of the Board of Education, are not required to take the physical examination.

The Superintendent therefore recommends that they be awarded certificates as indicated:

Teachers in High Schools.

(Limited Certificates.)

Mechanical Drawing Major—
Ashley, George E.
Carr, Bradley S.
Wetzel, Guy F.

Teachers of German in Elementary Schools.
Bjorklund, Anne E.
Crampton, Ethel M.
Dale, Ruth G.
McPartlin, Wilfrid K.
Miller, Emily.

The Superintendent further reports that the following named persons, who already hold certificates to teach in the high schools, wrote on new majors in the examination held December 23 and 24, 1912, for certificates to teach in the high schools, and were successful:

Craig, James A., Foundry.
Sritesky, John, Blacksmithing.
Temple, Harry W., Foundry.

The Superintendent further reports that the persons recommended in Report No. 19996, adopted at the meeting of the Board of Education March 5, 1913, for the award of certificates, passed successfully the required physical examination, but through oversight this fact was not mentioned in that report.

(20207)

Award of Full Certificate to Former Teacher.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that Susan F. Leaming, taught for many years in the Chicago High Schools. She is the holder of a certificate as teacher of

drawing in high schools, granted January 18, 1893, and also on September 6, 1911, was awarded a general certificate as teacher in high school, having been successful in the examination held in June, 1911. Miss Leaming retired from the service of the Board of Education September 1, 1911.

In view of her long service as a teacher of drawing in high schools, the Superintendent recommends that the general high school certificate awarded to Miss Leaming on September 6, 1911, be made a full certificate of the same date, without the required three years of service thereunder as is customary in such cases.

(20208)

Correct Report No. 18311.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that Agnes E. Doyle was elected teacher in the Parker High School on June 26, 1912, (Report No. 18311) on a limited certificate. Teachers—Promote to Upper Group of Salaries.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

National Federation of Music Clubs; which will hold its biennial meeting in Chicago at that time; that Frank L. Morse, Principal of the Harrison Technical High School, be given leave of absence, without loss of pay, for two weeks, in April or May, for the purpose of visiting trade and vocational schools; that Jenny H. Snow of the Department of Household Arts of the Chicago Normal College, be given leave of absence, without loss of pay, on Thursday, March 28, 1913, to attend a meeting of the American Chemical Society at Milwaukee, at which food chemistry is to be the subject of the meeting on that day; that Walter E. Hatfield, Principal of Shields School, be given leave of absence, without loss of pay, for such times as he may find it necessary to go before the State Legislature at Springfield as Chairman of the Legislative Committee of the State Teacher's Association; that the following named principals, members of the Chicago Division of the State Teachers' Association, be given leave of absence, with out loss of pay, for two days, to go to Springfield during the present session of the Legislature: Fulton B. Ormsby, Principal of Perkins Bass School, William B. Owen, Principal of the Chicago Normal College, Morgan G. Hodge, Principal of Harper School, Chester C. Dodge, Principal of Mitchel School, and Archibald O. Coddington, Principal of Stewart School; George Eggers, Teacher of Art in the Teachers' College, for one week in April, without loss of pay, beginning April 21, to visit eastern schools of art; these leaves to be granted provided there is no expense to the Board of Education.

sent through the interim, she came forward and asked for a second examination. At the second examination, it was decided that there seemed to be no reason why she should be kept out of a principalship when she had such a remarkable record of attendance as a teacher. The Superintendent recommended at that time that Miss Neil be placed on the list at that date, but in consideration of the fact that she has waited, through no fault of hers, since 1904, the Superintendent requests that she be allowed to place Miss Neil in the group following the one from which assignments to principalships are now being made.

The Superintendent of Schools recommends that the following named teachers, who have complied with the requirements for promotion to the upper group of salaries, be promoted as indicated:

Amendments to Rules on Fraternities and Sororities.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that several pupils in the public high schools who have signed the pledge adopted by the Board October 2, 1912, continue in the exercise of the functions of members of said organizations. The rule states that the penalty for failure to relinquish membership shall be expulsion. These boys and girls are ready to relinquish membership again and again, and hence a literal interpretation of the rule permits them to return to school. The superintendent recommends the following amendment to the rule:

"Any student in a public school of Chicago who is found to be a member of a secret society as defined in Section 176 of the Rules of the Board of Education shall forthwith be suspended by the principal of the school of which he is a member. Upon the reinstatement of such suspended pupil such pupil shall not be eligible to receive any class honor or to compete for any honor prize or medal offered to students through the school of which he or she is a member, or to represent any public school in any contest whatever."

The Superintendent further recommends that in order to prevent any misunderstanding as regards the attitude of the members of the faculties of the public schools as regards their duty in cases they have information concerning membership of pupils in secret societies, the following amendment be added to Section 176:

"Any member of the faculty or other officer of instruction or administration of the public schools of Chicago who shall knowingly permit any violation of the rule concerning secret societies, or who shall fail to take all proper steps to enforce the provisions of Section 176, shall after public hearing be removed by the Superintendent of Schools from the office or position which he holds as a member of the faculty or other officer of instruction or administration in the Education Division of the public schools of Chicago."

These amendments shall be read by the principals of the high schools to the students in those schools, and shall take effect on May 1, 1913."

Grant Request of Grand Army of Republic to Address Schools on Memorial Day.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that a communication has been received from Mr. John F. Riley, Chairman, Committee on Schools and Speakers of the Grand Army of the Republic Memorial Association, asking for permission for that Association to send representatives to visit and speak in the public schools of Chicago on the afternoon of May 29, 1913, in accordance with the usual custom, and recommends that the request be granted with the understanding that speakers shall be sent to those schools only from which requests for speakers are received from the principal of the school.

The Committee further recommends that in accordance with the request of Mr. Riley, it be thoroughly understood that children shall not be asked to bring flowers unless the Principal has the assurance from one of the G. A. R. Post that the flowers in the school shall be called for and properly distributed.

Deny request of National Youth Achievement Committee.

The Committee on School Management reports that it is in receipt of the follow-

ing report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports careful consideration has been given to the request of the Secretary of The Forward Movement which was presented to the Committee on School Management at its meet-

ing of March 4, 1913. There is no doubt that the National Youth Achievement Committee has inaugurated a movement that is not without merit. Any attempt, however, to give publicity to this movement through the public schools would open an avenue of approach that would sooner or later be congested by the appeals from institutions of a similar nature that are asking recognition and co-operation from the public schools. Such requests have been persistently denied in the past, and I believe it to be to the best interests of the schools to maintain a like attitude in the future.

One Dollar to each of 14 tenants, residing on said premises.....	14.00
Costs of suit.....	24.00
Total	\$ 39,763.00

This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$39,763.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said sum to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in Trust for the Use of Schools, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report is a blue print of the survey of the property in question.

Respectfully submitted,

(Signed) A. R. SHANNON,
Attorney.

*Acquire Property Adjoining the
Longfellow School.*

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board under date of March 24, 1913, which reads as follows:

The Board of Education is acquiring Lots 35 and 36, Block 24, Canal Trustees' Subdivision of the East half of Section 31, Township 39 North, Range 14, adjoin-

ing the Longfellow School. The owner of Lot 35 also owns Lots 32, 33 and 34. Lot 34 is improved with a two story brick stone foundation, front building and a two story rear building constructed on the line of Lot 35. He is claiming damages to the remainder of his property by reason of the taking of Lot 35.

I have had several talks with him, and he advises me that the two buildings are worth at least \$7,000.00, but that he will sell to the Board all of his property interests therein, being Lots 32 and 35 aforesaid, together with improvements, for \$7,000.00. The proposition seems to be one that the Board should take advantage of, and I submit it for your consideration.

The Committee recommends the purchase of Lots 32, 33, 34 and 35, adjoining the Longfellow School premises, for the sum of \$7,000.00 in accordance with the above proposition.

The Committee further recommends that the President and Secretary of the Board be directed to request the concurrence of the City Council in this action.

Haddock on behalf of the Cook County Real Estate Board for the use of rooms in various school buildings throughout the City in which to hold meetings for the purpose of explaining the benefits of Registration of Titles under the Torrens System.

The Committee recommends that the request be granted subject to the usual terms and restrictions.

(20269)

Forfeit Deposit—Contract for Cheesecloth.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that, at the meeting of the Board of Education held July 10, 1912, Report No. 18463 Award of Contracts for Annual Supplies, Fred Mihell & Company was awarded the contract for Cheesecloth (Bunting) for the school year ending June 30, 1913, and recommending that, inasmuch as this firm has failed to execute contract for the above, their deposit in the sum of \$50.00 which accompanied said bid be declared forfeited.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary.

(20270)

*Painters—Scale of Wages.
—Deferred Temporarily.*

The Committee on Buildings and Grounds reports that it is in receipt of a communication from L. P. Lindelof, Secretary-Treasurer of the Painters' District Council No. 14, stating that on and after April 1, 1913, the scale of wages for painters will be 65 cents per hour until April 1, 1914, when the scale will be 70 cents per hour until April 1, 1915, in accordance with agreement entered into between the contracting painters in Chicago and the Painters' District Council No. 14.

The Committee recommends that the painters in the employ of the Board of Education be paid in accordance with the above agreement.

On motion of Mr. Rothmann action on this report was deferred temporarily.

Extra—Plumbing and Gas Fitting—New Carter School.

Your Committee on Buildings and Grounds reports that it has received a bill in the sum of \$17.38 from P. Nacey Company for disconnecting tables at the old Carter School Building, 61st Street and Wabash Avenue, and delivering the same to the new Carter School Building, 58th Street and Michigan Avenue, and connecting them in position as directed. The bill has been checked and found to be reasonable and your Committee recommends that it be added to the original contract price for plumbing and gas fitting at the latter building.

(20282)

Extra Work—Plumbing—Everett School Building.

Your Committee on Buildings and Grounds reports that contract was heretofore awarded to Murphy-Keeley Company for the installation of sinks for the accommodation of teachers in the Everett School building, S. Irving Ave. and 34th St. Subsequently it was found, when the concealed pipes were uncovered, that they were of a smaller diameter than stated in the specifications and had to be replaced with larger pipe to insure sufficient water supply. Murphy-Keeley Company has submitted proposition in the sum of \$35.00 for the extra work involved, which has been checked and found to be reasonable, and your Committee recommends that the above amount be added to the original contract price.

(20283)

Equipment—Electrical—Englewood High School.

Your Committee on Buildings and Grounds reports that authority was granted by the Board, Reports Nos. 19239 and 19878, for the installation of electrical equipment at the Englewood High School Building, Stewart Ave. and 62nd St. This equipment necessitates an expenditure of approximately \$500.00 more than the amount appropriated, and your Committee recommends that authority be granted for the setting aside of this amount to provide the equipment desired, and that the same be charged to the Permanent Improvement Account.

(20284)

Voucher—Issue Special—Hanley-Casey Company—Plumbing and Gas Fitting, New Ryder School.

Your Committee on Buildings and Grounds reports that it has received from Hanley-Casey Company request for payment in the sum of \$1,100.00 on account of its contract for plumbing and gas fitting at the new Ryder School Building, Lowe Ave. and 89th St. This is an excess of the 85 per cent. allowed by the rules of the Board, but leaves a balance of \$122.00, which is more than ample to complete the unfinished portion of the work, and inasmuch as this contractor is unable to finish the work through no fault on its part and the surety company is agreeable to the payment of this amount without waiving the obligations of its bond, your Committee recommends concurrence in this request.

(20285)

Request Granted—Chicago Telephone Company to Maintain Poles on School Premises at 18th St. and Winchester Avenues.

Your Committee on Buildings and Grounds reports that it has received communication from the Chicago Telephone Company asking permission to maintain its equipment as now constructed and to maintain its poles on the premises as shown on sketch on file in the office of the Chief Engineer of the Board of Education, the same being the south 284 feet in the alley in the block bounded by Winchester Avenue, Lincoln, 56th and 57th Streets, which was vacated by city ordinance passed January 15, 1912. The matter has been investigated and it has been found that the Board of Education may without inconvenience grant permission to maintain this equipment, and recommends that that permission be granted in this instance, it being understood that the Chicago Telephone Company will remove the poles, etc., at any time upon thirty days notice from the Board of Education and comply with such conditions as the Board of Education may impose.

(20286)

Fire Alarm Boxes in Proximity to the Holden School.

Your Committee on Buildings and Grounds recommends that authority be granted to have voucher prepared in favor of the City Electrical Department of the City of Chicago in the sum of \$92.60 for the installation of fire alarm boxes in proximity to the Holden School Building, 31st and Loomis Streets.

(20287)

Gas Shut-off Valves for Gas Pipes Leading in, to School Buildings.

Your Committee on Buildings and Grounds reports that the matter of install-

ing automatic gas shut-off valves has been considered in accordance with request from the City Fire Department. The same was referred to the General Counsel for an expression as to the validity of the law requiring the installation of these valves and an opinion has been rendered by him in which he states in part that this act is invalid and it is therefore unnecessary for the Board of Education to comply therewith.

(20288)

Lunch Room Equipment—Senn High School Building.

Your Committee on Buildings and Grounds reports that authority was granted by the Board December 11th, Report No. 19444, for the purchase of equipment for the lunch room at the Senn High School Building, Ridge and Francis Aves. There is an electrical dish washing machine at the Jackson School Building which, with minor repairs may be put in first class operating condition, may be used at the Senn High School, and inasmuch as it is not required at the Jackson School your Committee recommends that authority be granted to have it repaired and for the issuance of orders to the electrical and plumbing contractors now engaged at the Senn High School to have it connected in a permanent location, as well as the purchase of one small motor to be used in connection with it.

(20289)

Gas Governors on Gas Meters—Grant Authority to Install—Sundry Schools.

Your Committee on Buildings and Grounds recommends that authority be granted the Secretary to install gas governors for the purpose of securing a reduction in the consumption of gas in sundry school buildings in the sum of \$1.00 per month for each school in such instances where it is considered a substantial saving in the amount of gas consumed will ensue.

(20290)

Supplies—Purchase of—Electrical—Englewood High School Building.

Your Committee on Buildings and Grounds reports that authority was granted by the Board at its meeting held November 15, 1912, Report No. 19239, for the purchase of various electrical supplies for the Englewood High School Buildings, 62nd St. and Stewart Ave. Certain of the items were advertised twice but no bids were received. The Principal of the school has succeeded in securing quotations on these and your Committee recommends that said Principal be given authority to purchase Items Nos. 12 and 25 direct in the approximate sum of \$18.29 (covering both items), forwarding bills when received to the Secretary that they may be transmitted through the proper channels for payment.

(20291)

Contract—Award—Electric Pump—Corkery School Building.

Your Committee on Buildings and Grounds reports that the electric pump at the Corkery School Building, S. 43rd Ave. and W. 25th St., is inadequate to supply sufficient water, and therefore bids were received in accordance with specifications for the substitution of larger equipment. The bids were received in the sum of \$200.00 from Thomas & Smith and Yeomans Brothers which, upon the toss of a coin, was awarded to Thomas & Smith, and asks concurrence in the action taken.

(20292)

Contract—Rescind—Gas Range—Flower Technical High School.

Your Committee on Buildings and Grounds reports that contract was heretofore awarded to C. J. Boyd in the sum of \$38.00 for the installation of gas range at the Flower Technical High School, 26th St. and Wabash Ave. It is desired, however, to have a range of larger dimensions substituted therefor, and your Committee recommends that the contract awarded to C. J. Boyd be rescinded and authority granted to readvertise for bids for the new requirements.

(20293)

Contract—Award—Electric Wiring in Connection with Dumb Waiters—Sundry School Buildings.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids as authorized by the Board, Report No. 19768 for electric wiring in connection with the installation of dumb waiters, sundry school buildings, and recommends award of contract to the lowest bidder in each instance as follows:

Howe Electric Company:

Bowen High School, 89th and Manistee Ave.....\$48.00

Schurz High School, Milwaukee Ave and W. Addison 48.00 \$96.00

L. H. Lamont & Co.:

Lane Tech High, Sedwick and Division Sts..... 42.00

and further recommends that bids received for similar work at the new Hyde Park School Building, 58th St. and Michigan Ave., be rejected and deposits returned inasmuch as the work required has been done by the contractor at present engaged in this line of work at the building.

(20294)

Contract—Award—Rubber Gaskets for Water Tube Boilers—Lane Technical High School.

Your Committee on Buildings and Grounds reports that bids have been received for twelve hundred red rubber gaskets for Bonus Water Tube Boilers at the A. G. Lane Technical High School Building, Sedgwick and Division Streets, and recommends award of contract to the Quacker City Rubber Company, it being the lowest bidder, in the sum of \$40.20.

(20295)

Contract—Award—Automatic Cellar Drainers—Sundry Schools.

Your Committee on Buildings and Grounds recommends that authority be granted for the installation of Penberthy Automatic Cellar Drainers in the sum of \$9.50 each, one to be installed in each of the following school buildings: new Hyde Park High School, 62nd St. and Stony Island Avenue; old Hyde Park High School, Kimbark Avenue and 56th Street; and the new Supply Department Building, Robey and Taylor Streets.

(20296)

**Authorize Schmidt Const. Co. to Pave
Street—Morris School.**

The Committee on Buildings and Grounds
 reports that it is in receipt of a communi-
 cation from the Secretary recommending
 that at the request of property owners on
 King Place, on which street fronts the
 east portion of the Robert Morris School,
 the Board of Education join said property
 owners in having this street paved by
 private contract; also recommending that
 the bid of the Schmidt Construction Co.,
 amounting to \$336.60, covering that por-
 tion of the work to be done by the Board
 of Education, be accepted, and that this
 firm be authorized to proceed with the
 work.

The Committee recommends concurrence
 in the above suggestions of the Secretary.

Opera Chairs—Award of Contract.

The Committee on Buildings and Grounds reports that it advertised and received proposals for Opera Chairs as required to seat assembly halls in sundry schools buildings and recommends that the contract for the Hyde Park High and the Senn High School be awarded to the American Seating Company for their Sample No. 1020 in the sum of \$1.73 per chair.

The Committee further recommends that the contract for Opera Chairs for the assembly halls of the Kosciuszko, Trumbull, Henry, Hammond, Irving, Emmet and Belding School Buildings be equally divided between the following firms:

Heywood Bros. & Wakefield Company—Sample No. A940 at \$1.22 each.

A. H. Andrews Company—Sample No. 13 at \$1.22 each.

No objections having been made to any of the recommendations contained in the several reports submitted, except Report No. 20270 action on which was deferred temporarily on motion of Mr. Rothmann. on motion of Mr. Sethness the reports were received and the recommendations contained therein were adopted, such adoption being declared to have been the action of the Board on each individual recommendation.

Yeas.—Mr. Urion, Dean Sumner, Messrs. Smietanka, Vincent, Lipsky, Harding, Mrs. MacMahon, Messrs. Dibelka, Sethness, Sonstebly, Rothmann, Loeb, Dr. Warning and Mr. Huttman. 14.

FINANCE

Mr. Rothmann, Chairman of the Committee on Finance, presented reports of the Committee, as follows:

(20303)

Deposit Fund—Increase Amount.

The Committee on Finance reports that it is in receipt of a communication from the Secretary of the Board stating that, by action of the Board of Education, the Business Manager is authorized to pay all bills for Supplies and Material Furnished under Five Dollars; also is required to furnish postage, pay carfare and miscellaneous expenses in connection with the various Bureaus of the Board, and further stating that for this purpose the sum of \$1,300.00 is charged to the Business Manager on the Auditor's books and recommending that, in view of the fact that bills are increasing to such an extent that the amount is inadequate to meet the demands upon this Fund, which is known

as the Deposit Fund, an additional amount of \$700.00 be charged up to the Business Manager and that the Deposit Fund in its entirety be placed at \$2,000.00.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary.

(20304)

Office and Business Employees—Adjust Salaries.

Your Committee on Finance respectfully reports that it is in receipt of the following communication from the Secretary:

"I respectfully recommend that the salaries of the following named Office Attendants, who have satisfactorily completed their six months' probationary service be increased from \$25.00 per month to \$30.00 per month, to date from April 1st, 1913:

Frank M. Kent, Office of Bureau of Purchases.

Daniel Griffin, Office of Bureau of Architecture."

Your Committee further reports that it has carefully considered these matters, and recommends concurrence in the above recommendations of the Secretary.

(20305)

Increase Salary of Supervisor of Bus Service.

Your Committee on Finance reports that it is in receipt of a communication from Mr. W. L. Bodine, Superintendent of Compulsory Education, recommending that the salary of Mr. Gustav Hoffmann, Supervisor of Bus Service, be increased from \$85.00 per month, to \$100.00 per month, twelve months in the year, effective January 1, 1913.

The Committee reports that it has considered the matter, and recommends concurrence in the recommendation.

(20306)

Pay Bill of Swedish Covenant Hospital.

Your Committee on Finance submits bill from the Swedish Covenant Hospital for services and care of one of the pupils of the Parental School.

Your Committee respectfully recommends that this bill in the sum of \$161.85 be ordered paid.

(20307)

Pay Premiums on Surety Bonds.

Your Committee on Finance respectfully reports that surety bonds issued by the Chicago Bonding & Surety Co., covering Norman L. Patterson, Acting Chief Engineer, and Lewis E. Larsen, Secretary of the Board of the Board of Education, have been submitted and have been approved by the General Counsel of the Board as to legal form.

Your Committee respectfully recommends that same be accepted and that the bill

for premiums on same, in the sum of \$212.50, be ordered paid.

(20308)

*Authority to Draw Warrants for Salaries.
Deferred Temporarily.*

Your Committee on Finance respectfully reports that Herbert G. Brinsley, chief architectural designer, and Mr. Louis A. Lang, architectural designer, employed in the Architect's department; William G. R. Bell, senior clerk, employed in the Business Manager's office, and Mr. Louis E. Hesse, Superintendent of Supplies, have passed their promotional examinations and have been certified into grade.

Your Committee recommends that the Secretary be authorized to have warrants drawn for the salaries due them under the action of the Board of Education at its meeting held July 24th, 1912.

On motion of Judge Vincent action on this report was deferred temporarily.

(20309)

Issue Duplicate Salary Warrants.

Your Committee on Finance respectfully reports that it is in receipt of requests for duplicates of salary warrants for Board employees as follows:

Warrant No. 928. Margaret T. Walsh, for services as Bath Room Attendant, \$53.00, Jan. 30, 1913;

Warrant No. 20854. Chas. T. Denker, for services as Engineer, \$316.12, Dec. 21, 1912.

These warrants having failed of delivery to the proper persons through the mails.

The Committee has given these requests consideration, and recommends that duplicate warrants, in the sums stated, be issued to the employees named, when they shall have filed with the Secretary the required indemnity bonds.

(20310)

said District for the year 1910, with
\$160,201.00 of said valuation lying
within Edison Park and \$559,461.00 ly-
ing within the unannexed portion of
said District No. 64.

In the foregoing valuation and divi-
sion of property the Board of Edu-
cation of the City of Chicago acquires
all the property now lying within Edi-
son Park at the valuation therein set
forth, and is charged therewith and
with 22 per cent of the total liabilities
of the said District No. 64 as therein
set forth, totaling \$17,579.74, and is
credited with 22 per cent of the entire
assets of said District No. 64, totaling
\$19,995.45, leaving a balance payable by
said District No. 64 to the Board of
Education of the City of Chicago of
\$2,415.71.

In and by this settlement the Board
of Education of the City of Chicago
assumes no part of the liabilities of
said District No. 64. The entire bond
issue and any other obligations of said
District are to be paid by the unan-
nexed portion of the District out of
taxes levied on property within the
unannexed part of said District and
other revenues belonging to the un-
annexed part of said District No. 64.

Your Committee, therefore, recom-
mends the approval of this report
through the adoption of the following
resolution, viz:

"Resolved by the Board of Educa-
tion of the City of Chicago that the
report of the valuation of the division
of property taken by the City of Chi-
cago by the annexation of part of Dis-
trict No. 64, Township 41 North, Range
12, East of the Third Principal Meri-
dian, in the Town of Maine, to the said
City of Chicago by vote of the people
at an election held on the eighth day
of November, A. D. 1910, by the
Committee on Finance, as heretofore
presented to this Board, be, and the
same is hereby, approved and that the
Board of Education of the City of Chi-
cago take and be charged with all of
the property of said annexed portion,
as set forth in said report, at the val-
uation therein given, and that it ac-
cept from said District 64, as the bal-
ance due it, the Board of Education of
the City of Chicago, by reason of said
annexation, the sum of \$2,415.71, in
consideration of the releasing of any
and all obligations, charges or liabil-
ities which the unannexed portion of
said District 64 may have or claim
against it, the Board of Education of
the City of Chicago, in any wise aris-
ing out of the aforesaid annexation,
and in full settlement and accord be-
tween said District 64, the Board of
Education of the City of Chicago and
the City of Chicago itself, in so far
as school property and obligations are
concerned, in any wise arising out of
said annexation; all upon condition,

however, that the aforesaid Board of Education of District No. 64 aforesaid, in conformity with the statutes in such case made and provided, shall formally consent to and agree upon this settlement."

Your Committee further recommends that a copy of this report be transmitted to the City Council with the request that it shall pass an ordinance or resolution reciting the material facts contained in the aforesaid report, including the statement of account, approving the same, consenting thereto, and agreeing to the division of funds and property as between said District 64, the Board of Education of the City of Chicago and the City of Chicago, as in said report set forth.

March 19, 1913.

Committee on Finance, Board of Education of the City of Chicago.

Gentlemen:

The matter of adjustment of property interests and liabilities between the Board of Education and the City of Chicago on the one part, and the Board of Education of School District No. 64, situated in the town of Maine, on the other part, arising out of the annexation of Edison Park to the City of Chicago, has been in my care for some time. I have had innumerable conferences with the Attorney for District No. 64 Board of Education, and reached a tentative agreement with him some time back, which he now advises me has been consented to by the Board of Education of that District. Its terms are as stated in the report which I have prepared for you and which is enclosed.

I also enclose the affidavit of Frederick K. Root, showing the amount of taxable property within said District No. 64 and the part thereof lying within Edison Park, and the part lying within the unannexed portion of said District; also, showing the ratio between the two, and in the tentative agreement we have used the percentages of 22 and 78, ignoring the fractional parts of the ratio as being inconsequential.

The valuations contained in the report of the lands and buildings are based upon expert valuations secured by me from builders and real estate men, and are just and reasonable. The values of books, fixtures, apparatus and furniture, the amounts stated to have been received by the Township Treasurer of Schools on account of 1910 taxes and fines, forfeitures, etc., and the amounts and numbers of all bonds, with the computation of interest thereon, all as contained in the aforesaid report, have been furnished me by the Attorney for said District, and are vouched for by him as correct, but should be verified by the Auditor of the Board prior to the passage of the report enclosed.

When the Board has acted upon this report, the certified copy thereof which is to be forwarded to the Council should be accompanied by an ordi-

nance or resolution drawn on behalf of the Board, but this can be prepared later.

Respectfully submitted,

A. R. SHANNON,
Attorney.

March 29, 1913.

Mr. William Rothmann,
Chairman, Committee on Finance,
Board of Education, Chicago.

Dear Sir:

The statement of the adjustment of property interests and liabilities between the Board of Education and School District No. 64, arising out of the annexation of Edison Park to the City of Chicago, was referred to me for verification by Secretary Larson.

I have checked the cash balance and receipts shown on the statement with the accounts of the Township Treasurer and found they agree.

The matured bonds I traced through the Treasurer's cash book, and those unmatured and outstanding agree with his records shown in the bond register. I also checked the interest paid on bonds from June 1, 1910.

I figured the extensions and additions showing the amounts due the Board of Education and the unannexed part of District 64, and found them correct according to percentages.

Yours respectfully,

(Signed) FRED VOGT,
Auditor.

STATE OF ILLINOIS,)
COUNTY OF COOK) SS

Frederick K. Root, of said County and State, being first duly sworn, deposes and says that he has made a careful examination of the valuation of School District Number 64, located in Township 41, North, Range 12, East of the Third Principal Meridian, in the Town of Maine, in said Cook County, on the basis of the equalized valuation of the District for the year 1910, and that the result of said examination is hereby shown, to-wit:

In Edison Park.

Real Estate.....	\$119,181.00	
Personal Property	20,259.00	
Railroad Property	20,761.00	\$160,201.00

Not in Edison Park.

Real Estate.....	\$458,243.00	
Personal Property	57,385.00	
Railroad Property	43,833.00	\$559,461.00
Total.....		\$719,661.00

And this deponent further says that from such examination he finds that 22-26/100 per cent. of the valuation of said district was annexed to the City of Chicago, and that 77-74/100 per cent.

of the valuation of said District was not annexed.

And further deponent saith not.

DEFERRED REPORTS.

Report on Painting—Scale of Wages Recommended.

The Secretary read Report No. 20270 in reference to salaries to be paid painters, action on which was deferred temporarily on motion of Mr. Rothmann.

Mr. Rothmann moved that the report be referred to the Committee on Finance.

Mr. Sethness moved that the report be recommended to the Committee on Buildings and Grounds.

Mr. Harding moved that the report be adopted.

Judge Vincent raised a point of order that the report involved an expenditure of money and should therefore, according to the rules of the Board, be referred to the Committee on Finance, before being passed upon by the Board, and moved as a substitute for the other motions that the report be referred to the Committee on Finance.

Seconded by Mr. Dibelka.

The Chair ruled that, inasmuch as the Rules provide that all matters pertaining to an expenditure of money shall be passed upon by the Committee on Finance before being presented to the Board for action, the point of order well taken and the report would be referred to the Committee on Finance unless a motion was made to suspend the rules.

Mr. Harding moved that the rules of

the Board be suspended for the purpose of putting the report on its passage.

Seconded by Mr. Sonstebly.

The roll being called resulted as follows:

Yeas—Messrs. Smietanka, Lipsky, Harding, Mrs. MacMahon, Messrs. Dibelka, Sonstebly, Rothmann, and Huttman. 9.

Nays—Mr. Urion, Dean Sumner, Messrs. Vincent, Sethness and Loeb. 5.

The Chair declared the motion to suspend the rules lost as it took 11 votes to suspend the rules.

The question recurring on the motion made to refer the report to the Committee on Finance it was so ordered.

Report to Authorize Drawing of Warrants Adopted.

The Secretary read Report No. 20308 in reference to authorizing the Secretary to draw warrants for salaries due employees who had passed the promotional examinations.

Mr. Sethness moved the adoption of the report.

Seconded by Dr. Warning and so ordered.

Yeas—Mr. Urion, Dean Sumner, Messrs. Smietanka, Lipsky, Harding, Mrs. MacMahon, Messrs. Dibelka, Sethness, Sonstebly, Rothmann, Loeb, Dr. Warning and Mr. Huttman. 13.

Nays—Judge Vincent. 1.

Appointment of State Architect.

Mr. Huttman: "Before we adjourn I desire to announce the fact that we have with us the new State Architect, Mr. James Dibelka, who has just been appointed by the Governor. I am sure we are glad and gratified to hear of his promotion and of the honor conferred, and I believe I speak the sentiment of this Board that the work of this office will be done efficiently, and we, the members of the Board, will sincerely regret if it becomes necessary for Mr. Dibelka to sever his connection with us."

On motion of Mr. Loeb the Board adjourned.

L. E. Larson
Secretary.

Appointment to Fill Vacancies on Committees.

The President presented the following communication:

Chicago, April 16, 1913.

To the Board of Education of the City of Chicago.

LADIES AND GENTLEMEN:—

In order to fill the vacancies on the various committees of the Board, I beg to make the following appointments:

Dr. Otto F. Warning transferred from the Committee on School Management to the Committee on Buildings and Grounds.

Mr. John J. Sonstebly to the Committee on Finance.

Mr. Alfred R. Urion to the Committee on Finance.

Mr. Robert J. Ronlston to the Committee on School Management.

Mr. Charles S. Peterson to the Committee on School Management.

Mr. Michael J. Collins to the Committee on School Management.

Mr. Jacob M. Loeb to the Committee on Leases.

Your very truly,

(Signed) PETER REINEBERG,
President.

On motion of Mr. Huttman the action of the President was concurred in.

Resolution Relative to Amendments to the Teachers' Pension Law—Deferred Temporarily.

Mr. Huttman presented the following resolution.

WHEREAS, it is the unanimous opinion of pensioners, teachers, trustees of the Pension Board and members of the Board of Education, that the present school teachers' pension law is insufficient and unsatisfactory; and

WHEREAS, heretofore the organization known as the Pension Contributors League caused to be introduced in the Legislature House Bill No. 203, and thereafter asked for and had a conference with the Legislative Committee of the Board of Education to discuss said bill, at which meeting representatives of the Pension Board were present, and at which meeting it was decided that before any pension legislation should be asked or House Bill No. 203 advanced there should be a meeting of representatives of every body and organization in any wise concerned or interested in the pension law; and it was ordered that a joint committee, comprised of all such bodies and organizations should be appointed and attempt to agree upon a Bill or Bills to correct the present insufficiencies in the existing Pension Law; and

WHEREAS, subsequent to said meeting, and prior to the meeting of the joint committee proposed to be appointed as aforesaid, there was introduced in the Legislature, Senate Bill 299, which Bill was considered and reported out of the committee to the Senate; and

WHEREAS, the joint committee heretofore referred to, comprised of representatives of the Board of Education, of the School Teachers' Pension Board, of the Delegate Convention of the Pension Contributors League, and of the Teachers Federation, held a meeting on April 7, 1913, at the offices of the Board of Education, and there considered the changes in the law, as proposed by the draft presented by the Honorable A. R. Urion, a member of the Board of Education and of the Pension Board Trustees. At said meeting there was a general discussion of the Bill and of the needed changes in the law. The entire pension situation and needs were fully discussed, and the positions of the various bodies and or-

ganizations interested, stated; and, among others, the Board of Education's position was defined as follows:

That, under existing laws, Board members were opposed to any further contribution of school moneys to the Pension Fund and that, unless the amendments proposed in the Urion Bill, changing the manner of election of Pension Board Trustees and fixing the number and representative proportion of and in said Board of Trustees, the Board of Education would not contribute further school moneys to the fund; while, if the said amendments were enacted into laws, the Board of Education would ask for an amendment increasing its power to pay into the Pension Fund double the amount it now has power, under the Statutes, to contribute.

The representatives of the teachers, pensioners, etc., at said meeting contended, among other things, that if the changes asked by the Board were made, they should be contingent upon the duty being placed upon the Board to contribute to the Pension Fund in the same proportion that, under the existing laws, it now has the power to contribute.

A compromise was reached at said meeting of April 7, 1913, whereby the amendments as to manner of election and the number and the proportionate representation among the Trustees as stated in the original draft of the Urion Bill were adopted, and the payment by the Board of Education to the Pension Fund of a sum of money which, together with the interest on school moneys, will equal the amounts contributed by the teachers, was made obligatory upon the Board, and the Board was given the additional power to contribute an additional sum of school moneys the same as now provided by law, and that the Bill or Bills so modified would be substituted for House Bill 203 and Senate Bill 299. The adoption of said compromise was moved and carried without a dissenting vote being voiced at said meeting, and the changes proposed were put in proper legal form, which necessitated their separation into two bills, one pertaining to the changes in the manner of election, the number and representation in the Board, and the other relating to the contributions; and

WHEREAS, immediately after said meeting the sponsors for Senate Bill 299, ignoring and in violation of the agreement reached by said joint Committee caused said Bill to be passed by the Senate; now, therefore

BE IT RESOLVED, It is the judgment of the Board of Education of the City of Chicago that unless the Bill, changing the mode of election, the number and representation of the Trustees of the Pension Board shall be enacted into a law, then there should be no pension legislation involving the Public School Teachers of the City of Chicago passed by the present Legislature, and particularly, that the so-called Contribution Bill should, in no event, be enacted; that said Contribution Bill was part and parcel of the proposed changes provided for by the Urion Bill, and if separated from the Bill providing for the changes in the manner of election, number and proportionate representation of the Trustees of the Pen-

sion Fund, could not be enacted into a law without creating great injury to the cause of school teachers' pensions and the entire school system; and

BE IT FURTHER RESOLVED, that the members of the Legislature be, and they are hereby, requested by the Board of Education of the City of Chicago not to pass the so-called Contribution Bill unless the Bill providing for the manner of election, number and representation of and among the Trustees of the Pension Board be also enacted into a law.

Mr. Huttman moved the adoption of the resolution.

Seconded by Mr. Kelly.

Mr. Sonstebj moved that action on the resolution be deferred temporarily.

Seconded by Mr. Harding.

Mr. Huttman, with the consent of his second, withdrew the motion to adopt the resolution.

The Chair declared action on the resolution deferred temporarily.

STANDING COMMITTEES

The Chair stated that, in case no objection was made by any member present, it was agreed that the reports of the several Standing Committees be sent to the desk of the Secretary in the order of the committees, as provided for in the regular order of business; that they be read by the Secretary, and in case no objection is made during the reading thereof, that at the conclusion of the reading of the reports of each committee a vote be taken on the acceptance of the reports submitted, and the adoption of the recommendations contained therein as a whole; if during the reading of such reports any objection is made to any report or any part of any report presented, such report or reports objected to shall be passed and the consideration thereof taken up separately.

Report to Approve Bill Amending Teachers Pension Law—Deferred Temporarily.

The Committee on School Management reports that it is in receipt of the accompanying bill providing for amendments to the teachers' pension law, and recommends that the same be approved by the Board of Education and sent to the State Legislature for enactment.

On motion of Mr. Sonstebj action on this report was deferred temporarily.

TO THE TEACHING CORPS:

The enclosed Bill is for an Act

- (a) To prescribe the number of trustees of the teachers' pension and retirement fund;
- (b) To prescribe the method of their election;
- (c) To provide for and protect contributors and annuitants;
- (d) To make obligatory upon the Board of Education the dollar for dollar appropriation that was made in 1912 and 1913.
- (e) To confer upon the Board of Education power to appropriate double the amount appropriated under obligation (d).

This Bill is designed to take the place of a law passed in 1907 which has been the object of much criticism by teachers. It is planned to make the enclosed Bill take the place of two Bills (No. 203 and No. 299) which are now before the Legislature as amendments to the present Bill.

The enclosed Bill was discussed Monday, April 7th, at an open meeting of the Legislative Committee of the Board of Education.

- Representatives of the Board of Trustees of the Pension Fund;
- Representatives of the Pension Contributors' League;
- Representatives of the Pension Delegate Convention;
- Representatives of the Teachers' Federation.

The Board at present is empowered to pay a sum equal to the interest on the amount the teachers contribute to the pension fund. It has the option of paying an amount equal, dollar for dollar, to the amount the teachers subscribe. By the new Bill this amount will be made compulsory. The privilege will be given to pay twice this amount. Last year it was a little less than \$65,000.

(Signed) ALFRED R. URION,
Chairman of Committee Appointed to Draft the Bill.

ELLA FLAGG YOUNG,
Superintendent of Schools.

April 8, 1913.

- 1 SECTION 152. In every city in this
- 2 state having a population exceeding
- 3 100,000 inhabitants, there shall be
- 4 elected a Board of Trustees to have
- 5 the administration and control of the
- 6 Public School Teachers' Pension and
- 7 Retirement Fund, to be created and
- 8 maintained in the manner provided
- 9 by this act. Such Board of Trustees
- 10 shall consist of nine members. The
- 11 Chairman of the Finance Committee
- 12 of the Board of Education of such
- 13 city shall be ex-officio a member of
- 14 and President of said Board of Trust-
- 15 ees. The Superintendent of the Public
- 16 Schools of such city also shall be

17 *ex-officio* a member of said Board of
 18 Trustees. In addition thereto there
 19 shall be elected at the first meeting
 20 of the said Board of Education in the
 21 month of October, 1913, three of its
 22 members to serve, while members of
 23 said Board of Education, on said
 24 Board of Trustees, one for a term of
 25 one year and one for a term of two
 26 years and one for a term of three
 27 years, and at the first meeting of said
 28 Board of Education in the month of
 29 October of each year thereafter there
 30 shall in like manner be elected, one
 31 member to said Board of Trustees
 32 who shall hold office, while a member
 33 of said Board of Education, for a
 34 term of three years; and at the first
 35 election there shall be elected four
 36 members to said Board of Trustees
 37 from those members of the teaching
 38 force who are contributors to said
 39 Pension and Retirement Fund of said
 40 city; two for a term of one year,
 41 while remaining contributors thereto,
 42 and two for a term of two years,
 43 while remaining contributors thereto.
 44 On the date of the first meeting of
 45 said Board of Education in the month
 46 of October of each year thereafter
 47 there shall in like manner be elected
 48 two members of said Board of Trustees
 49 from those members of the teaching
 50 force who are contributors to said
 51 Pension and Retirement Fund, who
 52 shall hold office for a term of two
 53 years, while remaining contributors
 54 thereto. The election of the mem-
 55 bers of the said Board of Education
 56 to said Board of Trustees shall be by
 57 a majority vote of said Board of
 58 Education in such manner as they,
 59 the Board of Education, shall pro-
 60 vide. The election of the members
 61 to said Board of Trustees by those
 62 members of the teaching force con-
 63 tributing to said fund of said city
 64 shall be by ballot at an election held
 65 by the Board of Education. Nomi-
 66 nations for Trustees shall be made
 67 by a primary election held at least
 68 two weeks before such final election,
 69 and every person who is a member
 70 of the teaching force of such city, and
 71 a contributor to such Pension and
 72 Retirement Fund, shall be entitled to
 73 vote at such primary election for six
 74 persons to be nominees for the office
 75 of Trustee of such pension fund. The
 76 six persons receiving the highest num-
 77 ber of votes in said primary shall
 78 appear as nominees for Trustees upon
 79 the election ballot. Each person
 80 who is a member of the teaching
 81 force of such city, and a contributor
 82 to said Pension and Retirement Fund,
 83 shall be entitled to vote at the elec-
 84 tion for such number of persons as is
 85 to be elected Trustees. Elections to
 86 fill vacancies may be called by the
 87 Board of Education and held at the
 88 next ensuing annual election; pro-
 89 vided, however, that the Board of
 90 Education may fill vacancies occur-
 91 ing in the membership of said Board
 92 of Trustees elected from said Board
 93 of Education at any regular meeting
 94 of the Board of Education. All Trust-
 95 ees, while members of said Board of
 96 Education or while contributors to
 97 said pension fund, shall hold their of-

98 fices until their successors shall have
 99 been elected and duly qualified.

100 SECTION 155. Any person who shall
 101 be employed to teach in the public
 102 schools of any such city, after this
 103 Act shall take effect, shall be entitled
 104 to the benefits of said fund upon com-
 105 plying with the provisions of this
 106 Act, and for the purposes of this Act
 107 such persons shall be divided into
 108 the following groups:

109 *First:* Those who have taught for
 110 five years or less.

111 *Second:* Those who have taught
 112 more than five years and not more
 113 than ten years.

114 *Third:* Those who have taught more
 115 than ten years and not more than
 116 fifteen years.

117a *Fourth:* Those who have taught
 118 more than fifteen years.

119 After this Act shall take effect,
 120 there shall be set apart from the sal-
 121 aries of all persons hereafter enter-
 122 ing for the first time the employ of
 123 the Board of Education of such cities
 124 50 cents per month for each month of
 125 service while they remain in the first
 126 group; \$1.00 per month, for each
 127 month of service while they remain
 128 in the second group; \$1.50 per month,
 129 for each month of service, while they
 130 remain in the third group; and \$3.00
 131 per month, for each month of service,
 132 while they remain in the fourth group;
 133 which amounts shall be deducted by
 134 the Board of Education in equal in-
 135 stallments from their respective sal-
 136 aries at the regular times for the pay-
 137 ment thereof, and be paid into and
 138 constitute a part of the Public School
 139 Teachers' Pension and Retirement
 140 Fund of such city. The board of
 141 trustees in any such city created or
 142 existing under the provisions of this
 143 Act, shall succeed to the administra-
 144 tion of any like fund established un-
 145 der any law now or heretofore in
 146 force in this State, and such board is
 147 hereby given the power to use both the
 148 principal and income of all funds for
 149 the payment of the pensions or
 150 annuities in this Act provided for,
 151 and shall have power to increase or
 152 reduce from time to time all pensions
 153 or annuities, provided such increases
 154 or reductions shall be at the same
 155 rate on all classes and further pro-
 156 vided that all reductions shall in the
 157 judgment of said Board of Trustees
 158 be rendered necessary by the condi-
 159 tion of said fund.

160 All teachers entering the service of
 161 the said Board of Education for the
 162 first time must submit to said Board
 163 of Education evidence which has been
 164 approved and accepted by the Board
 165 of Trustees of said Pension Fund, at-
 166 testing and proving service rendered
 167 in public schools outside of said city,
 168 and such evidence will be the basis
 169 for placing such teachers in the prop-
 170 er group of the groups provided in
 171 this section.

172 Any public school teacher who has
 173 heretofore retired from service and
 174 is entitled to a pension or annuity
 175 from a like fund, created under any
 176 law now in force, to the administra-
 177 tion of which fund such Board of
 178 Trustees has succeeded, or is a recip-

179 *lent of a pension or annuity there-*
 180 *under, shall henceforth be entitled to*
 181 *receive a graduating pension ranging*
 182 *from four-fifths to five-fifths of pen-*
 183 *sions paid under the provisions of this*
 184 *Act, dependent upon time of service*
 185 *as public school teachers, under uni-*
 186 *form schedules to be provided by rules*
 187 *of said Board of Trustees; and \$30.00*
 188 *per annum shall be withheld from*
 189 *such pensioner or annuitant until he*
 190 *or she shall have paid the aggregate*
 191 *amount of \$450.00.*

192 SECTION 156a. All persons who
 193 have heretofore been contributors to
 194 the Public School Teachers' Pension
 195 and Retirement fund of cities having
 196 a population exceeding 100,000 inhab-
 197 itants, under any law now in force,
 198 but who have withdrawn from such
 199 participation, may, if they shall ex-
 200 ercise the option, on or before the
 201 first day of July in the year of our
 202 Lord one thousand nine hundred and
 203 sixteen, renew their right to partici-
 204 pation in a fund to be created in said
 205 city under the provisions of this Act,
 206 by paying into said fund the full
 207 amount of any moneys they may have
 208 withdrawn from such previous fund,
 209 and the full amount they would have
 210 contributed had they not withdrawn
 211 therefrom, together with interest
 212 thereon at the rate of 4 per cent. per
 213 annum from the time such moneys
 214 were withdrawn and from the time
 215 payment would have become due to
 216 the date of their acceptance of the
 217 provisions of this Act; and thereaf-
 218 ter such persons shall contribute to
 219 said fund upon the same terms as
 220 teachers who shall hereafter be em-
 221 ployed and become contributors to,
 222 and beneficiaries of said fund; Pro-
 223 vided, however, that such persons who
 224 shall be re-employed by said Board
 225 of Education as such teachers on or
 226 after July first, 1913, may if they shall
 227 exercise such option within three years
 228 after such re-employment, renew their
 229 right to participation in such fund
 230 upon the same terms and conditions
 231 aforesaid.

232 SECTION 156b. All teachers who are
 233 now in the service of the Board of
 234 Education of any such city, other
 235 than those described in the previous
 236 section, may, if they shall exercise
 237 the option, on or before the first day
 238 of July in the year of our Lord one
 239 thousand nine hundred and sixteen,
 240 become contributors to and benefi-
 241 ciaries of the public school teachers'
 242 pension and retirement fund created
 243 under the provisions of this Act, upon
 244 the same terms as teachers who shall
 245 hereafter be employed and become
 246 contributors to, and beneficiaries of
 247 said fund, under Section 156a of this
 248 Act.

249 SECTION 157. Such Board of Trus-
 250 tees shall have the power, and it
 251 shall be its duty, to pass a resolution
 252 declaring the maturity of service and
 253 right to the immediate benefits of said
 254 fund in favor of persons entitled to
 255 the benefits thereof, in the following
 256 cases:

257 1. When any such persons shall
 258 have taught in the public schools in
 259 the United States, or rendered service
 260 therein, for a period of twenty-
 261 five years, within the meaning of this
 262 Act.

263 2. When any contributor to the said
 264 fund shall have taught fifteen years
 265 in the public schools within the mean-
 266 ing of this Act, and shall have been
 267 declared by three competent physicians,
 268 who have made a physical examination
 269 of the teacher at the request of a ma-
 270 jority of such Board of Trustees, to be
 271 suffering from a permanent disability.

272 Provided, that neither said Board of
 273 Trustees nor said Board of Education
 274 shall declare any contributor entitled
 275 to the immediate benefits of said fund
 276 until he or she shall have taught in
 277 the public schools of such city three-
 278 fifths of the term of service of twenty-
 279 five years, or three-fifths of the
 280 term of service of fifteen years, as the
 281 case may be, said three-fifths service
 282 in the City of Chicago must be the last
 283 service rendered prior to his or her re-
 284 tirement on a pension; and no person
 285 shall be entitled to the benefits of said
 286 fund until his or her employment in
 287 the service of such Board of Educa-
 288 tion shall have been terminated; and
 289 further provided, that no person shall
 290 be entitled to the benefits of said fund
 291 whose employment by said Board of
 292 Education has been terminated, vol-
 293 untarily or involuntarily, for any cause
 294 involving moral turpitude.

295 SECTION 165a. That the Board of
 296 Education of any city having a popu-
 297 lation exceeding 100,000 inhabitants
 298 shall annually set aside, appropriate
 299 and pay into the public school teach-
 300 ers' pension and retirement fund in
 301 such city now created or existing, or
 302 such as may hereafter be created, pur-
 303 suant to any law, a sum of public
 304 money, so that the same when taken
 305 together with the moneys added to
 306 such pension fund for that year from
 307 interest on school funds raised by tax-
 308 ation, as provided for in Section 165
 309 of this Act, shall equal in amount the
 310 aggregate of the sums set apart for
 311 that year and contributed to such
 312 pension fund from the salaries of the
 313 teachers in the employ of said
 314 Board of Education, and in addition
 315 thereto the aforesaid Board of Educa-
 316 tion shall have power annually to
 317 set aside, appropriate, and pay into
 318 the Public School Teachers' Pension
 319 and Retirement Fund in such city,
 320 now created or existing, or such as
 321 may hereafter be created, pursuant to
 322 any law, an additional sum of public
 323 money, so that the same, when taken
 324 together with the moneys added to
 325 such pension fund for that year from
 326 interest on school funds raised by
 327 taxation, as provided for in Section
 328 165 of this Act, shall equal in amount
 329 double the aggregate of the sums set
 330 apart for that year, and contributed
 331 to such pension fund from the salar-
 332 ies of the teachers in the employ of
 333 said Board of Education.

Committee on Buildings and Grounds, Board of Education of the City of Chicago.

GENTLEMEN:—

In condemnation proceeding Gen. No. 319,635 in the Circuit Court of Cook County, entitled "City of Chicago, in Trust for the Use of Schools, vs. Wilhelm Mesnow, et al." a trial has been had and verdict rendered.

In this proceeding, Lot thirty-two (32) in Block eight (8) in Watson, Tower & Davis' Subdivision of the West half of the North West quarter of Section six (6), Township thirty-nine (39) North, Range fourteen (14), East of the Third Principal Meridian, situated in the City of Chicago, County of Cook and State of Illinois, together with the improvements thereon, are condemned. Said lot has a frontage of 25 feet on North Leavitt Street, by a depth of 124 feet, to a 16 foot alley and is part of the Hirsch, Leavitt and Irving Streets site. The jury awarded the respondents the following sums:

To the owner of and parties interested in Lot 32 aforesaid, together with the improvements thereon, the sum of...	\$ 3,900.00
One Dollar (\$1.00) to each of two tenants residing on said premises	2.00
Costs of suit	3.00
Total	\$ 3,905.00

This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$3,905.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said sum to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in Trust for the Use of Schools, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report is a blue print of the survey of the property in question.

Respectfully submitted,

Ventilation Tests—Continue.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the President of the Board submitting the following letter from Dr. George B. Young, President Chicago Ventilation Commission, asking that an appropriation of \$750.00 be made by the Board of Education for a continuation of experiments now being conducted at the Chicago Normal School in connection with the ventilation of school buildings and recommending that said appropriation be made

February 13, 1913.

Hon. Peter Reinberg, President Board of Education, City of Chicago.

DEAR SIR:

As you are probably aware, Prof. J. W. Sheperd of the Chicago Teachers' College has, during the past two winters, carried on very interesting and valuable experiments in connection with the ventilation of school buildings, the work being supported by an appropriation made by your Board and conducted under the auspices of the Chicago Ventilation Commission, and with the approval of Mr. Patterson, the Acting Chief Engineer.

This experimental work has now reached a stage where we think that results are in sight which would make possible a very large saving in the ventilating equipment of new school buildings or in the alteration of old ones in connection with the ventilating equipment.

In order, however, to attain this point, it is necessary that the work should be carried on for a few months longer, and the expense for doing this in the way of equipment, material and temporary alterations in Prof. Sheperd's plant are estimated to amount to somewhere between \$500 and \$1000; probably \$750 would cover it.

I therefore write to ask your influence in securing from the Board of Education an appropriation for this amount to be expended by Prof. Sheperd, with the approval of Mr. Patterson, in completing the experimental work already done at the expense of the Board of Education. As it is necessary to do the work during the cold weather, in order not to lose a year's time, the appropriation should be made as speedily as possible.

Respectfully,

(Signed) G. B. YOUNG,
President, Chicago Ventilation
Commission.

The Committee recommends concurrence by the Board in the above suggestions of the President of the Board.

(20384)

Office and Business Employees Additional Help—Bureau of Repairs.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary recommending the employment of two additional carpenters temporarily and that the President of the Board of Education be authorized to make the necessary requisition on the Civil Service Commission for these mechanics for a period not to exceed sixty days.

The Committee recommends concurrence in the above suggestion of the Secretary.

(20385)

Legal Expenditures—Payment of.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board stating that out of an Emergency Fund of \$500.00 held by the Attorney, the expenditures shown on the attached statement have been made, the same being in a total sum of \$628.00 or \$128.00 in excess of said Emergency Fund, and requesting that, inasmuch as said Fund is a permanent one, the same be replenished to its full amount of \$500.00.

The Committee recommends concurrence by the Board in the above suggestions of the Attorney.

Penny Lunch Room—Fit Up—Bath Room—Install Haines Practice School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools recommending that an old store room and an abandoned toilet room in the basement of the Haines Practice School be fitted up

to be used as a Penny Lunch Room and that authority be granted for the purchase and installation of range, tables and other necessary permanent fixtures at a total estimated cost of \$300.00 for work to be done by the Bureau of Repairs and \$250.00 for work to be done by the Bureau of School Engineering.

The Committee further reports that it is in receipt of a report from the Superintendent of Schools recommending that the single bath tub at the Haines Practice School be removed and that a modern six shower bath equipment be installed at a total estimated expense of \$1,550.00.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(20290)

Bookcases—Construct—Howland School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools stating that there is urgent need for bookcases in the Principal's office at the Howland School in order to properly care for the books at said school and recommending that the bookcases be constructed at an estimated cost of \$175.00.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(20391)

Emmet School—Plaster Walls in Manual Training Room.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools recommending that the walls of the manual training room at the Emmet School be plastered at an estimated cost of \$295.00.

The Committee recommends concurrence by the Board in the above suggestion of the Superintendent.

(20392)

Old Hyde Park High School Building—Re-model.

The Committee on Buildings and Grounds reports that it is in receipt of the following communication from the Superintendent of Schools and recommends that the suggestions therein contained be concurred in:

The Superintendent of Schools reports that the Hyde Park High School Building on Kimbark Avenue, which has been vacated, if remodeled, will be much better adapted for the needs of the Ray School than the present Ray Building, and recommends that the building be remodeled for use in September as an elementary school, by the alteration and installation of modern heating, ventilating and plumbing fixtures, electric lighting, the renewal of the treads on the stairs, the installation of primary and grammar grade seats and desks of proper sizes, the fitting up of a kindergarten, manual training and household arts

rooms, a new principal's office on the first floor, and a general cleaning, varnishing, and calcimining of the building throughout. The Superintendent further reports that the usual one-story building for an assembly hall should be erected north of the present school building, and recommends that an appropriation be secured for said assembly hall, but that its erection be deferred until the Board has acquired title to the property which is now under condemnation.

(20393)

Additional Help—Secretary's Department.

The Committee on Buildings and Grounds reports that it is in receipt of a request from the Secretary of the Board that Arthur T. Raynsford, Examiner of Efficiency, at present employed by the Civil Service Commission, be transferred to the office of the Secretary of the Board at his present rate of compensation, namely: \$2340.00 per annum.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary.

(20394)

Parkside Branch—Name.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Committee on Naming Schools recommending that the school now known as the Pestalozzi Branch of the Parkside School, together with the addition thereto to be erected, be hereafter known as the Bryn Mawr School.

The Committee recommends concurrence by the Board in the above suggestion of the Committee on Naming Schools.

(20395)

Electric Service—Additional Electric Wiring—Playground—Corkery School.

Your Committee on Buildings and Grounds reports that it has received communication from the Superintendent of Playgrounds with reference to installation of electric lights at the Corkery School grounds, S. 43rd Ave. and W. 25th St., in accordance with authority heretofore granted by the Board. In the communication referred to the Superintendent suggests that it would be more serviceable to the playgrounds if the current could be connected at the north end, and the circuits so divided that eight lights on the east half, and eight lights on the west half, running north and south, would be separate circuits. This would afford an opportunity of lighting up the entire grounds at times with one circuit. In taking the matter up with the contractor as to the amount involved in having the changes made as recommended proposition was received in the sum of \$40.00 covering the additional work. This has been checked and found to be reasonable, and, inasmuch as the work could be installed at

the present time rather than later, the contractor was notified to proceed with the work and your Committee asks concurrence in the action taken.

(20396)

Electric Service—Grant Authority to Purchase Incandescent Lamps.

Your Committee on Buildings and Grounds reports that in order to fill orders for lamps for various school buildings and to meet requirements for the new Hyde Park High and Senn High School buildings, it will be necessary to order, in accordance with existing contract, from the New York Incandescent Lamp Company, incandescent lamps in the approximate sum of \$582.00 the following lamps:

600—32 c. p. 115 v. Carbon.
600—40 Watt 115 V. Tungsten, clear.
200—25 Watt 115 V. Tungsten, clear.
400—60 Watt 115 V. Tungsten T. Frost-ed.

and your Committee recommends that authority be granted the Secretary to make this purchase.

(20397)

Grant Authority Installation of Toilet Facilities—Peoples Institute—Crane Technical High School.

Your Committee on Buildings and Grounds reports that it is necessary in order to provide ample closet facilities at the Peoples' Institute, Van Buren and Leavitt Streets, leased by the Board of Education as an annex to the R. T. Crane Technical High School, to provide toilet fixtures and recommends that authority be granted for the work involved, including such work as comes under the jurisdiction of the Bureau of Repairs, in the approximate sum of \$350.00.

(20398)

Bids—Reject—Electric Lighting Facilities—Grant Authority to Re-advertise.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for the installation of electric lighting facilities at the new Hyde Park High School Building, 62nd St. and Stony Island Avenue, and recommends that the bids received be rejected, deposits returned and authority granted to re-advertise.

(20399)

Electric Service—Award Contract—Motors—Chicago Normal Teachers College.

Your Committee on Buildings and Grounds reports that it has received proposition from the Northwestern Electric Company in the sum of \$215.00 for the furnishing of two 4 h. p. 220 Volt, Type A. Wagner Open Type Motors at the Chicago Normal Teachers College, the same being the motors now running temporarily

at this building, to replace defective motors heretofore installed, the defective motors to be the property of the Northwestern Electric Company. This proposition has been checked and found reasonable, and your Committee recommends its acceptance.

(20400)

Fire Alarm Boxes—Accept Proposition from City Electrical Department for Installation of—Sundry Schools.

Your Committee on Buildings and Grounds reports that fire alarm boxes are not located in proximity to sundry school buildings, and proposition for the installation thereof has been received from the Department of Electricity of the City of Chicago, and your Committee recommends that the same be accepted and warrant issued by the Board of Education in favor of the Department of Electricity of the City of Chicago for the work involved as follows

Longfellow School, 35th and Lincoln Sts.	\$ 77.09
Jahn School, Lincoln and Belmont Ave.	75.91
Parker School, 68th St. and Stewart Ave.	121.00
Total	\$274.00

(20401)

Lunch Room—Teachers—Award Contract—Installation Additional Coffee Urn—New Hyde Park High School.

Your Committee on Buildings and Grounds reports that it has received request for the installation of one additional 10-gal. Coffee Urn complete at the new Hyde Park High School Building, 62nd St. and Stony Island Ave., and received proposition from the Ricketts & Bartlett Range Company in the sum of \$46.00 for the installation thereof. This urn is to match facilities heretofore installed by this firm and, inasmuch as the price is in accordance with proposition submitted on the other fixtures, your Committee recommends its acceptance.

(20402)

Office and Business Employees—Grant Authority for Temporary Employment of Two Tracers—Bureau of School Engineering

Your Committee on Buildings and Grounds reports that owing to the volume of electrical work to be installed prior to the opening of evening schools, it is necessary that two temporary tracers be employed to assist in the preparation of plans in the Bureau of School Engineering under the jurisdiction of the Secretary and, therefore, asks that authority be granted for the temporary employment thereof for a period of ninety days at a salary on the basis of \$80.00 a month each.

(20403)

Electric Service—Extend Electric Wiring—Senn High School.

Your Committee on Buildings and Grounds reports that it has received request for the extension of wiring for two plug outlets on wall of private laboratory (Room 163) and for one three plug outlet to be used for small motor connections, 220 Volt, 3 phase, at the Senn High School Building, Ridge and Francis Avenues. Proposition has been received for the work involved from the United Electrical Construction Company in the sum of \$85.00, which proposition has been checked and found to be reasonable, and inasmuch as this contractor is at the present time engaged on the original contract at this building, your Committee recommends its acceptance.

(20404)

Bids—Reject—Plumbing in Connection with Lawn Sprinklers—Haugan School Premises.

Your Committee on Buildings and Grounds reports that contract was awarded to B. E. Lynam by the Board of Education October 30, 1912, Report No. 19168, in the sum of \$180.00 for the installation of water supply pipes to provide lawn sprinklers in proximity to the premises surrounding the Haugan School Building, Hamlin and Wilson Avenues. Subsequently additional supplies were requested and your Committee, therefore, recommends that the original contract be rescinded and authority granted to readvertise for amended bids in accordance with the changed condition.

(20405)

Electric Service—Award Contract—Pump—Motor—Burr School.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for the installation of a larger electric pump and motor to replace smaller facilities at the Burr School Building, Wabansia and N. Ashland Avenues, to insure ample water pressure, and recommends award of contract to the Chicago Pump Company, it being the lowest bidder, in the sum of \$254.60 with the understanding that the old facilities replaced are to remain at the school building the property of the Board of Education.

(20406)

Institute Condemnation Proceedings to Acquire Property—New Site—60th Street, Langley and Champlain Avenues.

Your Committee on Buildings and Grounds reports that it has been advised by the Secretary he has been unable to agree with the owners of the property herein described as to the compensation to be paid therefor for use as a site for public school purposes. The property under consideration is described as follows: Lots one (1), two (2), three (3), four (4), five (5), six (6), seven (7), the north 25 feet of eight (8), the north 25 feet of twenty-five (25), all of lots twenty-six (26), twenty-seven (27), twenty-eight (28) and twenty-nine (29) in Lincoln Brooke's Park End Subdivision of lot fourteen (14), the east 33 feet of lot thirteen (13) and the west 33 feet of lot fifteen (15) in Maber's Subdivision of the southeast quarter of section fifteen (15), township thirty-eight (38) north, range fourteen (14), east of the third principal meridian, said property having a frontage of 261 feet on Langley and Champlain Avenues and 257.9 feet, more or less, on 60th Street, situated in the City of Chicago, County of Cook and State of Illinois.

Your Committee recommends that the title to the said described real estate, together with all private interests in so much of the public alleys as abuts the lots herein described be acquired in accordance with the provisions of the Eminent Domain Law, for the use of the schools, and that the President and Secretary of the Board be directed to request the concurrence of the City Council in instituting condemnation proceedings in the name of the City of Chicago against the owners of the said described property to be acquired in trust for the use of the schools.

Purchase and Sale of Property at Chicago Lawn Branch "1" School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from Frank N. Eberhart with reference to the purchase and sale of property now forming, and later to form, the Chicago Lawn Branch No. 1 School site on 62nd Place and South Hamlin Avenue and has considered the same and recommends First, that the Board of Education, through its President and its Secretary, request the City Council to sell the 203.5 feet on the north side of West 62nd Place running west from the corner of South Hamlin Avenue now comprising the Chicago Lawn Branch No. 1, at an upset price of \$3,500.00, under ordinance to be drawn by the Attorney for the Board, and Second, that the Board acquire by direct purchase lots 1 to 47, both inclusive, in block 3, John F. Eberhart's Subdivision of the southwest $\frac{1}{4}$ of the southwest $\frac{1}{4}$ of section 14, township 38 north, range 13, east of the third P. M., being all of the block bounded by 61st Place, 62nd Street, 40th Avenue and Springfield Avenue, at a price of \$17,255.00, provided that this purchase be not consummated until the property herein provided to be sold by the Board has been so sold and paid for and that the City Council be requested to concur in this purchase.

(20417)

Clerk—Employment of—Attorney's Office.

The Committee on Buildings and Grounds reports that it is in receipt of a request from the Attorney of the Board that a female Principal Clerk be certified for employment in the office of the Attorney of the Board at a salary of \$1,800.00 per annum.

The Committee recommends concurrence by the Board in the above suggestions of the Attorney.

(20418)

Grant Re-hearing in Case of Former Engineer—Langland School.

The Committee on Buildings and Grounds reports that it is in receipt of a petition from Henry Petersen, former Engineer of the Langland School Building, requesting that he be granted a re-hearing in the matter of charges on which he was dismissed by the Board of Education April 24, 1907, that it referred the matter to the Trial Committee and is in receipt of a communication from the Trial Committee stating that it has carefully considered the matter and recommends that the petition be allowed and a re-hearing be granted.

The Committee recommends that the suggestions of the Trial Committee be concurred in and that the order with reference to the dismissal of Mr. Petersen be vacated.

(20419)

Use of Hall—Cameron School.

The Committee on Buildings and Grounds recommends concurrence in the following report from the Superintendent of Schools:

The Superintendent of Schools reports that application has been received from Mr. Joseph A. Meyers, 3723 Columbia Street, for the use of the assembly hall of the Cameron School, on the evening of May 6, 1913, for a meeting of the Humboldt Grand Improvement Association at which Dr. W. A. Evans will deliver a lecture on "Hygiene in Schools and Homes," and recommends that the request be granted, without expense to the Association.

(20420)

Painters—Scale of Wages.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from L. P. Lindelof, Secretary-Treasurer of the Painters' District Council No. 14, stating that on and after April 1, 1913, the scale of wages for painters will be 65 cents per hour until April 1, 1914, when the scale will be 70 cents per hour until April 1, 1915, in accordance with agreement entered into between the contracting painters in Chicago and the Painters' District Council No. 14.

The Committee recommends that the painters in the employ of the Board of Education be paid in accordance with the above agreement.

(20421)

Provide Assembly Halls of Different Sizes.

The Committee on Buildings and Grounds recommends concurrence in the following report from the Superintendent of Schools:

The Superintendent of Schools reports that the seating capacity of different school buildings ranges from 700 to 1,000 to 1,500; that an assembly hall for a school seating 700 children does not meet the needs of the schools of larger membership.

The Superintendent recommends that assembly halls be built of three different sizes with seating capacities of 700, 1,000, and 1,500.

(20422)

Contracts—Award of—Drawing Paper.

The Committee on Buildings and Grounds reports that in accordance with authority granted, it has advertised and obtained proposals for Drawing Paper for the Art Department of the Chicago Public Schools, and recommends the award of the contracts to the lowest bidders as follows:

Replace Phonograph and Records Stolen From Washburne School.

The Committee on Finance reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

"The Superintendent of Schools reports that the following letter has been received from the principal of the Washburn School:

"At the beginning of this school year the phonograph and records belonging to the school were stolen.

"Every effort to recover them was made by Mr. Watson, detective for the Board of Education, hut to no avail.

"The Phonograph and records were purchased by contributions made by the principal and teachers, amounting to about \$125.00.

"We now respectfully ask the Board of Education to replace these articles, as they were of great value to the school."

The Superintendent recommends that the phonograph and records be replaced by the Board of Education. This recommendation is based upon the knowledge of the lack of any possibility of entertainment for the children in that school outside of that given by the school; and that the teachers themselves bore that expense of purchasing the phonograph and records is testimony to the need of the school and of the kind hearts and public spirit of the teachers."

(20428)

*Transfer of Physical Education
Appropriation.*

The Committee on Finance reports that it is in receipt of the following report from the Superintendent of Schools:

"The Superintendent of Schools reports that the Supervisor of Physical Education requests that \$1600.00 be transferred

from the apportionment for Physical Education in elementary schools to Physical Education in high schools, and that \$200.00 apportioned for First Aid Cases in high schools be transferred to the apportionments for physical education in elementary schools.

"In the judgment of the Superintendent, it would be better to buy necessary equipments and at the end of the fiscal year pay for them from unexpended apportionments for Physical Education in both high and elementary schools. Mr. Suder has, however, been advised by the Auditor that such transfers should be made now, and the Superintendent is therefore calling the attention of this Committee to the subject."

The Committee recommends that the equipments he purchased as suggested by the Superintendent and that the transfers requested be made at the end of the year.

Leases.

Mr. Lipsky, Chairman of the Committee on Leases, presented the following report from the Committee:

Transfer and Assignment of Lease to Thomas Coughlan.

Your Committee on Leases respectfully submits the following resolution, and recommends the adoption thereof by the Board of Education:

"WHEREAS, an original lease was made between the Board of Education of the City of Chicago, and Michael A. Hoyne, and dated May 8th, 1880, for a term of thirty years, expiring on May 8th, 1910, which lease was afterwards assigned by said Michael Hoyne to John and Thomas Coughlan, the said assignment having been duly consented to as required by said lease by the Board of Education of the City of Chicago,

AND WHEREAS, on December 18th, 1889, a supplemental lease was made between the Board of Education of the city of Chicago, and John and Thomas

Coughlan, whereby certain disputes arising under the old lease were adjusted, and the term extended until the 8th day of May, A. D. 1985, said dispute not being between the said Coughlans and the Board of Education of the City of Chicago, but very general questions between the Board of Education of the City of Chicago and its lessees involving the construction and meaning of similar leases,

AND WHEREAS, on August 3rd, 1893, in making a division of certain property interests, John Coughlan and his wife made a quit claim deed to Thomas Coughlan, of all their interest in Lot Ten (10), in Block One (1) in School Section Addition to Chicago, Illinois, according to a re-subdivision of said Block One (1), approved by said Board of Education on February 26th, 1880, and also known as (old number) 78 South Halsted street, (new number) 13 South Halsted street, this property being the same as is hereinabove referred to in said lease; and this said quitclaim deed was recorded in the Recorder's Office of Cook County on December 18th, 1893, in Book 4398 of records, page 235, and carried all John Coughlan's interest in the premises hereinabove described, and in legal effect, was an assignment of the said lease,

AND WHEREAS, the original and supplemental leases between the Board of Education and John and Thomas Coughlan do not show the consent of the Board of Education of the City of Chicago to the assignment made under the above described quitclaim deed from John Coughlan to Thomas Coughlan, and it is the desire of Mr. Thomas Coughlan to procure the proper action of the Board of Education of the City of Chicago to comply with the terms, provisions and conditions of the said lease and supplemental lease,

AND WHEREAS, said Thomas Coughlan began paying the rent for said premises on February 9th, 1900, and has been paying said rent ever since that date, as evidenced by receipts in his possession, and by the records of the Board of Education,

AND WHEREAS, there is apparently no record in the official proceedings of the Board of Education of the City of Chicago, of any consent by the Board to the assignment or conveyance of the premises from John Coughlan and wife to Thomas Coughlan, as above recited, notwithstanding the acceptance of rent as above set forth, and the Board of Education has shown its willingness to accept said Thomas Coughlan as sole tenant,

THEREFORE, BE IT RESOLVED by the Board of Education of the City of Chicago, in regular meeting assembled, that the President and Secretary of the Board of Education of the City of Chicago be empowered and authorized to sign, seal, attest and deliver the prop-

er instrument to be drawn by the General Counsel, to conform to the facts as they exist, and to place the parties to the lease in their rightful position with the Board; and, to transmit a copy of such action to the said Thomas Coughlan, or his attorney, and see that a copy is transmitted to the Recorder of Cook County, Illinois, to complete the chain of title in this transaction with reference to the premises hereinabove described."

On motion of Mr. Lipsky, the report was received and the recommendation contained therein was adopted.

YEAS.—Mr. Urion, Dean Sumner, Messrs. Smietanka, Lipsky, Harding, Huttman, Dibelka, Sethness, Sonstebly, Kelly, Rothmann, Dr. Warning, Messrs. Loeb, Roulston, Collins, Peterson and Reinberg. 17.

Resolution of Amendments to Pension Law Adopted.

The Secretary read Resolution No. 20311-D action on which had been deferred temporarily on motion of Mr. Sonstebly.

Mr. Sonstebly moved to amend the resolution by striking out the following: "Whereas, immediately after said meeting, the sponsors for Senate Bill 299, ignoring and in violation of the agreement reached by said joint committee, caused said bill to be passed by the Senate."

Seconded by Mr. Harding.

Mr. Rothmann moved that the motion made by Mr. Sonstebly be laid up on the table.

Seconded by Mr. Loeb.

To allow Mr. Sonstebly to speak to his motion, Mr. Rothmann, with the consent of his second, Mr. Loeb, withdrew the motion to table.

After discussion the Chair stated the motion before the House was the mo-

tion made to strike out from the resolution the following motion: "WHEREAS, immediately after said meeting the sponsors for Senate Bill 299, ignoring and in violation of the agreement reached by said joint committee, caused said bill to be passed by the Senate," and directed the Secretary to call the roll on said motion.

The roll being called the motion was lost.

YEAS.—Messrs. Harding and Sonstebly. 2.

NAYS.—Mr. Urion, Dean Sumner, Messrs. Smietanka, Lipsky, Huttman, Dibelka, Sethness, Kelly, Rothmann, Dr. Warning, Messrs. Loeb, Roulston, Collins, Peterson and Reinberg. 15.

Mr. Urion moved the adoption of the resolution.

Seconded by Mr. Loeb and so ordered by the following roll call.

YEAS.—Mr. Urion, Dean Sumner, Messrs. Smietanka, Lipsky, Huttman, Dibelka, Sethness, Kelly, Rothmann, Dr. Warning, Messrs. Loeb, Roulston, Collins, and Reinberg. 14.

NAYS.—Messrs. Harding and Sonstebly. 2.

Mr. Peterson was absent from the room when this vote was taken.

Furnish Copy of Resolution to Various Officials.

Mr. Urion moved that the Secretary of the Board be instructed to send a copy of the resolution, just adopted, to the Governor of the State, to His Honor the Mayor of Chicago, to each member of the State Senate and to each member of the House of Representatives of Illinois, stating that the said Resolution was adopted by an almost unanimous vote of the entire Board of Education of the City of Chicago.

Seconded by Mr. Loeb and so ordered by the following roll call.

YEAS.—Mr. Urion, Dean Sumner, Messrs. Smietanka, Lipsky, Huttman, Dibelka, Sethness, Kelly, Rothmann, Dr. Warning, Messrs. Loeb, Roulston, Collins and Reinberg. 14.

NAYS.—Messrs. Harding and Sonstebly. 2.

Mr. Peterson was absent from the room when this vote was taken.

On motion of Mr. Rothmann the Board adjourned.

L. E. Larson

Secretary.

BOARD OF EDUCATION

REGULAR MEETING

OFFICIAL REPORT

CHICAGO, APRIL 30th, 1913

Chicago, April 30, 1913.

In the absence of the President, the Vice President and the Secretary of the Board, Mr. Sonstebj called the meeting together, and stated that "The President, the Vice President and the Secretary of the Board and a number of the members of the Board are in Springfield endeavoring to get intelligent legislation for the public schools, and the Committee from the Legislature which was to give the members a hearing on Tuesday evening postponed the meeting until

Wednesday morning and so necessitated the members of the Board staying over, and there was a general agreement made that the meeting of the Board would be called and adjourned until Friday next, at 4 p. m."

Mr. Harding moved that the Board adjourn until Friday, May 2, at four p. m. It was so ordered.

The Board adjourned.

LEWIS E. LARSON,
Secretary.

Change Membership of Standing Committees.

The Secretary presented the following communication from the President of the Board:

(20432-C)

Chicago, May 2, 1913.

To the Board of Education of the City of Chicago.

LADIES AND GENTLEMEN:—

I respectfully recommend that Section 15 of the Rules of the Board of Education: "COMMITTEES, Standing Committees, Appointment to Membership," be amended as follows:

First, by inserting the word "Four" in place of the word "Three" in the last line of the first paragraph, so that the same will read as follows: "four general committees."

Second, by the addition of a paragraph to be numbered (4): "The Committee on Rules shall consist of four members of the Board and the heads of the Education and business departments in an advisory capacity."

Respectfully submitted,
(Signed) PETER REINBERG,
President.

On motion of Mr. Kelly the recommendation of the President was concurred in.

On motion of Mr. Kelly the action of the President was concurred in.

STANDING COMMITTEES

The Chair stated that, in case no objection was made by any member present,

it was agreed that the reports of the several Standing Committees be sent to the desk of the Secretary in the order of the committees, as provided for in the regular order of business; that they be read by the Secretary, and in case no objection is made during the reading thereof, that at the conclusion of the reading of the reports of each committee a vote be taken on the acceptance of the reports submitted, and the adoption of the recommendations contained therein as a whole; if during the reading of such reports any objection is made to any report or any part of any report presented such report or reports objected to shall be passed and the consideration thereof taken up separately.

SCHOOL MANAGEMENT.

Judge Vincent, member of the Committee on School Management, presented reports of the Committee as follows:

(20433)

Award Certificates.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that the following named persons, who were successful in the academic examination for certificates to teach in the Chicago public schools, and who have since passed the required physical examination, be awarded certificates as indicated:

Teachers in Elementary Schools.

Golden, Matilda M.
Karch, Carolyn

Teachers of Manual Training in Elementary Schools.

Lofgren, Bror O.
Thoren, Carl D.

(20434)

Award Certificates to Chicago Normal College Graduates.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that partial certificates to teach in the elementary schools be awarded to the following named graduates of the Chicago Normal College, Class of February, 1913, to bear date the day on which they respectively attain the age of nineteen years:

Helen L. Anderson April 19, 1913
Alice Barry May 6, 1913

(20435)

Elect Dean of Girls at Marshall and Medill High Schools.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that Maud Morey, teacher in the Marshall High School, has never been elected assistant to the principal, although she has acted in that capacity since the establishment of the position; that she was elected dean of girls, and although finely equipped for either position, the Superintendent thinks that one person should not be assigned to the two positions, and therefore recommends that Maud Morey be elected assistant to the principal of the John Marshall High School, to date from January, 1913; that Miss Morey's resignation as dean of girls be accepted and Grace Bartelme be elected dean of girls at the Marshall High School, to date from April, 1913.

The Superintendent further recommends that M. Joice Adams be elected dean of girls in the Medill High School in place of S. Cecilia Wells; to date from April, 1913.

(20436)

Teachers of Manual Training in Elementary Schools—Elect and Fix Salaries.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that the following named teachers of manual training in the elementary schools, who have completed satisfactorily the four months' probationary service required under the rules, be elected teachers of manual training in the elementary schools, to date from March, 1913, at the salaries named:

Love, Glade F.—

Salary, lower group, fourth year, \$1,100 per annum.

Sauborn, Stella M.—

Salary, upper group, third year, \$1,400 per annum.

(20437)

Elect Head Assistant.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that Mary Brennan, an eighth grade teacher in the Bismarck School be elected Head Assistant of that school, to date from May, 1913.

(20438)

Head Assistant of Gage Park School—Fix Salary.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that the salary of Katherine A. Mun, Head Assistant of the Gage Park School, be advanced to the second year, upper group of the schedule for head assistants, in March, the month in which she was promoted from the lower to the upper group of eighth grade teachers.

(20439)

Assistant to Principal of Medill High School—Adjust Salary.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that a communication from Rose M. Kavana, Assistant to the Principal of the Medill High School, in reference to her salary, was referred to the Superintendent for recommendation and report; that the schedule for assistants to principals in the high school was advanced in 1912 to a maximum of \$2,600, with an additional \$300 for assistants to the principals, making the latter maximum \$2,900; that an elimination of salaries below \$3,000 was not made in the schedule for high school principals; that said schedule still begins at \$2,200 and advances at the rate of \$100 per year, reaching \$3,000 in nine years.

The Superintendent recommends that the attention of the Committee on Finance be called to this conflict between the salary schedule for the assistants to the principals in the high schools and the salary schedule for the first nine years of the schedule for the principals.

The Superintendent further reports that in the elementary schools the head assistant is paid at the rate of the first year on the schedule of principals' salaries in case of the absence of the principal of the school; that a corresponding plan should be adopted for the assistants to the principals in the high schools.

The Superintendent recommends that if the schedule for the first years of the high school principals be changed to \$3,000 and the rule established that in case of the absence of the principal of the high school the assistant of the principal shall be paid at the rate of the first year on the schedule of high school principals' salaries, Miss Rose M. Kavana of the Medill High School be paid during the seven and one-half weeks that she acted as principal of the Medill High School at the rate of \$3,000 per annum.

(20440)

High School Teachers—Adjust Salaries.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that at the meeting of the Board of Education on September 4, 1912, Report No. 18606, Alda May Stephens, teacher in the Englewood High School, was advanced one year on the salary schedule to date from September, 1912. As Miss Stephens advances annually in March, the insertion of the date of September, 1912, in the report makes her advance only six months instead of a full year. The Superintendent therefore recommends that the report be amended by adding "to change in March, 1913."

The Superintendent further recommends that the salary of Irene R. Kearns, who was elected teacher in the Bowen High School on April 2, 1913, Report No. 20212, be adjusted to the fourth year of the lower group of the schedule for teachers with limited certificates, \$1,150 per annum, to date from March, 1913.

(20441)

Experienced Teachers—Adjust Salaries.

The Committee on School Management

Name	Previous Experience	Salary Recommended	School
Grantvedt, Jennie M.	14 years	7th year	McLaren
Pratt, Effie L.	17 years	7th year	Agassiz
Pepper Sarah J.	6½ years	4th year	Gladstone

reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that the salaries of the following named teachers, recently assigned to positions in the elementary schools, who have had experience in teaching previous to their assignment in the Chicago public schools, and who by their success have shown the benefit of such experience, be advanced on the salary schedule for elementary teachers, in accordance with their experience, to date from their assignment:

The Superintendent of Schools recommends the transfer of Ella B. Hare and Bertha Kuntz, who hold certificates of sewing, from the elementary schools to the Household Arts Department, to date from May 5, 1913, to fill the vacancies caused by the absence of Dora Heuermann and Emma J. Heuermann, on leave for the school months of May and June, 1913.

GENTLEMEN:—

In condemnation proceeding Gen. No. 319028 in the Circuit Court of Cook County, entitled "City of Chicago, in Trust for the Use of Schools, vs. Ella Douglas, et al," a trial has been had and verdict rendered.

In this proceeding, together with other property, Lot three (3) in Block three (3) in Runyan & Others Subdivision of Block eight (8) of Lee & Others Subdivision of the South West quarter of Section twelve (12), Township thirty-nine (39) North, Range thirteen (13), East of the Third Principal Meridian, together with the improvements thereon, situated in the City of Chicago, County of Cook and State of Illinois, is condemned. Said lot has a frontage of 25 feet on Walnut Street, by a depth of 150 feet to a 16 foot alley, East of the Beldler School. The jury awarded the respondents the following sums:

To the owner of and parties interested in Lot 3, aforesaid, together with the improvements thereon, the sum of.....	\$6,100.00
One Dollar (\$1.00) to the tenant residing on said premises.....	1.00
Costs of suit.....	3.00

Total\$6,104.00

This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$6,104.00 payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said sum to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in Trust for the Use of Schools, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report, is a blue print of the survey of the property in question.

Respectfully submitted,

**Make Appropriation—Investigation by Effi-
ciency Division of Compensation for En-
gineers and Janitors.**

The Committee on Buildings and Grounds
reports that it is in receipt of a communi-
cation from the Civil Service Commission,
addressed to the President of the Board un-
der date of April 24, 1913, transmitting a
report of its Efficiency Division relative to a
plan to be followed in an investigation of the
compensation of Engineers and Janitors of
Chicago Public School Buildings, and rec-
ommends that an appropriation of \$2,500.00
be made for defraying the expenses of the
said investigation. The following is a copy
of the correspondence referred to

April 24, 1913.

Mr. Peter Reinberg,
President, Board of Education.
Chicago, Ills.

DEAR SIR:—

The Commission begs to transmit here-
with report of its Efficiency Division rela-
tive to the plan to be followed in the in-
vestigation of the compensation of engineers
and janitors in the Chicago public school
buildings, as requested in letter of November
11, 1912; also an estimate of the expenses
and salaries for additional special help
necessary outside of the Efficiency Division
staff to conduct this investigation.

Very truly yours,
Civil Service Commission,
City of Chicago.

(Signed) JOHN J. FLYNN,
Commissioner.

April 22, 1913.

Civil Service Commission,
City of Chicago.

GENTLEMEN:—

On November 11, 1912, the Board of Ed-
ucation directed to the Commission the fol-
lowing communication:

MY DEAR MR. CAMPBELL:—

On behalf of the Board of Education I
desire to ask your Commission to have its
Efficiency Bureau investigate the present
schedule of compensation for Engineers and
Janitors of the Chicago Public Schools, with
a view to ascertaining whether the present
basis of compensation is economical or ex-
travagant. Enclosed herewith you will find
a printed copy of the schedule in question.

Awaiting your reply, I am

Yours very truly,
(Signed) J. B. McFATRICH,
President.

Hon. Harmon M. Campbell,
President Civil Service Commission,
Chicago, Ill.

In answer thereto the Commission write
the following on November 16, 1912:

Dr. J. B. McFatrigh,
President, Board of Education,
Chicago, Ill.

DEAR SIR:—

The Commission begs to acknowledge re-
ceipt of yours of the 11th instant, addressed

to Mr. Campbell, president of this Commission, requesting investigation by the Efficiency Division of the present schedule of compensation for engineers and janitors.

This will receive our prompt attention.

Very truly yours,

Civil Service Commission,
City of Chicago.

(Signed) JOHN J. FLYNN,
Commissioner.

Because of the number of investigations under completion and the reduction in the Commission's appropriations occasioned by the Supreme Court decision in September, 1912, the Efficiency Division has not been able to undertake a comprehensive study of the above to date.

A general survey has however been made as to the extent and plan to be followed in such an inquiry. To carry on the proposed investigation in a thorough manner and have definite and constructive findings for use of the Board of Education, this study should be pursued along the following plan:

1. Search, analysis and compilation of information and statistical data as to methods and systems used by the larger municipalities in this country, this information to be obtained through the service of written inquiries and personal conferences with the public school officials in the different cities.

2. Investigation of present methods and systems in use in compensating engineers and janitors of the Chicago public schools and study of the size, character, plant and equipment in the different school buildings in this city.

3. Report fully, for the information of the Board of Education, as to the economy and efficiency of present plan and recommendations.

For the reasons above indicated, this division cannot at this time use its own permanent staff to cover the numerous details included in this study, but would be able to supervise the investigation if additional special help is provided. The division estimates that an amount not exceeding \$2,500.00 would be necessary to complete the proposed investigation in a thorough manner, this amount to be used as follows:

2 Examiners of Efficiency at \$160 per month for three months.....\$960

2 Junior Technical Investigators at \$125 per month for 2 months..... 500

1 Stenographer at \$90 per month for two months..... 180

Reports and incidental and necessary miscellaneous expenses not to exceed 800

The division respectfully suggests that this outline and estimate be presented to the Board of Education at the meeting of its committee on Friday, April 25th, for action.

Respectfully submitted,

(Signed) J. L. JACOBS,
Efficiency Engineer in Charge.

Approved

(Signed) JAMES MILES,
Examiner in Charge of Efficiency Division.

(20554)

Request Granted—Use of Iowa Street and Campbell Avenue School Site.

Your Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board recommending that the proposition of D. F. Lynch, Agent of Buffalo Bill's Wild West Shows, to pay \$150.00 for the use of the Iowa Street and Campbell Avenue School Site for show purposes, be accepted subject to a license or permit to be drawn by the General Counsel of the Board.

Your Committee recommends concurrence by the Board in the above suggestions of the Secretary.

(20555)

Facilities for Watering Lawn—Schurz High School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board submitting an estimate in the sum of \$350.00 being the cost of installing proper outlets, hose, etc., for watering the lawn and shrubbery at the Carl Schurz High School.

The Committee recommends that suitable facilities for watering the lawn and shrubbery at said building be provided in accordance with the above estimate.

No objections having been made to any of the recommendations contained in the several reports submitted, on motion of Mr. Sethness the reports were received and the recommendations contained therein were adopted, such adoption being declared to have been the action of the Board on each individual recommendation.

Yeas.—Mr. Smietanka, Judge Vincent, Messrs. Lipsky, Harding, Mrs. MacMahon, Messrs. Huttman, Dibelka, Sethness, Sonstebly, Kelly, Rothmann, Roulston, Collins, Peterson and Reinherg. 15.

Nays.—0.**FINANCE.**

Mr. Rothmann, Chairman of the Committee, on Finance, presented reports of the Committee, as follows:

(20556)

Adjust Salaries of Teachers.

Your Committee on Finance respectfully reports that it is in receipt of the attached report from the Superintendent of Schools.

Your Committee further reports that it has carefully considered the matter, and recommends concurrence in the above recommendations of the Superintendent of Schools.

The Superintendent of Schools reports as follows on four adjustments of salaries recommended by the committee of the High School Teachers' Club:

1. In January, 1909, Ernest Sicard passed the examination for a general high school certificate, which fact, considered in connection with the unusual condition under which Mr. Sicard had been employed by the Board since 1900, was equivalent to passing the promotional examination at that time.

The Superintendent recommends that the salary of Ernest Sicard be advanced January, 1913, to \$2100—the fifth year of the upper group for teachers holding general high school certificates.

2. A. Albertine Wetter was refused a general certificate by the then Superintendent of Schools in 1903. In 1910 the present Superintendent reviewed the conditions and recommended that Miss Wetter be promoted January, 1910, to the upper group, and under special action of the Board the promotion was made. It is the belief of the Superintendent that the refusal of the former Superintendent to recognize the examination held in 1903 under conditions recommended by him should stand until the time when the present Superintendent placed a different interpretation on those conditions. No recommendation for a change of salary is made.

3. Samuel Leland of the McKinley High School passed the promotional examination January, 1909, from old Group III to old Group II. Because of the abolition of the third group, the Superintendent recommends that Mr. Leland's salary be placed in the present upper group in January, 1909, and that his salary be made \$2100, dating from January, 1913.

4. The Superintendent reports that Dixie Leo Bryant has neither passed the promotional examination nor complied with the alternative, to present a record of advanced study courses completed. No recommendation for advancement of salary is made.

(20557)

Pay Bill for Sewing Machine.

Your Committee on Finance respectfully reports that it is in receipt of the attached report from the Superintendent of Schools.

Your Committee further reports that it has carefully considered the matter, and recommends concurrence in the above recommendation of the Superintendent of Schools.

The Superintendent of Schools reports that correspondence relative to the request of Mr. W. H. Campbell, Principal of the Wentworth School, for reimbursement of money paid for a sewing machine purchased by him for the school in 1907, is herewith returned; that the Superintendent has no knowledge of this transaction, but quotes

to you from a communication received from Mr. R. M. Smith, Supervisor of Manual Training, High and Technical Schools, as follows:

"When it was first decided to put sewing machines in the elementary schools, two machines were to be furnished to each school. As soon as the contract was awarded, some of the more alert principals succeeded in getting two machines into their buildings, but it was soon found that the appropriation would not permit of this and it was later decided to send only one machine to each elementary school. I do not think that Mr. Campbell should be called upon to pay for this machine from his own pocket, and I therefore recommend that he be reimbursed by the Board of Education."

The Superintendent recommends that the sewing machine be paid for out of the Contingent Fund of the Board.

(20558)

Pay Bills for Insurance Bonds.

Your Committee on Finance respectfully reports that it is in receipt of the following communication from the Secretary of the Board:

"Attached hereto please find bills from the United States Fidelity and Guaranty Company amounting to \$45.00, for premiums on bonds covering John J. Nuesse, James T. Austin and John W. Kennedy, Truant Officers who hold special deputy sheriff commissions. The form of each bond has heretofore been approved by the Attorney of the Board, and I respectfully recommend that the bills covering the premiums be ordered paid."

Your Committee further reports that it has carefully considered the matter, and recommends concurrence in the recommendation of the Secretary.

(20559)

Adjust Salaries of Office Attendants.

Your Committee on Finance respectfully reports that it is in receipt of the following communication from the Secretary of the Board:

"I respectfully recommend that whenever office attendants have completed their six months of probationary service, that they be automatically increased to the next higher group at \$30.00 per month, provided their work is reported satisfactory by the head of the department in which they are employed."

Your Committee further reports that it has carefully considered this matter, and recommends concurrence in the recommendation of the Secretary.

(20560)

Advance Salary of Erma Schaffner.

The Committee on Finance recommends concurrence in the following report from the Superintendent of Schools:

The Superintendent of Schools reports that Erma Schaffner, stenographer in the Education Division is at the same point in the salary schedule at which she was placed in January, 1911, \$80.00 per month, and recommends that she be advanced to the next highest salary to which she is eligible.

(20561)

Issue Duplicate Warrant.

The Committee on Finance reports that it is in receipt of a request from James C. Reed, teacher in the Medill High Evening School, for a duplicate warrant in lieu of the original No. 4775, in the sum of \$66.50, issued to him for services rendered in February and March, 1913, which was lost or destroyed.

The Committee further reports that it has considered this request, and recommends that a duplicate warrant be issued to Mr. Reed when he shall have filed with the Secretary the necessary indemnity bond.

(20562)

Issue Duplicate Warrant.

The Committee on Finance reports that it is in receipt of a request from Nanon M. Wincher, teacher in the Jahn School, for a duplicate warrant in lieu of the original warrant No. 47577, in the sum of \$64.50, issued to her for services rendered in March, 1913, which was lost or destroyed.

The Committee further reports that it has considered this request, and recommends that a duplicate warrant be issued to Miss Wincher when she shall have filed with the Secretary the necessary indemnity bond.

(20563)

Issue Duplicate Warrant.

The Committee on Finance reports that it is in receipt of a request from Rosamond M. Tower, Substitute, for a duplicate warrant in lieu of the original warrant No. 50832, in the sum of \$57.00, issued to her for services rendered in March, 1913, which was lost or destroyed.

The Committee further reports that it has considered this request, and recommends that a duplicate warrant be issued to Miss Tower when she shall have filed with the Secretary the necessary indemnity bond.

(20564)

Report on Budget Plan, and Salaries of Office and Business Employees.

Your Committee on Finance respectfully reports that the difficulties encountered in making up the budget for the year 1913 impressed upon the members of the Committee the importance of requiring that the estimates hereafter be furnished to the Committee by the heads of the departments as a basis for future budgets should be sub-

mitted in itemized detail, so that the Committee may have before it information which will enable it intelligently to apportion the moneys available to the various school activities, in the form of an itemized budget. Coupled with this necessarily goes an itemization of the expenditures for the current year which will serve as a basis upon which the estimates for next year would be planned, and your Committee reports that it has instructed the Secretary to carry this into effect.

Your Committee further reports that in order to properly prepare a budget of the Building Fund it is necessary that the miscellaneous expenditures for the year 1914, (outside of new buildings, additions to old buildings, and sites) be planned during the present year, and your Committee recommends that the Superintendent of Schools be requested to submit to it on or before December 1, 1913, the list of recommendations for the following, together with the estimated cost of same.

1. New class rooms to be equipped in the present buildings.
2. New kindergarten rooms.
3. New cooking rooms.
4. New manual training rooms.
5. New bath rooms.
6. Gymnasiums.
7. Cork carpets.
8. Changes in seating of assembly halls.
9. Pianos.
10. Electric lights.
11. All other installations and equipments not falling within the class of ordinary repairs and renewals.
12. Teachers rest, lunch and toilet rooms.

After such a report has been received, the estimated cost can be checked up and verified. The Business Department thereby will be enabled to plan the work for the coming year with a definite knowledge of what is contemplated to be done. The Finance Committee will be enabled to make an intelligent apportionment of the available funds, and will be relieved of the necessity of considering applications for appropriations of this character at almost every meeting, as is now the case. This change, also, in the judgment of your Committee, will remove much of the complaint that repairs, as well as installations, of the types above referred to, are not properly consummated.

Your Committee further reports that standard lists of the various school materials and supplies are in course of preparation, and when completed, specifications will be prepared and bids solicited for yearly contracts based upon the estimated quantities needed during the fiscal year. This change from the present methods of purchasing materials and supplies on bids, from time to time, will very largely eliminate complaints with reference to the furnishing of school supplies.

Your Committee further reports that the recent re-classification and re-grading of the Civil Service employees of the Board into grades and groups has had a tendency, when said employees pass the examinations to obtain legal standing in the grades and groups where their present salaries placed them, of giving an impression to the public that these salaries are higher than paid by

private firms or other municipal corporations. The present scheme of civil service grading provides that all new clerical employees enter the service at a salary of \$70.00 a month, and that thereafter their advancement in salary depends upon two things: first, their passing promotional examinations making them eligible to advancement; and, second, upon the vote of the Board to give them higher salaries. In other words, the power to fix salaries of all employees remains with the Board.

Your Committee further finds that most of the present office and business employees have been in the service of the Board of Education from ten to forty years, and that, necessarily, the present salaries paid to many of them are practically the maximum salaries that will be paid in the future. When vacancies occur, they will be filled by the promotion of a lower salaried employee, under the rules and regulations, grading and grouping fixed by the Civil Service Commission.

For the purpose of informing your Committee as to whether or not the present salaries are proper remuneration for the service performed, and as to whether or not the present staff of employees is properly proportioned to the work to be done, your Committee recommends that the President and the Secretary of the Board of Education be authorized and directed to request the Civil Service Commission to assign its Efficiency Division to investigate and report to your Committee upon the following points: (1) the present compensation for each clerical employee of the Board based upon the service performed; (2) the proper compensation to be paid for the service rendered in each particular position, without regard to the present employee; (3) the number of employees which should be necessary to the work required in the various departments other than the Educational Department.

With this information your Committee will be enabled to make recommendations to the Board as to requests for additional employees and as to the salaries that should be paid for each kind of service and line of work, when vacancies occur in the future.

Appointment of Special Committee on Efficiency.

The President presented the following communication:

(20565-A)

Chicago, May 14, 1913.

To the Board of Education of the City of Chicago.

LADIES AND GENTLEMEN:—

In accordance with action taken by the Board at its meeting on May 2, 1913, I hereby appoint the following members to serve on a committee to investigate the question of efficiency and economy in the Chicago schools:

Mr. William A. Vincent, Chairman.
Mr. Henry W. Huttman.
Mr. Charles O. Setbness.

Respectfully submitted,

(Signed) PETER REINBERG,
President.

On motion of Mr. Kelly, the action of the President was concurred in.

Mr. Loeb entered.

STANDING COMMITTEE

The Chair stated that, in case no objection was made by any member present, it was agreed that the reports of the several Standing Committees be sent to the desk of the Secretary in the order of the committees, as provided for in the regular order of business; that they be read by the Secretary, and in case no objection is made during the reading thereof, that at the conclusion of the reading of the reports of each Committee a vote be taken on the acceptance of the reports submitted, and the adoption of the recommendation contained therein as a whole; if during the reading of such reports any objection is made to any report or any part of any report presented, such report or reports objected to shall be passed and the consideration thereof taken up separately.

Pay Teacher Salary Less Substitute's Pay for Absence on Account of Illness of Mother.

The Committee on School Management reports that it is in receipt of a communication from Margaret Stuart, teacher in the Sexton School, requesting the payment of her salary during her absence on account of the serious illness of her mother.

The Committee recommends that Miss Stuart be paid her salary, less substitute's

SCHOOL MANAGEMENT

Dean Sumner, Chairman of the Committee on School Management, presented reports of the Committee, as follows:

(20566)

Teacher of Physical Education in High School Elect and Fix Salary.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

"The Superintendent of Schools recommends that Robert E. Maysack, who has completed the required four months' probationary service, be elected teacher of physical education in the Parker High School, at the salary of the lower group (flat), \$1,300 per annum, to date from May, 1913."

(20567)

Report No. 20567 withdrawn.

(20568)

Teachers—Promote to Upper Group of Salaries.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that the following named teachers, who have complied with the requirements for promotion to the upper group of salaries, be promoted as indicated:

pay during the time of her absence for the cause stated.

(20570)

High School Teachers—Transfers.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the following transfers of teachers in the high schools have been made:

Mary E. DeLany—from the Medill High School to the Senn High School, to date from April 14, 1913.

William W. Riddel—from the Curtis High School to the Hyde Park High School, to date from March 25, 1913.

(20571)

Teacher—Transferred from Elementary Schools to Manual Training Department for Probationary Service.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports the transfer of Frank J. Gerty from the elementary school to the Manual Training Department for probationary service to date from March 5, 1913.

(20572)

Grant Leaves of Absence to Members of Education Division Without Loss of Pay.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that the following named teachers be given leave of absence, without loss of pay, for three days in May, to go to Springfield to further the interests of the Conference Teachers' Pension Bills, provided there be no expense to the Board of Education.

Eleanor Castle—Fiske School.

Louie Kilbourn—Willard School.

Emily Wagner—Kershaw School.

Eleanor M. Mahany—Kershaw School.

The Superintendent further recommends that Susannah Robinson, kindergarten teacher in the Farson School, be given leave of absence, without loss of pay, on May 13, 14, and 15, 1913, to go to the State Sunday School Convention to represent a Sunday School at Beverly Hills, provided there be no expense to the Board of Education.

The Superintendent recommends that emergency authority be given in both of these cases.

The Superintendent further recommends that Emma March, Special Teacher of Art, be granted leave of absence, without loss of pay, June 2-4, to attend exercises at the Illinois Women's College.

(20573)

Establish Deaf Center at Waters School.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the New Waters School is a desirable location for a center for deaf children on

the North Side; that there are eight vacant rooms, the building is beautifully situated in a large playground, and the transportation facilities are excellent.

The Superintendent therefore recommends that a center for deaf children be established at the Waters School.

(20574)

Photograph Graduating Classes.

The Committee on School Management recommends that authority be given to photograph the graduating classes, only, in the Chicago public schools; such authority to be entirely under the control and direction of the Superintendent of Schools.

(20575)

Change Boundry Line of District of Schurz High School—Recommitted.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the accommodations at the Carl Schurz High School are greatly overcrowded, and that a change in the boundry lines of the district should be made, in order to relieve this condition.

The Superintendent therefore recommends that the boundry line between the Schurz High School and the Tuley High School be Fullerton Avenue. The Superintendent further recommends that authority be given to exclude from the Carl Schurz High School, if necessary, any pupils who have not accomplished sufficient work to be members of the graduating class of June, 1914.

On motion of Dean Snanner this report was recommended.

Credit Gresham School with Return of Supplementary Readers.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that before the adoption of the Howe Readers there were purchased as supplementary readers, for delivery to the Gresham School, twenty copies of the First Reader, twenty copies of the Second Reader, and twenty copies of the Third Reader. These books have not been used, and since the adoption of the Howe Readers as basal texts, they are not needed as supplementary readers.

The Superintendent recommends that the principal be permitted to return these books to the Department of Supplies for distribution as fund books, and that the supplementary reading apportionment of the Gresham School be credited with the amount of \$12.00, which the Board would incur in purchasing a like number of these books.

(20577)

Place Webster's Secondary School Dictionary on the List.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that a communication has been received from the American Book Company offering to provide the New Webster's Secondary School Dictionary for the reference list at the price of \$1.20, the same price that the Academic Dictionary is offered for; and recommends that the offer be accepted and that the Webster's Secondary School Dictionary be placed on the approved list of reference books for the schools.

The Committee recommends that a warrant be drawn to the order of the County Treasurer of Cook County in the sum of \$6,006.00 in accordance with the recommendations contained in said communication from the Attorney of the Board.

*Committee on Buildings and Grounds, Board of Education of the City of Chicago.**GENTLEMEN:—*

In condemnation proceeding Gen. No. 319, 634 in the Circuit Court of Cook County, entitled "City of Chicago, In Trust, for the Use of Schools, vs. Henry C. Noyes, et al," a trial has been had and verdict rendered.

In this proceeding, together with other property lots four (4) and five (5) in John John's subdivision of lots eighty-eight (88), eighty-nine (89), ninety (90), ninety-one (91) and ninety-two (92) in Yeaton & Taylor's subdivision of blocks five (5) six (6) and seven (7) in Codwise's subdivision of the West half of the South East quarter of Section Eighteen (18), Township thirty-nine (39) North, Range fourteen (14), East of the Third Principal Meridian situated in the City of Chicago, County of Cook and State of Illinois are condemned. Said lots have a frontage of 20 feet each on Wood Street, by a depth of 124.5 feet, and form a part of a new site on Wood, Selden and Yeaton Streets. The jury awarded the respondents the following sums:

To the owner of and parties interested in Lots 4 and 5 aforesaid, together with the improvements thereon, the sum of\$ 6,000.00
 Costs of suit..... 6.00
 Total\$ 6,006.00

This verdict is, in our opinion, just and reasonable and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$6,006.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said sum to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in Trust for the Use of Schools, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report, is a blue print of the survey of the property in question.

Respectfully submitted,

(Signed) A. R. SHANNON,
 Attorney.

(20601)

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board relative to proceedings to condemn certain property therein described for school purposes, being lots 9 to 24, both inclusive, and lots 59 to 66, both inclusive, comprising the city block bounded by North 56th Avenue, North 55th Court, Lawrence Avenue and Roberts Avenue, a copy of which communication it hereto attached and made a part hereof.

The Committee recommends concurrence by the Board in the suggestions contained in the communication from the Attorney of the Board and that a warrant be drawn to the order of the County Treasurer of Cook County in the sum of \$17,448.00 in payment for the property described.

May 9, 1913.

Committee on Buildings and Grounds, Board of Education of the City of Chicago.

GENTLEMEN:—

In condemnation proceeding Gen. No. 319,631 in the Circuit Court of Cook County, entitled "City of Chicago, in Trust for the Use of Schools, vs. Angeline Dyniewicz, et al." a trial has been had and verdict rendered.

In this proceeding lots nine (9), ten (10), eleven (11), twelve (12), thirteen (13), fourteen (14), fifteen (15), sixteen (16), seventeen (17), eighteen (18), nineteen (19), twenty (20), twenty-one (21), twenty-two (22), twenty-three (23), twenty-four (24), fifty-nine (59), sixty (60), sixty-one (61), sixty-two (62), sixty-three (63), sixty-four (64), sixty-five (65), and sixty-six (66), in Casimir W. Dyniewicz's residence subdivision of block fifty-six (56), in the village of Jefferson, in section sixteen (16), Township forty (40) North, Range Thirteen (13), East of the Third Principal Meridian, situated in the City of Chicago, County of Cook and State of Illinois,

are condemned. These lots comprise the city lot bounded by N. 56th Avenue, N. 55th Court, Lawrence Avenue and Roberts Avenue. The jury awarded the respondents the following sums:

To the owner of and parties interested in Lots 9, 10, 11, 12, 13, 17, 18, 19, 22, 23, 24, 59, 60, 61, 62, 63, 64, 65 and 66 aforesaid, the sum of.....\$ 9,270.00
 To the owner of and parties interested in Lots 14, 15, and 16 aforesaid, the sum of..... 2,175.00
 To the owner of and parties interested in Lot 20 aforesaid, together with the improvements thereon, the sum of... 2,500.00
 To the owner of and parties interested in Lot 21 aforesaid, together with the improvements thereon, the sum of... 3,500.00
 Costs of suit..... 3.00

Total\$ 17,448.00

Since this trial, motion for new trial has been made and very thoroughly argued. The Court finally overruled the same and judgment will be entered as soon as you order the warrant issued. In this connection, I advise that the owner who was awarded \$9,270.00, as per this letter, was offered substantially more than this amount for his property prior to the coming off of the case for trial. His contention is that the price which has been awarded him is confiscatory. I have been importuned constantly to recommend to the Board an increase of the figures awarded by the jury, which I have refused to do. You also have had this matter before you, the said owner presenting his case some three or four weeks ago. Finally, after ascertaining that the two houses on the site are not susceptible of change so as to be usable for school houses, as per information from Mr. Larson, I have agreed to recommend to you, and hereby do recommend, that you give as part of the compensation to be paid for the lots owned by said owner, Angeline Dyniewicz, the two houses situated on lots 20 and 21 aforesaid. If this is concurred in, the voucher should read "for all of the lots, exclusive of all improvements thereon." The said owner, as soon as you pass this, will see to the removal of the houses from said premises.

By granting this transfer, the Board saves a considerable amount of litigation and a great deal of time in caring for the case in the reviewing courts.

Respectfully submitted,

(Signed) A. R. SHANNON,
 Attorney.

*Condemnation Proceedings—Institute for
Property Adjacent to the Site of the John
M. Smyth School, West 13th Street, Be-
tween Blue Island Avenue and Weller
Street.*

The Committee on Buildings and Grounds reports that it has received from the Secretary a communication which states that in accordance with instructions given by the Board of Education May 2, 1913, Report No. 20551, he has endeavored to agree with the owners of property herein described as to the compensation to be paid therefore as an addition to the site of the John M. Smyth School, and that he has been unable to agree with said owners as to such compensation.

The property under consideration is described as follows: Lots 38 to 55, all inclusive, in block 3 in Henry Waller's subdivision of the north-west quarter of the north-east quarter of section 20, township 39 north, range 14, east of the Third Principal Meridian, situated in the City of Chicago, County of Cook, and State of Illinois; said property having a total south frontage of 460.4 feet on Maxwell Street, being directly south of the alley which separates said property from the school premises on West 13th Street.

The Committee recommends that the title to said real estate be acquired in accordance with the provisions of the Eminent Domain Law, for the use of the schools, and that the President and Secretary of the Board be directed to request the concurrence of the City Council in instituting condemnation proceedings in the name of the City of Chicago, against the owners of said described property, to be acquired in trust for the use of the schools.

(20610)

Condemnation Proceedings—Institute for New Site for School Purposes as Follows: North by West 123rd St., South by West 124th St., East by State St., West by LaFayette Ave.

The Committee on Buildings and Grounds reports that it has received from the Secretary of the Board a communication which states that in accordance with instructions given by the Board May 2, 1913, Report No. 20552, he has endeavored to agree with the owners of the property herein described as to the compensation to be paid therefore as a site for the relief of the Scanlan School District, and that he has been unable to agree with said owners as to such compensation.

The property under consideration is described as follows: Lots 1 to 46 in block one in A. W. Cooke's subdivision of blocks one and nine of Andrews' subdivision of the east half of the south-west quarter of Section 28, township 37 north, range 14, east of the Third Principal Meridian, situated in the City of Chicago, County of Cook, and State of Illinois; said property having a total west frontage of 594 feet on State Street, and 594 feet on LaFayette Avenue, and a frontage of 262.62 feet on West 123rd and West 124th Streets respectively, including a 16 foot public alley.

The Committee recommends that the title to said described real estate be acquired in accordance with the provisions of the Eminent Domain Law, for the use of the schools, and that the President and Secretary of the Board be directed to request the concurrence of the City Council in instituting condemnation proceedings in the

name of the City of Chicago, against the owners of said described property, to be acquired in trust for the use of schools.

(20611)

Condemnation Proceedings—Institute for Property Adjoining the Site of the Waller High School, Orchard and Center Streets.

The Committee on Buildings and Grounds reports that it has received from the Secretary a communication which states that in accordance with instructions given by the Board of Education May 2, 1913, Report No. 20550, he has endeavored to agree with the owners of property herein described as to the compensation to be paid therefore as an addition to the site of the Waller High School, and that he has been unable to agree with said owners as to such compensation. The Committee also recommends that Report No. 20550 be amended to show that the counter suggestion as to proposals for lots 8 and 9 be amended to show that the price suggested is \$4,500.00, for each lot with improvements.

The property under consideration is described as follows: The south 25 feet of lot 5 and all of lots 6 to 10 inclusive in sub-block two of Porter's subdivision of block 27 in Canal Trustees' subdivision of the north half and the north half of the south-east quarter and east half of the south-west quarter in section 33, township 40 North, Range 14, east of the 3rd P. M., situated in the City of Chicago, County of Cook, State of Illinois; said property having a total west frontage of 157.27 feet on Orchard St., north of and adjoining the present site of the Waller School.

The Committee recommends that the title to said real estate be acquired in accordance with the provisions of the Eminent Domain Law, for the use of the schools, and that the President and Secretary of the Board be directed to request the concurrence of the City Council in instituting condemnation proceedings in the name of the City of Chicago, against the owners of said described property, to be acquired in trust for the use of the schools.

(20612)

Sale of Old Buildings—Harrison Technical High School Site.

The Committee on Buildings and Grounds reports that it has received from the Secretary of the Board a communication submitting a report of bids received for the sale of old buildings on the Harrison Technical High School site, and recommending the acceptance of proposals of purchase as follows:

Name of Bidder.	Location of Building.	Amount of Highest Bidder.

The Committee recommends concurrence in the recommendation of the Secretary.

(20613)

Yard Improvements—Burroughs School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary, stating that the newly acquired grounds adjoining the Burroughs-School, 36th Place and Washtenaw Ave., are badly in need of improvement, and would recommend that authority be granted to construct fences around same, fill in to grade with earth and cinders, and if necessary, finish off with three inches of torpedo sand at an approximate cost of \$3,800.00.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary.

(20614)

Office and Business Employees—Reinstate Engineer.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Trial Committee recommending that Henry Petersen, former engineer of the Langland School building, who was dismissed from the service of the Board on April 24, 1907, be reinstated as an engineer in the same grade in which he was employed prior to his dismissal. This recommendation is due to the fact that the Trial Committee gave careful consideration in the matter of a re-hearing of the charges preferred against the said Henry Petersen at that time.

The Committee recommends concurrence in this action.

(20615)

Plumbing Repairs—School Fund Property.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that emergency plumbing repairs amounting to \$5.35 on School Fund property at 5952 Ontario Street became necessary and recommending that Mr. John O. Monroe, the tenant, be allowed credit on his rental for same when he submits to the Secretary a receipted bill covering said work.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools recommending that facilities for gardening be provided for the Chicago Parental College by enclosing a portion of the grounds immediately adjacent to the Parker Practice School with an iron fence at an estimated cost of \$500.00.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(20625)

Request Granted—Use of Grounds—52nd Avenue and Jackson Streets.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools submitting the following communication from Mr. O. J. Milliken, Principal of the Sumner School, in behalf of the Olivet M. E. Church Baseball League:

"The Olivet M. E. Church Junior Baseball League wish a permit from the Board of Education to use the ground at 52nd Avenue and Adams Street, each Saturday afternoon between two and six o'clock for baseball practice. At present there is nobody that has authority to play there and the consequence is that the mob will allow no one to play. The boys asking for this are members of the Cook County Sunday School League, and graduates from Sumner School. The captain of the nine is B. A. Bergener, secretary, Fred Robertson."

The Committee further reports that the ground at 52nd Avenue and Adams Street, requested in the above communication, is under lease and recommends that the Olivet M. E. Church Junior Baseball League be granted permission to use vacant school fund property at 52nd Avenue and Jackson Street, with the understanding that the applicants will be responsible for all damage to school property and that there will be no admission price charged.

(20626)

Change Name of Farson School to Vanderpoel School.

Your Committee on Buildings and Grounds reports that it is in receipt of a communication from the Committee on Naming Schools, recommending that the name of the John Farson School be changed to the John Vanderpoel School, inasmuch as it has been represented that it is the request of Mrs. John Farson that another name be chosen, and that the friends of Mr. Vanderpoel, living in the vicinity of the school, have urged that the school be named in his honor.

Your Committee recommends concurrence by the Board in the above suggestions of the Committee on Naming Schools.

No objections having been made to any of the recommendations contained in the several reports submitted, on motion of Mr. Sethness the reports were received and the recommendations contained therein were adopted, such adoption being declared to have been the action of the Board of each individual recommendation.

JOINT COMMITTEE.

Mr. Sethness, Chairman of the Joint Committee, presented reports of the Committee, as follows:

(20658)

Proposed High Schools in the Southern Portion of the City.

The Joint Committee consisting of the Committee on Buildings and Grounds and the Committee on School Management reports that it has carefully considered the following majority report of the Special Committee on Location of Technical High School, and recommends concurrence therein:

"The Special Committee appointed by the President on Sept. 5, 1912, for the purpose of investigating the question of providing technical high school facilities for the South Side and to which have been referred from time to time the question of providing more adequate accommodations for the Lewis-Champlin School, Englewood High School, Lake High School, and the Curtis High School, as well as applications for new high schools in localities where at present there are none, beg leave to report as follows:

"1. The Committee has held a number of meetings and from time to time has given hearings to delegations of citizens from various sections of the South Side; has visited some of the schools and sites in question; has considered a large amount of documentary and oral information placed at its disposal; has caused estimates to be made of the probable cost of acquiring various sites which were under consideration, and has given to all of the matters referred to it careful and painstaking consideration. At most of these meetings the Superintendent was present, and the Committee had the benefit of her expert advice and suggestions.

"2: This Committee is satisfied that additional accommodations for both the Lewis-Champlin and the Englewood High Schools are urgently needed. It was found, however, that no suitable site for a new school in

the immediate neighborhood can be secured except at a cost which the Committee deems prohibitive. The same is true of the strip of land forming the southern one quarter of the block on which these schools now stand. This necessitated looking elsewhere for the solution of the problem and the Committee turned its attention to the grounds of the Chicago Normal College, where there is ample room for the erection of a high school building large enough to meet the needs of that neighborhood for many years to come. If a new school building were erected on the Normal School grounds to take the place of the Englewood High School the building now occupied by the High School would be available for use as an elementary school and would furnish ample accommodation for that purpose.

"3: The Committee is convinced that a new high school is very much needed in the large and rapidly growing section of the city to the west of Englewood to be located preferably in the territory bounded by Sixty-second and Sixty-fourth Streets, Ashland and Western Avenues; that a site should be acquired and preparation made for the erection at an early date of a high school in the neighborhood of Thirty-fifth Street, Archer and Western Avenues; that the facilities of the Lake High School should be enlarged and amplified and that a new high school should be built at an early date on a site now owned by the Board near the Curtis High School.

"The Committee therefore makes the following recommendations:

"(a) That the Board proceed at once to erect on the grounds of the Chicago Normal College a large high school to take the place of the present Englewood High School, the building to be so constructed as to be adapted to and capable of housing a complete modern technical high school.

"(b) That so soon as said proposed building is ready for occupancy, the present Englewood High School building be converted into an elementary school to take the place of the present Lewis-Champlin School.

"(c) That the Board proceed to acquire the remainder of the ground in the block on which the Lake High School is located, and that it proceed to erect such addition or additions to the present buildings as may be necessary to house a complete modern technical high school, with sufficient capacity to meet the present and future needs of that neighborhood.

"(d) That the Board proceed at once to acquire a suitable site within the territory bounded by Sixty-second and Sixty-fourth Streets, Ashland and Western Avenues and erect thereon a modern high school building so designed and constructed as to be capable of satisfactorily housing a technical high school, if it shall seem expedient to establish one in that locality.

"(e) That the Board at once proceed to acquire a suitable site in the neighborhood of Thirty-fifth Street, Archer and Western Avenues, and as soon as may be, erect thereon a high school building of suitable dimensions so designed and constructed as to be capable of satisfactorily housing a technical high school, if it shall seem expedient to establish one in that locality.

"(f) That a new high school building be erected with all convenient despatch on a site now owned by the Board of Education in the neighborhood of the Curtis High School such buildings to have a capacity of from one thousand to fifteen hundred pupils, and to be so designed and constructed as to be capable of satisfactorily housing a technical high school if it shall seem expedient to establish one in that locality.

"Respectfully submitted.

(Signed) "WILLIAM ROTHMANN.
"JAMES B. DIBELKA.
"HENRY W. HUTTMANN.

Minority Report of John J. Soustebly, a Member of the Special Committee Appointed by the President on February 5, 1913, to Investigate the Question of Providing High School Facilities for the South Side.

I have not been able to concur in the majority report. I desire to make a minority report, submitting same for your consideration. I recommend:

1. That the Board proceed at once to acquire a suitable site within the territory bounded by 59th and 64th Streets, Ashland and Western Avenues and erect thereon a modern high school building designed to be capable of meeting the recently expressed idea that the high school should have a complete equipment for the three branches now being recognized in our high schools; namely, academic, technical and commercial courses.

2. That the Board proceed at once to acquire a suitable site in the neighborhood of 35th Street, Archer and Western Avenues and erect thereon a modern high school building designed to be capable of meeting the recently expressed idea that the high school should have a complete equipment for the three branches now being recognized in our high schools; namely, academic, technical and commercial courses.

3. That the Board proceed at once to erect on the site now owned by the Board in the neighborhood of the Curtis High School a modern high school designed to be capable of meeting the recently expressed idea that the high school should have a complete equipment for the three branches now being recognized in our high schools; namely, academic, technical and commercial courses.

4. That the Board proceed at once to acquire the remainder of the ground in the block on which the Lake High School is now located and to proceed to erect such addition or additions to the present building so designed as to furnish the Lake High School with facilities of conducting a complete high school with academic, technical and commercial courses.

5. In respect to the Englewood High School situation, I would recommend that the Board proceed at once to acquire 324 feet on Englewood Avenue, beginning at a point 180 feet east of the corner of Stewart and Englewood Avenues, and extending east 324 feet to a point 90 feet west of the corner of Princeton and Englewood Avenues, and that the Board proceed at once to erect thereon a grammar school building of not less than twenty-four rooms.

I would further recommend that when this grammar school is completed that the Champlin building be converted to the use of the Englewood High School.

Respectfully submitted,

(Signed) JOHN J. SONSTEBY.

Mr. Rothmann moved that the majority report of the Committee be adopted.

Seconded by Mr. Dibelka and so ordered.

FINANCE.

Mr. Rothmann, Chairman of the Committee on Finance, presented reports of the Committee as follows:

(20660)

Report to Pay Tuition at Summer School Recommended.

Your Committee on Finance recommends concurrence in the following report from the Superintendent of Schools:

"The Superintendent of Schools reports that the summer high schools are proving valuable to students desiring to reduce the length of time spent in taking the four years' course, but that the summer term is somewhat short in which to accomplish a semester's work. The Superintendent recommends that the term of the summer high schools be extended from five weeks to seven weeks.

"The Superintendent further reports that the ten thousand dollars appropriated for the summer high schools will not meet all expenses, and recommends that the extra compensation for engineers and janitors be charged to the appropriation for salaries of the same, this recommendation is made subject to concurrence by the Committee on Finance.

"The Superintendent also recommends that a tuition fee of two dollars per week be charged. This recommendation is made subject to concurrence by the Committee on Finance."

On motion of Mr. Kelly, this report was recommended.

Teacher of Manual Training in Elementary Schools—Elected and Fix Salaries.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that Ralph O. Buck, who has served satisfactorily a probationary period of four months, as a teacher of manual training in the elementary schools, be elected teacher of manual training in elementary schools, at the salary of the first year of the salary schedule for teachers of manual training, to date from January, 1913.

(20674)

Pay Teacher Salary Less Substitute's Pay During Absence on Account of Illness and Death of Mother.

The Committee on School Management reports that it is in receipt of a request from Arthur W. Chase, a teacher in the Crane Technical High School, that he be allowed his salary for the time he was absent on account of the illness and death of his mother.

The Committee recommends that Mr. Chase be paid his salary, less substitute's pay, for the reasons given in the request.

(20675)

Elementary Teacher—Transfer to Elementary Manual Training Department.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports the transfer of Alice E. Scott, a teacher in the elementary schools, to the Department of Elementary Manual Training and Construction Work for Probationary service, to date from May 19, 1913.

(20676)

Teachers—Transfers for Probationary Service in High Schools.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

(20673)

Permit Principal of Lake High School to Accept Offer for Boat.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the boys of the first year in the Lake High School have been building a boat the past semester as a joint problem, for which the principal has been offered \$70.00 when completed. This amount will more than pay the expense of the material used. The Principal has requested permission to accept the offer, after the boat has been used as a portion of the exhibit of the year's work of the boys.

The Superintendent recommends that the Principal be allowed to accept this offer.

The Superintendent of Schools reports that Carl Hanstein has been transferred from the elementary manual training department for probationary service in the Crane Technical High, to date from May 15, 1913, and that Frances Perlstein has been transferred from the position of extra teacher in the Hyde Park High School for probationary service in that school, to date from February 13, 1913.

(20677)

Teacher—Place on List for Appointment—Elementary Schools.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that Madge Kay was placed on the list for appointment for teachers in the elementary schools on January 13, 1909, but did not accept an assignment at that time. She has since that time been teaching in the Kansas State Agricultural College and attending the University of Chicago.

The Superintendent recommends that Miss Kay's name be placed on the list for appointment for teachers in the elementary schools.

(20678)

Head Assistant of Armstrong School—Elected.

The Committee on School Management reports that it has again considered the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that Emma Campbell, the teacher of the second division of the Armstrong School, be elected head assistant of that school. . .

(20679)

High School Teachers—Elected and Fix Salaries.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that the following named high school teachers, who have completed the required four months' probationary service, be elected to the positions named, at the salaries named:

To the Crane Technical High School—

McConnell, Wallace R.

Salary, lower group, seventh year, \$1,600 per annum. To date from May, 1913.

Waterstradt, William C.

Salary, upper group, fourth year, \$1,700 per annum. To date from May, 1913, (schedule of teachers with limited certificates—manual training).

To the Englewood High School—

Mills, Grace.

Salary, lower group, second year, \$1,100 per annum. To date from May, 1913.

To the Harrison Technical High School—

Almlof, Woodruff.

Salary, lower group, seventh year, \$1,300 per annum, (schedule of teachers with limited certificates—manual training). To date from May, 1913.

To the Hyde Park High School

Zurawski, Mary E.

Salary, lower group, third year, \$1,200 per annum. To date from March, 1913.

(20680)

Change Manner of Dating Promotion of Teachers.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that high and elementary school teachers frequently delay handing in their certificates of work done for promotional credit until several months after the completion of the work, and then demand their increase in salary be dated back to the month and year when the work was completed, which date often falls in a year whose excess apportionment for salaries has been turned, under the law, into the general budget.

The Superintendent recommends that promotional credit and consequent advance in salary therefor, date from the month in which the last credit is properly certified and reported to the Normal College Extension Department not from the date of completion of work for said credit.

(20681)

Grant Leaves of Absence.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that leave of absence, without loss of salary, be granted to the following: John W. Akers, Principal Walter Scott School, to attend the Home Coming of Iowa Soldiers of the G. A. R. at Des Moines June 10 to 13 inclusive; Helene Louise Dickey, the Librarian of the Chicago Normal College, to attend the meeting of the American Library Association at Catskill on the Hudson June 23 to 28; Adrain M. Doolin, Principal of Webster School, to attend the semi-annual meeting of the State Board of Education at Normal Illinois June 3 and 4; Charles S. Winslow, a teacher in the Nicholas Senn High School, to accompany a party from the geological department of Northwestern University to Starved Rock May 16; Louie L. Kilhoun, a teacher in the Willard School, Eleanor M. Mahany, a teacher in the Kershaw School and Fuiton B. Ormsby, Principal of the Bass School, to go to Springfield May 20, George W. Davis, Principal of Hawthorne School, 2 days in June to see his daughter graduate from the University of Wisconsin.

The Superintendent requests emergency authority in the cases of Mr. Winslow, Mrs. Mahany, Miss Kilbourn and Mr. Ormsby.

(20682)

Permit Graduating Class to Place Stained Glass Window in Schneider School.

The Committee on School Management reports that the graduating class of the Schneider School has been making provision to have a stained glass window placed in the Schneider School as has been customary with each graduating class and as this is to be the last window to be installed, the said present class requests permission to complete its work and continue to make provision for securing such a window as its gift to the Schneider School.

The Committee recommends that the request be granted.

(20683)

Accept Gift of Reference Books for Libby School.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that a communication has been received from the principal of the Libby School, stating that an offer has been received from the firm of Libby, McNeill & Libby to present to that school a library of reference books to be selected by the principal from the regular authorized list; and recommends that the offer be accepted and that the Secretary be instructed to send a letter of thanks to the donors for the generous gift.

(20684)

Change Boundary Line of District of Schurz High School.

The Committee on School Management reports that it has again considered Report No. 20575, recommended by the Board at the meeting of May 14, 1913, and again recommends concurrence in the following report from the Superintendent of Schools:

The Superintendent of Schools reports that the accommodations at the Carl Schurz High School are greatly overcrowded, and that a change in the boundary lines of the district should be made, in order to relieve this condition.

The Superintendent therefore recommends that the boundary line between the Schurz High School and the Tuley High School be Fullerton Avenue. The Superintendent further recommends that authority be given to exclude from the Carl Schurz High School, if necessary, any pupils who have not accomplished sufficient work to be members of the graduating class of June, 1914.

(20685)

To Adopt High School Text Books.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the present text-book in physiography has been in use eight years in the high schools; that within that period of time marked advances have been made in the study of this subject.

The Superintendent recommends that the following open list be adopted:

Henry Holt & Co., Publisher.

Modern Geography for High Schools, Salisbury, Barrows and Towers.

American Book Co., Publisher.

High School Geography, Parts 1, 2, 3, by Charles R. Dryer.

Henry Holt & Co., Publisher.

Physiography for High Schools, Briefer Course, Salisbury.

The Superintendent further recommends that New and Shorter Course of Fraser and Squair's French Grammar, published by D. C. Heath & Company, be added to the open list in French. These books subject to adoption if prices are satisfactory.

(20686)

Adopt Text Books for Temporary Use in High Schools.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that great difficulty has been met in securing suitable text-books for vocational subjects in the high schools; that books published to meet the needs of the various subjects which have been added under the head of vocational courses have not been long enough before the schools for a definite report to be made upon them.

The Superintendent recommends that a preliminary adoption of the appended open list be made with the understanding that at the end of the year a definite report and recommendation, based upon the experience of the different high schools, shall be made to the Board by the Superintendent of Schools.

These books subject to adoption if prices are satisfactory.

*Resolution to Make Teaching of Spelling
Mandatory from First to Eighth Grade,
Deferred Temporarily.*

The Committee on School Management recommends the adoption of the following resolution:

"WHEREAS numerous complaints have reached the various members of the Board of Education that the children of the schools when leaving the grammar grades and entering the business world, are, to an appreciable extent, deficient in the art of spelling; and

WHEREAS spelling is one of the most important assets that a child can take away from the public schools into the business world;

THEREFORE be it resolved that the teaching of spelling be made mandatory in all grades of the public schools of the city of Chicago, from the first to the eighth grades inclusive, and that not less than fifteen (15) minutes be devoted to this subject on each school day of the entire school year."

On motion of Dean Sumner action on this report was deferred temporarily.

(20688)

*Select and Adopt New Spelling Book,
Deferred Temporarily.*

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that a questionnaire was sent to the teachers of five grades in which a spelling book is used in the elementary schools, asking for opinions regarding the desirability of a change in text-book; that an informal report of the replies was made by the Superintendent at a recent meeting of this Committee, together with the statement that time should be given for a study of the significance of those replies. The Superintendent has reached the conclusion that the chief reason for the opposition of over six hundred teachers and the indifference of over eleven hundred teachers to the book now in use may originate in the unsatisfactory results obtained with that book.

The Superintendent recommends that the Board select and adopt a speller that offers possibilities of better results.

On motion of Dean Sumner action on this report was deferred temporarily.

(20689)

President to Appoint Committee to Consider Text-Book in Spelling—Deferred Temporarily.

The Committee on School Management recommends the adoption of the following motion:

In view of the recommendation of the Superintendent that the Board of Education select and adopt a Speller for the use in the Chicago City schools, I move that the President of the Board of Education appoint a committee of seven members of the Board of Education whose duty it shall be to select and recommend to this Board, after conference with the Superintendent, such text book or books as in their estimation will be best suited for use in our schools, and that the Speller now in use be dropped from our list; and further, that said Committee first consider the advisability of the Board of Education compiling and printing its own Speller before making any recommendation.

On motion of Dean Sumner action on this report was deferred temporarily.

(20690)

Adopt Forms and Instructions for Testing Vision of Children.

The Committee on School Management reports that it is in receipt of the following

report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools submits the appended forms and instructions, prepared by Dr. O. F. Warning, for use in the schools in testing the vision of children.

The Superintendent recommends that the forms and instructions be adopted and eight thousand copies of Instructions to Principals and Teachers and three hundred thousand cards to parents be printed.

Instructions to Principals and Teachers.

Have Snellen's test letters placed twenty feet (20) from where child is seated, with his or her back to window.

Test each eye separately by placing card before each eye alternately.

If child can read most of letters on line marked 20, vision is normal. If not, vision is below normal.

The other questions can be answered by the teacher, who is in contact with pupil every day, and from her own observation.

Cross out as may be appropriate.

Where child now wears glasses, do not apply test at all.

Do not send report to parents if favorable.

The teacher can save time by having the pupil fill in the name and date on the card when distributed.

Have one of your pupils assist you by standing near the card and pointing to the letter the child being examined is expected to read.

Report to Parents on Vision Test.

Name	Date
Vision at 20 feet	Right eye.....Normal.....Below normal.
Child complains of eyes tiring when reading:	Left eye.....Normal.....Below normal.
Child complains of frequent headaches:	Yes.....No.
Child listless or extremely nervous:	Yes.....No.

Notice to Parents.

Defects of eyesight may be present even when child apparently has normal vision. This form manifests itself usually by causing headaches or other nervous symptoms. If above report states that vision is below normal, or if any of above statements are in the affirmative (yes), it is advisable that you consult an oculist either at his office or at a free dispensary, as the child probably needs glasses.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board relative to certain proceedings to condemn certain property therein described for school purposes being Lots 16, 19, 20, 28, 29 and the North 2-3 of Lot 32, and the South 2-3 of Lot 33, the same being part of the school site bounded by North Shore, Albion, Bosworth and Perry Avenues, a copy of which communication is hereto attached and made a part hereof.

The Committee recommends that a warrant be drawn to the order of the County Treasurer of Cook County in the Sum of \$16,865.00 in accordance with the recommendation contained in said communication from the Attorney of the Board.

May 20, 1913.

Committee on Buildings and Grounds, Board of Education of the City of Chicago.

GENTLEMEN:—

In condemnation proceeding Gen. No. 319,626 in the Circuit Court of Cook County, entitled "City of Chicago, in Trust for the Use of Schools, vs. Russell Tyson, Trustee, et al," a trial has been had and verdict rendered.

In this proceeding, together with other property, Lots sixteen (16), nineteen (19), twenty (20), twenty-eight (28), twenty-nine (29), the north two-thirds of lot thirty-two (32) and the south two-thirds of lot thirty-three (33) in Rogers Park South. A subdivision of lots thirteen (13) and fourteen in L. C. Paine Freer's (Receiver) subdivision of the west half of the south-west quarter of section thirty-two (32), township forty-one (41) north, range fourteen (14), east of the third principal meridian, together with all private interests in the public alleys abutting said premises, the same being part of the school site bounded by North Shore, Albion Bosworth and Perry Avenues, are condemned. The jury awarded the respondents the following sums:

To the owner of and parties interested in lot 16 aforesaid, the sum of.....	\$ 1,650.00
To the owner of and parties interested in lots 19 and 20 aforesaid, the sum of.....	3,900.00
To the owner of and parties interested in lot 28 aforesaid, the sum of.....	1,650.00
To the owner of and parties interested in lot 29 aforesaid, the sum of.....	1,650.00
To the owner of and parties interested in the north 2-3 of lot 32 and the south 2-3 of lot 33 aforesaid, together with the improvements thereon, the sum of	8,000.00
Costs of suit.....	15.00

Total\$ 16,865.00

This verdict is, in our opinion just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$16,865.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said amount to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in Trust for the Use of Schools, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report, is a blue print of the survey of the property in question.

Respectfully submitted.

(Signed) A. R. SHANNON,
Attorney.

(20731)

Payment for Property Adjoining the M. W. Fuller School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board relative to proceedings, to condemn certain property therein described for school purposes being lot 9, having a frontage of 25 feet on St. Lawrence Avenue, by a depth of 126 feet to a sixteen foot alley, south of and adjoining the M. W. Fuller School premises, a copy of which communication is hereto attached and made a part hereof.

The Committee recommends that a warrant be drawn to the order of the County Treasurer of Cook County in the sum of \$6,755.00, in accordance with the recommendation contained in said communication from the Attorney of the Board.

May 22, 1913.

Committee on Buildings and Grounds, Board of Education of the City of Chicago.

GENTLEMEN:—

In condemnation proceeding Gen. No. 316,323 in the Circuit Court of Cook County, entitled "City of Chicago, in Trust for the Use of Schools, vs. J. Nicholson, et al," a trial has been had and verdict rendered.

In this proceeding, together with other property, lot nine (9) in Wing and Farlin's subdivision of that part lying east of the Vincennes Avenue of the north half of the south half of the south-west quarter of the south-east quarter of section three (3), township thirty-eight (38) north, range fourteen (14), east of the third principal meridian, together with the improvements thereon, is condemned. Said premises have a frontage of 25 feet on St. Lawrence Avenue, by a depth of 126 feet, to a 16 foot alley, south of and adjoining the Melville Fuller School. They are improved with a brick building in the front—dimensions 21 feet plus by 46 feet plus, and by a story and a half brick building in the rear, 25 feet by 21 feet plus. The jury awarded the respondents the following sums:

To the owner of and parties interested in said lot 9 aforesaid, together with the improvements thereon, the sum of	\$ 6,750.00
One Dollar (\$1.00) to each of two tenants, residing on said premises	2.00
Costs of suit	3.00
Total	\$ 6,755.00

This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$6,755.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said sum to the County Treasurer, a good title to the property involved will vest in the City of Chicago, in Trust for the Use of Schools, and the uses and purposes set forth in the petition filed in said cause. Accompanying this report, is a blue print of the survey of the property in question.

In this case an offer was made by Josephine Nicholson under date of January 2, 1912, to sell the premises for \$5,000.00, and on January 18, 1912, in answer to the counter-proposition of the Board, she wrote, among other things, as follows:

"In the event you reject my offer of \$5,000.00 and take this matter into court, I am desirous that it shall be understood that I reserve the right to submit evidence that the property is worth more than \$5,000.00."

After the property had been ordered condemned by the Board, this particular lot was transferred by Mrs. Nicholson to one Bernard C. Feeney, with whom I have had negotiations since that time. Mr. Feeney, the present owner, insisted upon \$8,000.00 as the price for the property. My experts' figures for the property ranged from \$6,100.00 to \$7,475.00. Under these conditions, I deem the amount of the verdict as low as can be hoped to be secured.

I do not know whether the transfer from Mrs. Nicholson to Mr. Feeney was a bona-fide one or not, but think it was made seeking to avoid the consequences which might grow out of the making of the offer of \$5,000.00.

The property lies between the corner lot, already owned by the Board, and the school proper so that it must be acquired.

Respectfully submitted,

Attorney.

Condemnation Proceedings—Institute for Property Adjacent to the Site to be Acquired on Throop and Lytle Streets, South of Taylor Street.

The Committee on Buildings and Grounds reports that it has received from the Secretary a communication which states that in accordance with the action of the Board of May 14, 1913, Report No. 20637, he has endeavored to agree with the owners of property herein described as to the compensation to be paid therefore as an addition to the site to be acquired on Throop and Lytle Sts., south of Taylor St., and that he has been unable to agree with said owners as to such compensation. The property under consideration is described as follows:

Lot 21 in MacAllister's subdivision of block 46 in Canal Trustees' subdivision of the west half, and the west half of the north-east quarter of section 17, township 39 north, range 14, east of the third principal meridian, situated in the City of Chicago, County of Cook, State of Illinois; said lot having a total west frontage of 25 feet on

Throop St., being directly south of the property now being condemned by the Board.

The Committee recommends that the title to said real estate be acquired in accordance with the provisions of the Eminent Domain Law, for the use of the Schools, and that the President and Secretary of the Board be directed to request the concurrence of the City Council in instituting condemnation proceedings in the name of the City of Chicago, against the owners of said described property, to be acquired in trust for the use of the schools.

(20755)

Alterations in Lunch Room—Nicholas Senn High School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that a request has been made for the installation of doors and partition between the serving room and kitchen in the Nicholas Senn High School, Southport Ave. and Francis St., for which Charles E. Barquist, contractor for carpentry at this school, has submitted a proposition in the sum of \$140.00, including all woodwork, painting, filling and varnishing, glass and glazing, hardware, etc.; that the above proposition has been carefully checked and is found reasonable, and recommending that the same be accepted and the work ordered done.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(20756)

Reject Bids—Return Deposits—Readvertise—Plastering—George B. Swift School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that bids on lathing and plastering for the George B. Swift School, Winthrop and Thorndale Aves., have been received, and recommending that all bids on this work be rejected and deposits returned, and that authority be granted to readvertise for bids on said work.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(20757)

Extra Work—Electrical—United Electrical Construction Company—Senn High School Building.

Your Committee on Buildings and Grounds reports that it has received from the United Electrical Construction Company bill in the sum of \$34.00, the same covering the installation of two outlets complete with switches and cutouts in transformer room in the sum of \$18.00; and the installation of two lighting outlets with switches in pent house in the sum of \$16.00, making a total of \$34.00, at the Senn High School Building. This work became necessary subsequent to the preparation of the original specifications. The bill has been checked and found to be reasonable, and your Committee recommends that it be added to the original contract price.

(20758)

Extra Work—Mathis Brothers Company—Ventilation—Kenwood School.

Your Committee on Buildings and Grounds reports that as authorized by the Board, Report No. 18726, Mathis Brothers Company, contractor for ventilation at the Kenwood School Building, Lake Avenue and 50th Street, was notified to perform certain emergency work in order to operate temporarily fan and motor and changed two runs of pipe in basement to accommodate rearrangement of steam piping, for which bill has been received in the sum of \$54.30. This bill has been checked and found to be reasonable, and your Committee recommends that it be added to the original contract price at this building.

(20759)

Office and Business Employees—Adjust Salary—Operating Engineer—Crane Technical High School.

Your Committee on Buildings and Grounds recommends that the care of premises at W. Van Buren and Leavitt Streets, heretofore known as the People's Institute Auditorium, and leased by the Board of Education as an annex to the R. T. Crane Technical High School be placed under the jurisdiction

of the operating engineer of the main building, and that a salary be allowed said engineer for the additional work involved on the basis of \$25.00 a month from the date of occupancy.

(20760)

Old Tubular Boiler—Sell—Morse School.

Your Committee on Buildings and Grounds reports that authority was granted by the Board of Education at a regular meeting, Report No. 20528, for the disposal of an old tubular boiler at the Morse School Building, Sawyer Avenue and Ohio Street. The specifications on which the boiler were to have been disposed of were inaccurate in view of the fact that some of the parts mentioned in the specifications had previously been removed.

Your Committee, therefore, recommends that proposition received from Joseph Schaffer in the sum of \$35.00 be rejected, and further that the boiler be disposed of by the Secretary to the best advantage of the Board of Education.

(20761)

Extro—Allow—Gos Fitting—Hanley-Casey Company—Hyde Park High New School Building.

Your Committee on Buildings and Grounds reports that it has received bill from Hanley-Casey Company in the sum of \$6.04, the same being due to rearrangement of steam table placed in new location at the Hyde Park High (new) School Building, 62nd Street and Stony Island Ave. This bill has been checked and found to be reasonable, and inasmuch as said company was the original contractor for similar work at this building, your Committee recommends that the bill be accepted and added to the original contract price.

(20762)

Bids—Reject—Plumbing, Household Arts Room—Jones School Building.

Your Committee on Buildings and Grounds reports that authority was granted by the Board, Report No. 20532 for changing of plumbing work in connection with Household Arts room to new location inasmuch as this room was to be used by the School and Age Certificate Officers. Subsequently it has been ascertained that another room could be used at this building, and the Household Arts room need not be changed. Your Committee, therefore, recommends that the report in question be rescinded and that the contract awarded to C. J. Boyd for plumbing work be, and is hereby, cancelled.

(20763)

Contract—Award—Circular Saw Guards—Sundry Schools.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for the installation of

safety guards for circular saws, sundry school buildings, and recommends award of contract to the lowest bidder in each instance as follows:

<i>Comb. Whyte & Laemmer Company—</i>	
Bowen High, 89th Street and Manistee Avenue.....	\$ 11.50

Medill High School, 14th Pl. and Throop St.....	11.50
Lake View High, N. Ashland Ave. and Irving, Park.....	11.50
	\$108.50

In this connection your Committee advises that the protection is to meet the approval of the State Factory Inspector.

(20764)

Contract—Connecting Kiln—Flower Technical High School.

Your Committee on Buildings and Grounds reports that it has received proposition in the sum of \$36.00 from John Delehant for connecting kiln at the Flower Technical High School Building, 26th Street and Wabash Avenue, which was delivered on authority 18994. This proposition has been checked and found to be reasonable, and inasmuch as John Delehant is working at this building on other plumbing work, your Committee recommends that the proposition submitted be accepted.

(20765)

Protect Machinery—Sundry School Buildings.

Your Committee on Buildings and Grounds reports that communications have been received from time to time asking for the protection of machinery in manual training rooms in high and elementary school buildings, and asks that authority be granted for the preparation of specifications covering the installation of such protection where considered necessary, with the understanding that report of such action be subsequently submitted to the Board of Education.

Assign—Engineer—Harrison High School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from President Reinberg stating that the Carter H. Harrison Technical High School is now under construction, and in view of the extent and complexity of the mechanical equipment that will be installed in said building, the engineer who is to operate the apparatus shall be assigned earlier than has been the custom in elementary schools and recommending that James J. Spain be transferred as engineer to the new Carter H. Harrison Technical High School when, in the judgment of the Secretary of the Board, his services are needed at said building.

The Committee recommends concurrence by the Board in the above suggestions of the President.

(20774)

Seating New Buildings.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools recommending that authority be given the American Seating Company to substitute for the two thousand cast-iron seats and desks already under contract, the American steel adjustable desk and chair at \$3.82 each for Size 1 or "A"; \$3.67 each for Size 3 or "B" and \$3.52 each for Size 5 or "C" said desks to be installed in the new Carter Practice School building, and such other new buildings as need seating while this contract is in force.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent, with the provision that the above mentioned price shall include the taking up of the present desks and the placing of adjustable desks and chairs without additional expense to the Board.

(20775)

Normal School—Rearrangements.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools stating that rearrangements in certain departments in the Normal College Arts and Gymnasium Building, now under construction, are needed and recommending that such re-arrangements be made.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(20776)

Frontage Consent for Extension of Car-Luck.

The Committee on Buildings and Grounds reports that it is in receipt of a verbal request from the Chicago Rail-

ways Company, by Mr. Williston Fish, that the Board sign its frontage consent for a car line running north on Sangamon street past the Montefiore School premises, the same being an extension of the Sangamon Street line from Austin avenue north to Milwaukee avenue.

The Committee further reports that it has carefully considered the matter and recommends that the President and Secretary be authorized to sign such frontage consent in such form as may be prepared and approved by the General Counsel of the Board.

(20777)

Report No. 20777 withdrawn.

(20778)

Safety Appliance Devices—Install.

The Committee on Buildings and Grounds reports that it is in receipt of the following communication from the Secretary of the Board and recommends concurrence in the suggestions therein contained:

As a matter of information, I beg to call your attention to the progress of work in connection with the Board's plan to attach safety appliances to machinery equipment used for educational purposes in the schools.

On April 25th the Committee on Buildings and Grounds received a communication from the Superintendent of Schools with reference to safety devices. This communication was accompanied by a list prepared by the Supervisor of Manual Training recommending the character of devices needed and the schools containing same. Six contracts have been awarded providing for a small percentage of the necessary equipment. Perhaps one-half or more of all the devices suggested now is being built by the Bureau of Repairs and will be installed during the vacation period.

The Bureau of Engineering is preparing specifications for the other appliances, which will have to be specially built. These specifications will soon be finished and the contracts can be made in plenty of time for installation during the summer.

(20779)

Sell Lot—School Fund Property.

The Committee on Buildings and Grounds reports that it has under consideration the matter of the sale of School Fund land being a part of the Cicero tract and recommends that Lot 89, in School Trustees' Subdivision of Section 16, Township 39 North, Range 13, fronting on Jackson Avenue or boulevard, west of 52nd Avenue, and which is 111 feet therefrom, be adver-

tised for sale at an upset price of \$10,000, subject to the provisions of the Illinois State Law applicable to this subject, and that the President and Secretary of the Board be directed to request the concurrence of the City Council in this action.

No objections having been made to any of the recommendations contained in the several reports submitted, except Report No. 20770, which was recommended on motion of Mr. Sethness, on motion of Mr. Sethness the reports were received and the recommendations contained therein were adopted, such adoption being declared to have been the action of the Board on each individual recommendation.

Yeas—Mr. Urion, Dean Sumner, Mr. Smietanka, Judge Vincent, Messrs. Lip-sky, Harding, Mrs. MacMahon, Messrs. Huttman, Sethness, Kelly, Rothmann, Dr. Warning, Messrs. Loeb. Roulston, Collins, Peterson and Reinberg. 17.

FINANCE.

Mr. Rothmann, Chairman of the Committee on Finance, presented reports of the Committee, as follows.

(20780)

Increase Salary of Stenographer in Superintendent's Department.

The Committee on Finance reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that on account of increased responsibility, incident to the office in which she is employed, that Miss Margaret M. Cuniff be advanced to the higher salary in the schedule of clerical force.

(20781)

Provide for Emergency Expenses in High Schools.

The Committee on Finance reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that in the different branches of science, and in some of the industrial arts, the principals of the high schools need money to make direct purchase of supplies.

The Superintendent recommends that out of the apportionment to a high school the principal be authorized to draw for emergency use two hundred dollars (\$200.00), provided the school

has an enrollment of eleven hundred (1,100) pupils or over, and one hundred and fifty dollars (\$150.00), provided the school has an enrollment of less than eleven hundred pupils."

(20782)

Apportionment for High School Office Supplies.

The Committee on Finance reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the principals of high schools are obliged to purchase postage stamps for the correspondence which develops upon them in connection with students and parents in their schools; that the stationery furnished the schools is inferior to that used by high schools in small towns and villages.

The Superintendent recommends that from the Contingent Fund there by apportioned for office supplies during 1913, \$50.00 for high schools having an enrollment of seven hundred or more pupils, and forty dollars (\$40.00) for high schools having an enrollment of less than seven hundred pupils, making a total of one thousand dollars (\$1,000.00).

(20783)

Payment of Interest—Vacant Section 16 School Lands.

Your Committee on Finance reports that it is in receipt of a bill from the Trustees of Schools, Township 39 R. 13, for 6 months interest, at 3½ per cent on \$225,215.85, due May 23, 1913, as per Judge Windes' decree, dated May 23, 1912, in settlement of Title of Vacant Section 16, School Lands, amounting to \$3,941.28.

The Committee recommends that this bill be ordered paid.

(20784)

Amend Report No. 20572.

The Committee on Finance recommends that Report No. 20572 (Proceedings May 14, 1913, page 1211) be amended by striking out the words "provided there be no expense to the Board of Education," following the word "Bills," in the second paragraph of said report.

(20785)

Adjust Salary Schedule of Principals of High Schools.

The Committee on Finance reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the assistant to the principal in high schools may by the schedule, receive \$2,900 per annum; that the Principal's minimum salary is, by the schedule \$2,200.

The Superintendent recommends that the six years beginning with the fourth year of the present upper group constitute the lower group of salaries for principals of high schools; that the tenth year of the present upper group constitute the upper group of salaries for principals of high schools.

(20786)

Fix Salary of Stenographers in Superintendent's Office.

The Committee on Finance reports that at a former meeting of the Board of Education a recommendation was concurred in to fix the salary of Miss Schaffner, a stenographer in the Superintendent's office, at the next higher grade.

The Committee further reports that it is now informed that the Civil Service Commission will not grant this increase, owing to the fact that Mrs. Hawthorne, a stenographer at the Chicago Normal College, has been in the service of the city as long and her name precedes the name of Miss Schaffner on the Promotion List of the Civil Service.

The Committee recommends that in view of these facts the salary of each person—that is, Miss Schaffner and Mrs. Hawthorne—be advanced to the next higher salary in their group.

(20787)

Recommendation Regarding Summer High Schools.

The Committee on Finance reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the summer high schools are proving valuable to students desiring to reduce the length of time spent in taking the four years' course, but that the summer term is somewhat short in which to accomplish a semester's work. The Superintendent recommends that the term of the summer high schools be extended from five weeks to seven weeks.

The Superintendent further reports that the ten thousand dollars appropriated for the summer high schools will not meet all expenses, and recommends that the extra compensation for engineers and janitors be charged to the appropriation for salaries of the same.

The Superintendent also recommends that a tuition fee of two dollars per week be charged.

(20788)

DEFERRED REPORTS.

The Secretary presented Reports Nos. 20687, 20688 and 20689, action on which had been deferred temporarily on motion of Dean Sumner.

Dean Sumner stated: "With reference to the withdrawal of Reports Nos. 20688 and 20689—20689 being dependent on 20688—passing over Report No. 20688, temporarily,—I move that Reports 20688 and 20689 be not adopted.

Seconded by Mr. Urion.

Mr. Roulston moved that the reports be taken up in their order and that Report No. 20687 be considered first.

Seconded by Mr. Harding.

Dean Sumner moved as an amendment that Report No. 20687 be re-committed to the Committee on School Management for further consideration.

Seconded by Mr. Urion.

The roll being called, the motion to re-commit was lost.

Yeas—Mr. Urion, Dean Sumner, Mr. Smietanka and Judge Vincent. 4.

Nays—Messrs. Lipsky, Harding, Mrs. MacMahon, Messrs. Huttman, Sethness, Kelly, Rothmann, Dr. Warning, Messrs. Loeb, Roulston, Collins, Peterson and Reinberg. 13.

Mr. Roulston moved that Report No. 20687 be adopted.

Seconded by Mr. Harding and so ordered by the following roll call.

Yeas—Messrs. Lipsky, Harding, Mrs. MacMahon, Messrs. Huttman, Sethness, Kelly, Rothmann, Dr. Warning, Messrs. Loeb, Roulston, Collins, Peterson and Reinberg. 13.

Nays—Mr. Urion (I would like to explain my vote and have it go on record the reason I vote 'No,' because spelling is already mandatory in the Chicago public schools and has been for six years. It is taught both orally and written in every grade from the first to the eighth grade in Chicago schools). Dean Sumner, Messrs. Smietanka and Vincent. 4.

Substitute Resolution for Reports Nos. 20688 and 20689.

Mr. Loeb presented the following resolution as a substitute for Reports Nos. 20688 and 20689.

(20787)

Resolved, That the President of the Board of Education appoint a committee of five, consisting of the Superintendent of Schools and four members of the Board, whose duty it shall be to consider the advisability of compiling, publishing and printing a text book in spelling, to be furnished to the pupils of the public schools, at the actual cost of production, said committee to report back to the Board at the earliest possible date, and furthermore that the present speller now in use be dropped at the end of the school year.

Mr. Huttman moved the adoption of the resolution, as presented.

Seconded by Mr. Harding.

Mr. Urion moved as an amendment that the resolution be referred to the Committee on School Management for consideration and report.

Seconded by Dean Sumner.

Mr. Loeb moved that the amendment made by Mr. Urion be laid upon the table, as the substitute resolution covered a business proposition.

Seconded by Mr. Huttman.

Mr. Urion moved as an amendment that "if any part of the resolution is an educational matter that portion to be referred to the Committee on School Management, there to consider the educational feature, thereafter to be passed over to the Committee on Buildings and Grounds for the business feature, and if adopted by both Committees, then to be passed, under the rules, as it must be, to the Committee on Finance for final consideration before being offered to the Board for a final vote, and I call your attention, Mr. President, to the fact that we cannot today pass the substitute which has been offered, as it involves the expenditure of money, and, under the rules, it must be considered by the Committee on Finance."

Dean Sumner seconded the amendment.

Mr. Loeb moved that the amendment made by Mr. Urion be laid upon the table.

Judge Vincent raised a point of order and requested information as to whether or not the substitute resolution took the place of the two reports from the Committee on School Management, that is, Reports Nos. 20688 and 20689, and if so, that Dean Sumner be heard on the reports.

Mr. Loeb raised a point of order that the motion to lie on the table, which had been duly seconded, was not debatable.

The Chair ruled the motion to lie on the table was not debatable, and directed the

Secretary to call the roll on said motion.

Yeas—Messrs. Lipsky, Harding, Mrs. McMahon, Messrs. Huttman, Setbness, Rothmann, Dr. Warning, Messrs. Loeb, Roulston, Collins, Peterson and Reinberg. 12.

Nays—Mr. Urion, Dean Sumner, Messrs. Smietanka, Judge Vincent, Mr. Kelly. 5.

The Chair declared the motion carried.

Mr. Loeb moved that the substitute resolution be adopted.

Seconded by Messrs. Harding and Huttman.

The roll being called, the substitute was adopted.

Yeas—Messrs. Lipsky, Harding, Mrs. McMahon, Messrs. Huttman, Setbness, Rothmann, Dr. Warning, Messrs. Loeb, Roulston, Collins, Peterson and Reinberg. 12.

Nays—Messrs. Urion, Dean Sumner, Messrs. Smietanka, Judge Vincent and Mr. Kelly. 5.

Mr. Smietanka moved a reconsideration of the vote adopting Resolution No. 20787.

Seconded by Judge Vincent.

Mr. Rothmann made a point of order that Mr. Smietanka had voted against the adoption of the resolution and was therefore out of order in making a motion to reconsider.

The Chair held the point of order well taken.

On motion of Mr. Rothmann the Board adjourned.

L. E. Larson
Secretary.

BOARD OF EDUCATION

REGULAR MEETING

OFFICIAL REPORT

CHICAGO, JUNE 11th, 1913

The President, Mr. Reinberg, took the Chair and the meeting being called to order there were then:

Present—Messrs. Urion, Smietanka, Lipsky, Harding, Mrs. MacMahon, Messrs. Dibelka, Sethness, Sonstebly, Kelly, Rothmann, Dr. Warning, Messrs. Loeb, Collins, Peterson and Reinberg. 15.

Absent—Messrs. Cameron, Dean Sumner, Judge Vincent, Mr. Huttman, Dr. McFarish, and Mr. Roulston. 6.

Correction of Minutes.

The Secretary presented a communication from the Business Manager stating that in

Report No. 20740 adopted by the Board May 28, 1913, provided for the payment of property in the sum of \$21,769, but that the various amounts aggregate \$21,669, there being an error of \$100.00 in the footing, and suggesting that the Minutes be corrected accordingly.

On motion of Mr. Kelly the Minutes were ordered corrected accordingly.

Approval of Record of Proceedings.

On motion of Mr. Kelly the reading of the record of the regular meeting held May 28, 1913 was dispensed with and the record thereof, as printed, was approved.

*Appointment of Committee on Compiling,
Publishing and Printing Text Books.*

The Secretary presented the following communication from the President of the Board:

(20787-A)

Chicago, June 11, 1913.

*To the Board of Education of the City of
Chicago.*

LADIES AND GENTLEMEN:—

In accordance with the action taken by the Board of Education at its meeting held on May 28, 1913, I beg to appoint the following members as a committee of five to consider the advisability of compiling, publishing and printing a text book in spelling, said committee to report back to the Board at the earliest possible date.

Mr. Loeh, Chairman.
Mr. Lipsky.
Mr. Rothmann.
Mrs. MacMahon.
Mrs. Young, Superintendent of Schools.
Respectfully submitted,

(Signed) PETER REINBERG,
President.

On motion of Mr. Kelly the action of the President was concurred in.

*Communication from Mrs. John H.
Vanderpoel.*

The Secretary presented the following communication from Mrs. John H. Vanderpoel:

(20787-B)

*See'y Board of Education,
Chicago, Ill.*

DEAR SIR:—

I am sincerely glad that the Beverly Longwood school is to be named for my husband John H. Vanderpoel. It has long been the wish of the community in which we lived, and such an expression of love and respect for one so dear to me, could be no less than gratifying. In the two or three notices in the papers it has been spoken of as the "John Vanderpoel School," and I would like to suggest to you that his name be used as he always signed it "John H. Vanderpoel" this middle initial being the only thing that distinguished his signature from three other members of the family of the same name, two nephews and an uncle. The name can be shortened for common use as may seem best by the people; but that it should be on the building as he always signed it—is only right. I am not versed in the etiquette of making such a request but can only hope that I may be understood and that it will meet with your approval.

Sincerely,

(Signed) MRS. JOHN H. VANDERPOEL,
5616 Kimbark Ave.

May 27, 1913.

On motion of Mr. Kelly the communication was received, and the correction in name to be so recorded.

*Communication from Parent Teachers
Association of Longwood.*

The Secretary presented the following communication:

(20787-C)

Whereas that great American artist, the late John H. Vanderpoel, lived for many years in Longwood, and during his residence there, through his many noble and sterling qualities as a citizen, a neighbor and a friend, endeared himself to the community in which he resided, and

Whereas no other former resident of that district has left a name more honored and beloved, it was the wish of all his friends that his memory should be permanently recorded on the stone of the local school-house, to symbolize the enduring memorial which he established for himself in the hearts of his fellow-citizens, and

Whereas the School Board of Chicago, acting on the representations of the Parent Teacher's Association of Longwood, has permitted this school to be known ever after as the John H. Vanderpoel School, permitting his honored name to be wrought in stone for this purpose, therefore he it

Resolved that the undersigned hereby tender a vote of thanks to the School-Board of Chicago, in appreciation of their kind and courteous co-operation.

Received and ordered placed on file.

*Thanks Tendered the Board by Mr. David
M. Pfaelzer.*

The Secretary presented the following communication:

(20787-D)

June 3, 1913.

Mr. Lewis E. Larson,
Secretary Board of Education.
Chicago, Illinois.

DEAR MR. LARSON,

Your letter of April 3rd, together with engrossed copy of resolutions adopted by the Board of Education, received.

I wish you would express my sincere thanks to the members of the Board of Education for their beautiful token of our past pleasant relations, and assure them that I will always prize this as one of my most valuable possessions.

With my kindest regards and wishes to the members of the Board and to yourself personally, I beg to remain,

Sincerely yours,

DAVID M. PFAELZER.

On motion of Mr. Kelly the communication was received and ordered printed in the Proceedings.

*Thanks Tendered the Board by Mr. O. F.
Greifenhagen.*

The Secretary presented the following communication.

(20787-E)

Chicago, June 3, 1913.

Mr. Lewis E. Larson,

Secretary, Board of Education, Chicago.

MIL DEAR MR. LARSON:

I beg to acknowledge receipt of the beautifully engrossed "Copy of Resolutions" adopted upon my retirement from the Board.

The very complimentary and flattering expressions of sentiment contained therein seem, to me, hardly merited; and the excellent workmanship and elaborate execution seems almost like extravagance—but, I beg of you to convey to the special committee which drew up these resolutions and to the entire Board, my sincerest and heartiest thanks and appreciation for the many kind words.

I shall always cherish this beautiful testimonial as the most valuable of my possessions and it will be a constant reminder of the pleasant associations formed during my five years connections with the Board.

It is especially gratifying to me that my modest efforts made form time to time in advocating the establishment or installation of ample playgrounds, gymnasiums and assembly-halls was particularly emphasized in the resolutions and you will pardon me if I here express the hope that the present policy of the Board in this direction will long endure.

I also take this occasion to express my thanks to the members of the Board, its officers and many employes for the kind and courteous treatment and co-operation accorded me during my term of office.

Very Sincerely yours,

O. F. GREIFENHAGEN.

On motion of Mr. Kelly the communication was received and ordered printed in the Proceedings.

Question of Personal Privilege.

Mr. Harding arose to a question of personal privilege and presented a written statement regarding the proposed adoption of a new spelling book.

Mr. Urion moved that the statement be laid upon the table.

Seconded by Mr. Smietanka.

Mr. Sonstebj raised a point of order that the motion to lie on the table was out of order because there was nothing before the house but the regular order of business.

The Chair held the point of order well taken.

STANDING COMMITTEES.

The Chair stated that, in case no objection was made by any member present, it was agreed that the reports of the several Standing Committees be sent to the desk of the Secretary in the order of the committees, as provided for in the regular order of business; that they be read by the Secretary, and in case no objection is made during the reading thereof, that at the conclusion of the reading of the reports of

each committee a vote be taken on the acceptance of the reports submitted, and the adoption of the recommendations contained therein as a whole; if during the reading of such reports any objection is made to any report or any part of any report presented, such report or reports objected to shall be passed and the consideration thereof taken up separately.

SCHOOL MANAGEMENT.

Mr. Smietanka, member of the Committee on School Management, presented reports of the Committee, as follows:

(20788)

Award Certificate.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that Elizabeth I. Wagner, who was successful in the academic examination for a certificate to teach in the Chicago public schools, and who has since passed the required physical examination, be awarded a certificate.

(20789)

Graduates of Chicago Normal College and Experienced Teacher—Place on List for Appointment for Kindergarten Teachers.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that the following named graduates of the Chicago Normal College, who have satisfactorily completed the four months of probationary service as cadets and substitutes in the kindergartens, required under the rules, and the following named experienced teachers, holding valid certificates, who have completed satisfactorily the required four months' probationary service as substitutes in the kindergartens, be placed on the list for appointment for teachers in the kindergartens:

Graduates of Normal College.

Klein, Belle,
Lane, Florence M.
Swift, Elsie M.
Walker, Mary L.

Experienced Teachers.

Peasley, Irene
Piersen, Mabel E.
Steen, Almee Dell.

(20790)

Grant Certificate to Teacher of Carpenters' and Plumbers' Apprentices in Lane Technical High School.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that under authority of the Board of Education granted January 8, 1913, Report No. 19618, the Superintendent has employed Ray Schoonhoven as teacher of carpenters' apprentices and plumbers' apprentices in the Lane Technical High School, to date from January 13, 1913, and recommends that a certificate be granted to Mr. Schoonhoven.

(20791)

Head Assistants—Elect.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that Helen F. Roberts, teacher in the Lowell School, be elected head assistant of the Foster School, to date from June, 1913; that Abbie L. Jones, head assistant of the Garfield School, be elected head assistant of the Albany Avenue School, to date from June, 1913; that Louise C. Crowley, teacher in the Albany Avenue School, be elected head assistant of the Garfield School, to date from June, 1913; that Jennie Goldman, teacher in the Colman School, be elected head assistant of the Sawyer Avenue School, to date from September, 1913.

(20792)

Appoint Assistant to Principal of Lake View High School.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that Mary L. Reynolds, teacher in the Lake View High School, be appointed assistant to principal of the Lake View High School, to date from June, 1913.

(20793)

Teacher—Allow Salary Less Substitute's Pay During Absence.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that Augusta von Horn McAllister, teacher in the Hendricks School, was absent from school for four days, May 20 to 23 inclusive, acting as a delegate to the convention of the G. A. R. at Alton, Illinois.

The Superintendent recommends that Mrs. McAllister be allowed her salary less substitute's pay, for the period of her absence.

(20794)

Pay Teachers, Less Amount Actually Paid Substitutes, While Absent on Account of Illness of Relatives.

The Committee on School Management reports that it is in receipt of the following named persons for salary on account of absence caused by the serious illness of some member of their family, and recommends that each person named be allowed their salary, less substitute's pay for the time and the cause given:

Maria P. Clay, Drake School 3½ days, illness of sister
Georgiana Buddendorff, Kozminski School, 5 days, illness of mother.

(20795)

Salary Adjustments not Subject to Change While Schedule Under Which Assignment was Made Remains in Force.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the cases are not infrequent in which a teacher whose ability as instructor and disciplinarian at the time of assignment is not commensurate with the years which said teacher has spent in teaching elsewhere or in substituting before permanent assignment to the Chicago public school teaching corps; that in the course of time when such teacher has improved with experience under the leadership of a good principal, a plea is made for fuller recognition of the time spent in teaching elsewhere or in substituting in Chicago; that the consideration and re-consideration of such plea is based on a non-recognition of the fact that the salary was determined by the ability of the teacher during the four months immediately preceding the assignment.

The Superintendent recommends that the rate and date at which appointee's salary has been fixed at the time of assignment be not subject to change while the schedule under which the assignment was made remains in force.

BUILDINGS AND GROUNDS.

Mr. Sethness, Chairman of the Committee on Buildings and Grounds, presented reports of the Committee, as follows:

(20805)

Request Granted—Use of Kinzie School as a Play Center.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools stating that a request has been received from the Principal of the Kinzie School for the use of that building during six weeks of the summer vacation as a play center from one o'clock to five o'clock in the afternoon on the first five days of the week and recommending that the use of the building be granted free with the understanding that the persons employed to take charge of the center shall be regular teachers in the Chicago Public Schools and that the Board incur no expense except that necessary for the regular care of the building.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(20806)

Request Granted—Use of Adams School as a Play Center.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools stating that a communication has been received from Mrs. Charles M. Walker, Treasurer of the Juvenile Protective Association, asking for the use of the Adams School on three afternoons of the week during summer vacation as a play-center and offering to provide for the expense for employing a director of these activities and further stating that the letter includes a request that the Board of Education permit the use of the building and grounds free, and pay the expense of the bath attendant during the period mentioned and recommending that the offer be accepted with the understanding that the center shall be under the direction of the Superintendent of Schools and that the Director in Charge shall be a person holding a certificate from the Board of Education.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(20807)

Class Room—Fit Up—Marshall School

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools recommending that during the summer vacation a room in the basement of the Marshall School, now used as a play room, be floored and fitted up as a class room.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(20808)

Bath Rooms—Open during Summer Vacation

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools recommending that, in accordance with the usual custom, bath rooms in the buildings that are used for Vacation Schools and Play Centers be opened during the summer vacation beginning with July 7th and that Attendants be assigned from the regular lists and further recommending that after the close of the vacation schools any bath room be closed before the expiration of the summer vacation should the attendance and patronage fail to justify the expenditure, and stating that the buildings classified above in which bath rooms are located are as follows:

Adams	Gladstone	Talcott
Kinzie	Jackson	Washington
Jenner	Jungman	Graham
Burr	McCormick	Hamline
Dante	Smyth	Holden
Jones		

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(20809)

Industrial Centers—Establish.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools stating that the industrial course in Grades 6, 7, 8, is conducted in the Jackson, Von Humboldt, Hendricks, Copernicus, Franklin and Burr Schools with excellent results; that after examining carefully into the industrial course as regards both its results in the schools in which it is conducted and its influence in leading boys and girls to continue their school course, the Principals of the Foster, Holden, McCosh, Walsh, Bryant, Carter Practice and Haines Practice Schools have asked to establish a course in their respective schools; that the industrial course necessitates the addition of two teachers in four rooms or three additional teachers in eight rooms; that there is additional expense in each school of \$275.00 for material for an entire year; that notwithstanding this additional expense, the results pay for the expenditure and therefore recommending that authority be given to begin an industrial course in the Foster, Holden, McCosh, Walsh, Bryant, Carter Practice and Haines Practice Schools at the beginning of the new school semester in September.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(20810)

Open Window Rooms—Establish

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools stating that the Elizabeth McCormick Memorial Fund is ready to co-operate in establishing an open window room in the Burr, Seward, Holden and Thorp Schools and recommending that an open window room be established in each of these schools in September 1913; and further stating that there is need for such a room in the Haines Practice School but that the Elizabeth McCormick Memorial Fund is not willing to co-operate until the desired changes are made in the basement and recommending that the contemplated changes in the basement of the Haines Practice School be completed at an early date in order that arrangements may be made for beginning an open window room in that school September 1st.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(20811)

Library Books and Supplementary Reading—Adopt Lists.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools stating that the appended original list adopted by the Board in 1909, the appended addition to the proposed list made in April 1911, and the appended second addition made in May 1913, are the result of the work of the Committee of High School Principals appointed by the Superintendent to have charge of said lists and reports made by the Committee of the High and Normal School Association and the High School Teachers' Club and recommending that the three lists of library books and Supplementary Reading for High Schools be adopted by the Board and printed for distribution among the teachers in the high schools.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(20812)

Rescind Action—Awarding Building—Forestville School

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board, stating that at the last meeting of the Board, Report No. 20744 was presented and adopted, which awarded various buildings acquired by condemnation to the highest bidders. On the site of the Forestville School, the building known as 4431 St. Lawrence Ave., was sold to Julius J. Huebsch, 5036 S. Ashland Ave., for the sum of \$525.00. The Secretary states that Mr. Huebsch on June 4th, complained that the building has been entered and stripped of valuable contents, and he asked to be released from his obligation, and requested the return of his deposit of \$50.00.

The Committee further reports that it has carefully considered the matter, and recommends that so much of the action taken by the Board at its last meeting as relates to the award of said building to Mr. Huebsch, be rescinded; that his deposit of \$50.00 be returned, and that said building be re-advertised for sale.

*Fire Alarm Boxes in Proximity to School
Buildings.*

Your Committee on Buildings and Grounds
reports that it has received information
from the Department of Electricity of the
City of Chicago which in effect states that
owing to lack of funds it would be impossible
to install fire alarm boxes in proximity
to school buildings for which authority was
granted by the Board of Education.

Your Committee, therefore, recommends that the orders issued to the Department of Electricity be, and the same are, hereby cancelled. In this connection your Committee has received communication from the City Electrician advising that it may be possible to make these installations during the year 1914. The Secretary has requested said City Electrician to make arrangements for appropriation of sufficient funds to be included in the budget for the year 1914 for this very important work.

Rescind Action to Acquire School Site—North Ashland Ave. and Howard St.

The Committee on Buildings and Grounds recommends that so much of the action taken by the Board at its meeting held May 14, 1913, Report No. 20638, and May 28, 1913, Report No. 20743, making counter offer and requesting the institution of condemnation proceedings to acquire a site for school purposes on Howard Street, North Ashland Avenue, and Rogers Avenue, be rescinded.

(20864)

Request Granted—Installation of Drinking Fountain—Morsholl School.

The Committee on Buildings and Grounds reports that it is in receipt of

a request from the Anti-Cruelty Society to install a drinking fountain on the edge of the John Marshall School premises.

The Committee recommends that the request be granted with the understanding that the same shall be without cost to the Board of Education and shall be removed at any time upon request from the Board.

(20865)

Alterations—Keith School.

The Committee on Buildings and Grounds recommends that the Bureau of Repairs be directed to remove the present wall between Rooms 14 and 15 in the Keith School building for the purpose of providing space for a gymnasium and that the same be fitted up and equipped for gymnasium use.

The Committee further recommends that a portion of the girls' playroom be partitioned off to provide space for a bath room to contain showers and a tub.

(20866)

Employ Additional Stenographers to Assist in Issuing Age and School Certificates.

Your Committee on Buildings and Grounds reports that it is in receipt of the following recommendation from the Superintendent of Schools, and recommends concurrence therein:

"The Superintendent of Schools recommends that five additional stenographers be employed in the Education Division to assist in issuing age and school certificates following the close of school, for a period not to exceed four weeks, as needed."

(20867)

Use of Hall—Byford School.

The Committee on Buildings and Grounds reports that it is in receipt of the following recommendation from the Superintendent of Schools, and recommends concurrence therein:

"The Superintendent of Schools reports that application has been received from Mrs. Prescott, secretary of Kilpatrick Post Relief Circle, Auxiliary to G. A. R., for the use of the assembly hall of the Byford School on the evening of June 14, 1913, free of charge, for the purpose of holding exercises appropriate to the celebration of Flag Day, and recommends that the request be granted."

(20868)

Use of Hall—Hayt School.

The Committee on Buildings and Grounds reports that it is in receipt

of the following recommendation from the Superintendent of Schools, and recommends concurrence therein:

"The Superintendent of Schools reports that application has been received from Mr. W. C. Johnson, 1252 Granville Avenue, for the use of the assembly hall of the Hayt School on the evening of Saturday, June 14, 1913, for a meeting of the West North Edge-water Improvement Association, and recommends that the request be granted, subject to the usual terms and restrictions."

(20869)

Additional Piano Tuner—Employ Temporarily.

The Committee on Buildings and Grounds reports that it is in receipt of the following recommendation from the Superintendent of Schools, and recommends concurrence therein:

"The Superintendent of Schools recommends that authority be granted for the extension of the time of employment of the assistant to the piano tuner for a period of one week, beginning June 16, 1913, at an expense not to exceed \$25.00, this amount to be charged to the apportionment set apart for the purpose mentioned in the appropriation for the Department of Music for the current year."

No objections having been made to any of the recommendations contained in the several reports submitted, on motion of Mr. Sethness the reports were received and the recommendations contained therein were adopted, such adoption being declared to have been the action of the Board and of each individual recommendation.

FINANCE.

Mr. Rothmann, Chairman of the Committee on Finance, presented reports of the Committee, as follows:

(20870)

Assign Teacher to the Home for Crippled Children at the Spalding School, and Fix Salary.

Your Committee on Finance respectfully reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

"The Superintendent of Schools reports that attention has been called to the fact that there are two classes of children in the Home for Crippled Children; first, those who can be taken to the Spalding School for Crippled Children, which is in the same block; and second, those who are confined weeks, sometimes months, to their beds.

"After careful investigation, the Superintendent recommends that a teacher be assigned as a member of the faculty of the Spalding School to bedside work in the Home; that Nellie I. Eberly, a teacher in the Sherwood School, receiving the salary of \$1,200, the highest salary paid the upper group of grammar department teachers, be transferred to the Spalding School, at a salary of \$1,300 for ten months, the highest salary of the upper group of teachers in schools for crippled children; that this work with the little ones in bed be conducted beginning July 1; that from the contingent fund there be an apportionment of \$650 for the teacher's salary during the six months."

(20871)

Increase in Salary of Stenographer—Physical Education and Elementary Manual Training Departments.

Your Committee on Finance respectfully reports that it is in receipt of the following recommendation from the Superintendent of Schools:

"The Superintendent of Schools recommends that the salary of Miss Blanche Winn, stenographer in the Physical Education and Elementary Manual Training Departments, Education Division, be advanced from Junior Stenographer, Grade III, Group A, \$1,200, to Senior Stenographer, Grade IV, Group D, \$1,320, to date from January 1, 1913."

Your Committee further reports that it has carefully considered this matter and recommends concurrence therein.

(20872)

Increase in Salary of Stenographer—Household Arts and Manual Training Departments.

Your Committee on Finance respectfully reports that it is in receipt of the following report from the Superintendent of Schools:

"The Superintendent of Schools reports that the appropriations for the year 1913 made provision for an increase in the salary of Miss Harriet E. McNett, stenographer Household Arts and Manual Training Departments of the Education Division.

"The Superintendent therefore recommends that the salary of Miss McNett be increased from Group D, \$1,320, to Group C, in Grade IV, \$1,440, to date from January 1, 1913."

Your Committee further reports that it has carefully considered this matter and recommends concurrence in the recommendation of the Superintendent.

(20873)

Increase Salary of Stenographer in Examination Department.

Your Committee on Finance respectfully reports that it is in receipt of the following report from the Superintendent of Schools:

"The Superintendent of Schools reports that in the apportionment for the Department of Examinations although the salary of the stenographer was entered at \$1,320, the head of the Department states that he had included therein the advance of Mrs. Mary H. Leonard's salary to the next group.

"The Superintendent therefore recommends that Mary H. Leonard's salary be increased from Group D, \$1,320, to Group C, \$1,440, in Grade IV, to date from January 1, 1913."

Your Committee further reports that it has carefully considered this matter and recommends concurrence in the recommendation of the Superintendent.

(20874)

Increase in Salary of Clerks of Works—Deferred two weeks.

Your Committee on Finance respectfully recommends that the salary of the following clerks of works be increased \$10.00 per month to date from June 1, 1913:

Arthur S. Carrie.
John Devery.
John P. Hein.
Cornelius J. Lamb.
Jay C. Orrell.
George A. Schoenberg.
Redmond J. Smithwick.

On motion of Mr. Dibelka, seconded by Mr. Loeb, action on this report was deferred for two weeks.

(20875)

Increase Salary of Scrubwomen—Parental School,

Your Committee on Finance respectfully recommends that the salaries of the following scrubwomen at the Parental School be increased from \$45.00 to \$50.00 per month:

Theresa M. Dale.
Maggie Egler.
Anna Gilpert.
Mamie E. Lewis.

(20876)

Pay for Special Work Done under Direction of Department of Compulsory Education.

The Committee on Finance reports that it is in receipt of the following report from the Superintendent of Schools and recommends concurrence therein:

"The Superintendent of Schools reports that under the direction of the Department of Compulsory Education, Miss Louise Hogey has done special work for the Superintendent of Schools and authorized by the Committee on School Management.

"The Superintendent recommends that she be paid \$105.00 from the Contingent Fund and discharged from further work."

(20877)

Grant Request for Use of Lawn at Normal School Premises.

The Committee on Finance respectfully recommends that the request of the Ladies' Class, No. 24, Christian Church, to use the lawn near the Chicago Normal College for a church festival on Monday evening, June 16, 1913, on which they intend to sell cake and ice cream and put up Japanese lanterns, be granted, with the understanding that they be held responsible for any damages to school property occasioned by said use.

(20878)

Grant Leave of Absence to Mr. Bogan and Mr. Roberts, to go to Springfield, Ill.

Your Committee on Finance respect-

fully recommends that William J. Began, principal of the Lane Technical High School, and William M. Roberts, superintendent in charge of Vocational Education, be authorized to go to Springfield on Thursday and Friday, June 12th and 13th, 1913, to endeavor to stay action on the Cooley bill now pending before the Legislature, and that they be granted leave of absence for this period and their expenses for this trip be paid by the Board of Education

(20879)

Communication from Dr. Warning.

The Secretary presented the following telegram from Dr. Warning:

Denver, Col., June 24, 1913.

Ella Flagg Young,

Care Tribune Bldg., Chicago Ill.

FELLOW BOARD MEMBERS AND MRS. YOUNG—

The present Mr. Schirmer and the Executive Committee of the International Gymnastic Union join me in sending greetings from the Denver Turnvest. I regret that you are not with me here. I know that the appropriation for physical culture would be double next year. Eight thousand public school children taking part in the festivities.

DR. O. F. WARNING.

Received and ordered printed in the Proceedings.

Request Mr. Wacker to Renew His Offer for Next Year.

The Secretary presented the following communication from the Vice-President:

(20880-C)

Chicago, June 25, 1913.

To the Members of the Board of Education.

LADIES AND GENTLEMEN:—

On April 3, 1912, the Board of Education accepted the proposition of Hon. Charles H. Wacker, offering prizes for school room, school yard beautification, etc. At the meeting of the Board of Education, on October 2, 1912, the report of the award of prizes was presented to the Board, and in said report is found the following statement signed by all of the District Superintendents showing that splendid results were inspired by the generous offer made by Mr. Wacker:

"We believe that there is a growing interest throughout the city in the effort to improve the appearance of school premises. The results obtained in many cases are surprising and invariably lead to greater appreciation of the beautiful effects produced by co-operation with nature and to increased respect for public property."

Unfortunately, the matter was overlooked this year amid the multiplicity of matters occupying the attention of the Board of Education. This matter is of great importance to the schools and the Board should not lose the benefits that will accrue through the continuation of the work, and I respectfully recommend that Mr. Wacker, be earnestly requested to renew his generous offer for the next year.

Yours truly,

(Signed) HENRY W. HUTTMANN,
Vice President.

On motion of Dr. McFatrlich the recommendation of the Vice President was concurred in.

List of Non-resident Pupils.

The Secretary presented the following list of non-resident pupils:

(20880-D)

Chicago, June 25, 1913.

To the Board of Education of the City of Chicago.

LADIES AND GENTLEMEN:—

I present herewith a list of non-resident pupils who have been exempted from tuition under the rules of the Board of Education.

Yours very truly,

L. E. LARSON,
Secretary.

Report of Special Committee on Commercial Education.

Mr. Sonstebly, Chairman of the Special Committee on Commercial Education, presented a report of the Committee, as follows:

Your Special Committee on Commercial Education respectfully reports that it was appointed at the adjourned regular meeting of the Board of Education held May 2, 1913; that thereafter it caused a thorough study to be made of the commercial training now given in the several high schools. A questionnaire was sent to each high school principal, replies being received from all twenty-one schools. Three high schools reported that no commercial training was given in such schools.

A joint meeting was held with the Committee on Commercial Education of the Association of Commerce on June 23, 1913. At this meeting Messrs. Skinner, Gore, Wilson and Kimbark were present representing the Association of Commerce and all the members of your Committee, together with Mrs. Ella Flagg Young, Superintendent of Schools, were present.

On June 24, 1913, the Committee held a meeting attended by all the members of your Committee, together with President Reinberg and Mrs. Ella Flagg Young, Superintendent of Schools, at which meeting the answers to the questionnaires, and all suggestions made by members of the Committee, the Superintendent, and representatives of the Association of Commerce, were fully and carefully considered.

As a result of the foregoing, your Committee, with the concurrence of the Superintendent of Schools, respectfully recommends as follows:

1st. That as a part of the regular committees of the Board there be one committee, consisting of five members, to be called the Committee on Commercial Education, appointed in the same manner as other standing committees are appointed.

2nd. That the position of the Supervisor of Commercial Education be created, and that the incumbent when appointed, be paid at the rate of \$2,500.00 a year until January 1, 1914; the salary thereafter to be fixed in the next budget.

3rd. That the Association of Commerce be requested to appoint two members to act as an advisory committee to the Committee on Commercial Education.

Respectfully submitted,

(Signed) John J. Sonstebly, Chairman.
Henry W. Huttman,
R. J. Roulston,
C. O. Sethness,
C. S. Peterson.

On motion of Mr. Sonstebly the report was received and the recommendation contained therein was adopted.

Yeas—Messrs Smietanka, Lipsky, Harding, Mrs. MacMahon, Messrs Sethness, Sonstebly, Kelly, Dr. McFarrich, Messrs. Loeb, Roulston, Collins, Peterson and Huttman. 13.

STANDING COMMITTEES.

The Chair stated that, in case no objection was made by any member present, it was agreed that the reports of the several Standing Committees be sent to the desk of the Secretary in the order of the committees, as provided for in the regular order of business; that they be read by the Secretary, and in case no objection is made during the reading thereof, that at the conclusion of the reading of the reports of each committee a vote be taken on the acceptance of the reports submitted, and the adoption of the recommendations contained therein as a whole; if during the reading of such reports any objection is made to any report or any part of any report presented, such report or reports objected to shall be passed and the consideration thereof taken up separately.

SCHOOL MANAGEMENT.

Mr. Lipsky, member of the Committee on School Management, presented reports of the Committee as follows:

(20881)

ANNUAL ELECTION.

To the Board of Education of the City of Chicago.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

"The Superintendent of Schools recommends that the following named assistant superintendent, district superintendents, supervisors, special teachers, principals and teachers be continued in the employ of the Board for the ensuing year, subject to the probation and certificate rules, and subject also to transfer from grade to grade and from school to school whenever necessary for the good of the service, and subject to all rules now in force or hereafter adopted. Teachers designated by a star are elected on probation."

Issue Probationary Certificate as Assistant Family Officer in the Parental School.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that a probationary certificate as assistant family officer in the Parental School be issued to Mrs. Anna DeBoer, in accordance with Section 216 of the Rules of the Board of Education.

(20885)

Issue Diploma and Certificate to Non-Resident Student at Normal College.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that Vera T. Lobanoff, one of the students recommended for graduation from the Normal College June 28, 1913 was admitted to the Normal College on presentation of diploma from Northwestern University, under the rules governing the admission of universities, graduates to the Normal College without examination. She is a graduate of the New Trier High School, Wilmette, Illinois, and resides in Wilmette. Her non-residence has just been discovered.

The Superintendent recommends that because her admission was not due to any mistake of hers and her work has been satisfactory in the Normal College, she be given a diploma of graduation and a certificate to teach, and that she be not required to pay tuition for the year 1912-1913.

(20886)

Award Diploma and Partial Certificate to Graduates of Chicago Normal College.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the principal of the Normal School has reported that the following named students in the Normal College have finished the course of study required, and are recommended for graduation. They have passed the physical examination, required under the rules, and the Superintendent therefore recommends that they be granted diplomas of graduation from the Chicago Normal College and partial certificates to teach in the elementary schools, as shown herein:

that, acting under authority of this Com-
mittee, the Education Division has accepted
the services of several trained workers in
the field of guidance of children about "to
go to work;" that the results have shown
clearly the wisdom of the organizations gen-
erously furnishing the vocational guides;
that the Board will soon find it necessary
to have its own corps of teachers in this
new field.
The Superintendent recommends that an
examination for certificates of teachers in
Vocational Guidance be authorized, the ex-
amination to be held July 1, 1913.

Change Boundaries of Marquette, Irving and Crerar Schools.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that there are four vacant classrooms in the Irving School; that by changing the district boundary between the Marquette and the Irving so as to transfer all pupils in the Marquette district south of Harrison Street and west of Winchester Avenue, the remaining portable at the Marquette School and one of the very dark classrooms in the old building could be closed; that in this way about one hundred and six (106) pupils would be transferred from the Marquette to the Irving School.

The Superintendent further reports that by changing the district boundary between the Crerar and the Irving, so as to transfer all pupils east of the alley between Irving Avenue and Oakley Avenue to the Irving School, classes in the Crerar School, now occupying the assembly hall and the "German" office could be given proper accommodation; that about eighty-one (81) pupils would in this way be transferred to the Irving School; that this territory is very close to the Irving School and was formerly included in that district.

The Superintendent recommends that the boundaries of the Marquette, Irving and Crerar Schools be changed as follows:

Marquette School—Beginning at Adams Street and Ashland Boulevard, south to Jackson Boulevard, west to Marshfield Avenue, south to Taylor Street, west excluding both sides of Taylor Street between Marshfield Avenue and Paulina Street to Winchester Avenue, north to Harrison Street, west to Robey Street, north to Adams Street, east to Ashland Boulevard.

Irving School—Beginning at Jackson Boulevard and Robey Street, south to Harrison Street, east to Winchester Avenue, south to Taylor Street, west to the alley between Irving Avenue and Oakley Boule-

vard, north to the line of Lexington Street, west to Oakley Avenue, north to Harrison Street, east to Leavitt Street, north, to Jackson Boulevard, east to Robey Street.

Crerar School.—Beginning at the corner of Lexington Street and California Avenue, east on the line of Lexington Street to the alley between Oakley Boulevard and Irving Avenue, south to Taylor Street, east to Ogden Avenue, southwest to the Chicago and Great Western Railroad tracks, north-west along the Chicago and Great Western Railroad tracks to California Avenue, north to the point of beginning.

Correct Report for Acquiring Property—44th, Wrightwood and Lowell Avenues and Greenwood Terrace.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board recommending that correction be made in Report No. 20734, which was adopted by the Board at its meeting held May 28, 1913, regarding the acquiring of property on 44th, Wrightwood and Lowell Avenues and Greenwood Terrace, a copy of which communication is hereto attached.

The Committee recommends concurrence by the Board in the suggestions contained in the report of the Attorney.

June, 19, 1913.

Committee on Buildings and Grounds, Board of Education of the City of Chicago.

GENTLEMEN:—

On May 20, 1913, I reported to the Committee the acquirement of property on 44th, Wrightwood and Lowell Avenues and Greenwood Terrace, and therein stated that the value awarded as to Lots 23, 24, 25, 26 and 27 was \$1,895.50, and as to Lots 28, 29, 30, 31 and 32 the same amount.

Said report was in error in that Lots 27 and 28 were considered as inside, 25 foot lots, when, as a matter of fact, each is a corner lot with a frontage of 40.25 feet, more or less. The award for these two lots was \$1,000.00 each, making a total of \$2,524.40 for Lots 23, 24, 25, 26 and 27, and the same total for Lots 28, 29, 30, 31 and 32.

In order that correction may be made and the proper amount paid to the respective owners of these two lots, it will be necessary, and I recommend, that a warrant be drawn in the name of Mina B. Anderson for the sum of \$718.90 to complete the payment for the acquirement of Lots 23, 24, 25, 26 and 27 aforesaid, and that a warrant be drawn in the name of Robert W. Rutherford for the sum of \$718.90 to complete the payment for the acquirement of Lots 28, 29, 30, 31 and 32 aforesaid, all of said lots being in Block four (4) in Keeney & Pemberthy's Addition to Pennock, said Addition being a Subdivision of the South West quarter of the South East quarter of Section twenty-seven (27), Township forty (40) North, Range thirteen (13), East of the Third Principal Meridian.

Respectfully submitted,

(Signed) A. R. SHANNON,
Attorney.

Forfeit Deposit and Award Contract—Painting—Sherman School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from J. P. Sullivan with reference to an error made by him in his bid of \$468.00 for painting the Sherman School and declining to execute contract for said work.

The Committee recommends that the deposit of said form in the sum of \$46.80 be declared forfeited and that contract be awarded to Fred Wallemborn, second lowest bidder, in the sum of \$637.00.

(20941)

Payment for Property—Bryn Mawr and Southport Avenues and Clark Street.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board relative to proceedings to condemn certain property therein described for school purposes being lot 7 having a frontage of 85.1 feet more or less on Edgewater Terrace by a depth of 287.4 feet; this being part of the new site bounded by Bryn Mawr Avenue, Southport Avenue, Edgewater Terrace and Clark Street, a copy of which communication is hereto attached and made a part hereof.

The Committee recommends that a warrant be drawn to the order of the County Treasurer of Cook County in the sum of \$6,253.00 in accordance with the recommendation contained in said communication from the Attorney of the Board.

June 20, 1913.

Committee on Buildings and Grounds, Board of Education of the City of Chicago.

GENTLEMEN :—

In condemnation proceeding Gen. No. 339,632 in the Circuit Court of Cook County, entitled "City of Chicago, in Trust for the Use of Schools, vs. Catharine Keller, et al.," a trial has been had and verdict rendered.

In this proceeding, together with other property, Lot seven (7) (except the west 28 feet of the north 125 feet thereof, and also the south 12 feet of said lot dedicated for street purposes) in the Division of the North 10 acres of the North West quarter of the North West quarter of Section eight (8), Township forty (40) North, Range fourteen (14), East of the Third Principal Meridian, situated in the City of Chicago, County of Cook and State of Illinois, is condemned. Said lot has a frontage of 85.1 feet, more or less, on Edgewater Terrace, by a depth of 287.4 feet, and is a part of the new site bounded by Bryn Mawr Avenue, Southport Avenue, Edgewater Terrace and Clark Street. The jury awarded the respondent owner the sum of \$6,250.00. Costs of suit, \$3.00. Total, \$6,253.00.

This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$6,253.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said amount to the County Treasurer of Cook County, a good title to the above described property will vest in the City of Chicago, in Trust for the Use of Schools, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report is a blue print of the survey of the property in question.

Respectfully submitted,

(Signed) A. R. SHANNON,
Attorney.

and further stated that the above bills have been carefully checked and found reasonable, and recommending that same be accepted and ordered paid.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(20949)

Contract—Award—General Work in Connection With Boiler Room Alterations—Earle School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that bids on general work in connection with alterations in boiler room of the Earle School, 61st St. and Hermitage Ave., were opened by the Sub-committee June 18, 1913, and recommending that contract for this work be awarded to the lowest bidder, Joseph L. Connelly, in the amount of \$2,660.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(20950)

Contracts—Award—Electric Work and Telephones and Bells—Lowell School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that bids on electric work and telephones and bells for the addition to the Lowell School, Hirsch St. and Spaulding Ave., were opened by the Sub-committee June 18, 1913, and recommending that contracts be awarded to the lowest bidders, as follows:

Wadeford Electric Co., electric work	\$2,563.00
Wadeford Electric Co., telephones and bells	220.00

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(20951)

Contracts—Award—Electric Work and Telephones and Bells—Bryn Mawr School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that bids on electric work and telephones and bells for the Bryn Mawr School, 74th St. and Jeffery Ave., were opened by the Sub-committee June 18, 1913, and recommending that contracts be awarded to the lowest bidders, as follows:

United Electrical Construction Co., electric work	\$1,697.00
Wadeford Electric Co., telephones and bells	146.00

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(20952)

Polishing Machine—Rescind Contract Herebefore Awarded and Award Contract in Accordance With Amended Specifications—Crane Technical High School.

Your Committee on Buildings and Grounds reports that the polishing machine ordered for the Crane Technical High

School Building, W Van Buren St. and Oakley Ave., as authorized by the Board, Report No. 19238, is inadequate to meet the requirements of said school, and, therefore, recommends that the contract awarded to the Jas. Clarke, Jr., Electric Company, Report No. 19491, be, and the same is, hereby rescinded.

Your Committee further reports that it has prepared amended specifications and received bids, and recommends award of contract to the Jas. Clarke, Jr., Electric Company for the installation of motor driven polishing machine, it being the lowest bidder, in the sum of \$225.00.

(20953)

Contract—Award—Castings, Common Grate Bars, Etc., Tie Bids—Sundry Schools.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids as authorized by the Board, Report No. 20549, for castings, common grate bars, etc., required at sundry school buildings. Tie bids were received from Geo. Gulickson and R. M. Eddy Foundry Company on the Chalmers School, Fairfield Avenue and 12th Street; from Geo. Gulickson and R. M. Eddy Foundry Company on the Harper School Building, 65th and Wood Streets; from Geo. Gulickson and R. M. Eddy Foundry Company on the Phil Sheridan School Building, Escanaba Avenue and 90th Street; from Geo. Gulickson and R. M. Eddy Foundry Company on the Walsh School Building, 20th and Johnson Streets, which, on the toss of a coin, were awarded as follows:

Chalmers School	\$ 2.00
R. M. Eddy Foundry Company:	
Harper School	90.00
Phil Sheridan School	60.00
Walsh School	60.00
and your committee asks concurrence in the action taken.	

(20954)

Contract — Award—New Boilers — Sundry Schools.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for the installation of new horizontal tubular boilers, sundry school buildings, to replace defective boilers now in place condemned by the City Boiler Inspector, and recommends award of contract to the lowest bidder in each instance, as follows:

William A. Pope:	
Armour School, 33d Pl. and Auburn Ave.	\$1,491.00
A. Kilander & Co.:	
Forestville School, St. Lawrence Ave. and 45th St.	1,885.00
McCosh School, Champlain Ave. and 65th St.	3,233.00
Total	\$5,118.00

(20955)

Ventilation Extra Work—Howland School Building.

Your Committee on Buildings and Grounds reports that it has received from A. Mathis bill in the sum of \$38.30 for extra work in connection with heat ducts leading to entrances at the Howland School Building, Spaulding Ave. and 16th St., the same being found necessary subsequent to the preparation of original specifications. This bill has been checked and found to be reasonable, and your Committee recommends that voucher be prepared in favor of A. Mathis for the amount mentioned.

(20956)

Remove Old Wooden Wainscoting and Substitute Cement Wainscoting as well as Cement Floors for Defective Floors—Toilet Rooms—Holmes School Building.

Your Committee on Buildings and Grounds reports that it is necessary for sanitary reasons to remove the old wooden wainscoting from toilet rooms at the Holmes School Building, Morgan and 56th Sts., and substitute new floors for defective floors now in place. This work may be done under the jurisdiction of the Bureau of Repairs, who submit proposition for the contemplated changes, as follows:

Cement Wainscoting	\$200.00
New asphalt floors	225.00

And your Committee recommends that authority be granted to have the work done.

(20957)

Bids—Reject—Incandescent Lamps—Sundry Schools.

Your Committee on Buildings and Grounds reports that bids were received Wednesday last for incandescent lamps required for the various school buildings for the ensuing year. These bids were not opened, and your Committee recommends that the same be returned to the bidders and authority granted to advertise for new bids at a subsequent date.

(20958)

Cinder Receptacle—Grant Authority for Construction of—Phil Sheridan School Building.

Your Committee on Buildings and Grounds reports that it has received complaints from the Ward Superintendent relative to the practice of dumping cinders in the alley against coal room wall at the Phil Sheridan School Building, Escanaba Ave. and 90th St. As there is no other place to unload these cinders, but there is a space of about 25x9 feet just back of coal room which might be arranged for the reception of this debris, this will necessitate the removal of 25 feet of iron fence and the construction of a retaining wall on north end and laying of new cement floor

therein, which work may be done under the jurisdiction of the Bureau of Repairs, in the approximate sum of \$275, and your Committee recommends that authority be granted to have the work proceeded with.

(20959)

*Electric Service—Incandescent Lamps—
Sundry Schools.*

Your Committee on Buildings and Grounds asks for authority to purchase from the New York Incandescent Lamp Company 500 16 c. p. carbon lamps, 115 volts, clear glass, in the approximate sum of \$55, the same being in accordance with existing contract.

(20960)

*Storm Sash—Authority to Install—South
Deering School.*

Your Committee on Buildings and Grounds reports that difficulty has been experienced heretofore in heating rooms in the north and west side of the South Deering School Building, Calhoun Ave. and 107th St., and inasmuch as the Superintendent of Schools advises that this building will be used for school purposes for many years to come, your Committee recommends that proposition received from the Bureau of Repairs in the sum of approximately \$175 for the installation of storm sash on this building, which will assist materially in the heating of the rooms, be accepted and authority granted to have the work done at once, and further recommends that the janitor be allowed compensation on the basis of 50 cents a window per annum for the care of the additional windows.

(20961)

*Extra Work—Account of Changes—Chicago
Normal Arts and Gymnasium Building.*

Your Committee on Buildings and Grounds reports that in accordance with Board Report No. 20775 it has received proposition from sundry contractors for extra work involved on account of rearrangement of certain rooms at the Chicago Normal Arts and Gymnasium Bldg., 68th St. and Stewart Ave. In each instance the proposition submitted has been checked and found to be reasonable, and, in view of the fact that the same are from the contractors doing original work at the building, recommends they be accepted, as follows:

Mathis Brothers' Company:
Extending new duct and changing
location of various ducts and
pipes \$142.00
Klipfel Mfg. Company:
Installation of additional heat reg-
ulation, Room No. 72 53.00

(20962)

*Contract—Award—Safety Guards for Circu-
lar Saws—Sundry Schools.*

Your Committee on Buildings and Grounds reports that Report No. 20764 was heretofore adopted awarding contract to

Cobb, Whyte & Laemmer Co. for safety guards for circular saws, sundry school buildings. Subsequently communication was received stating that the guards estimated on by them will not be satisfactory for the requirements of the schools, and, on the recommendation of Mr. R. M. Smith, Supervisor Manual Training, High and Technical Schools, it is recommended that contract be awarded to the next lowest bidder, as follows:

J. A. Fay & Egan Company:
Bowen High, 89th and Manistee
Ave. \$ 15.00
Crane, T. H., W. Van Buren and
Oakley Ave. 45.00
Lake High, W. 47th Pl. and Union
Ave. 30.00
Lake View High, N. Ashland Ave.
and Irving Park B. 15.00
Medill High, 14th Pl. and Throop
St. 15.00

Total \$120.00
And further recommends that contract heretofore awarded to Cobb, Whyte & Laemmer Co. be, and the same is hereby rescinded.

(20963)

*Contract—Award—Extension of Electric
Wiring and Installation of Electric Fix-
tures in Buildings Used for
Evening School.*

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids as authorized by the Board, Report No. 20099, for extension of electric wiring and installation of electric fixtures to provide adequate illumination in buildings where evening school sessions are conducted, and recommends award of contract to the lowest bidder in each instance, as follows:

Wadeford Electric Company:
Froebel School, W. 21st and
Robey \$2,439.00
Medill High, 14th Pl. and Throop 4,239.00
Walsh School, 20th and Johnson 2,795.00
Total \$9,473.00
United Electrical Construction Co.:
Goethe School, Rockwell and Ful-
lerton Ave. \$2,498.00
Howe Electric Co.:
Jones School, Plymouth Ct. and
Harrison 1,195.00
Scammon School, Morgan and
Monroe Sts. 1,070.00
Total \$2,265.00

(20964)

*Contract—Award—Electrical Work—Sewing
Room—Austin High School.*

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for the extension of electric wiring to sewing room at the Austin High School, Willow Ave. and Frink St., for electric iron, and recommends award of contract to the Howe Electric Company, it being the lowest bidder, in the sum of \$48.00.

(20965)

*Contract—Accept Credit Memorandum—
Heat Regulation—Carter School.*

Your Committee on Buildings and Grounds reports that it has received from the Johnson Service Company credit memorandum in the sum of \$27.50, the same being for the omission of hydraulic thermostat and draft regulator not required in accordance with the specifications for the Carter School Building, 58th St. and Michigan Ave. Said credit has been checked and found to be reasonable, and your Committee recommends its acceptance.

(20966)

*Contract—Award—Installation of Water
Supply—Clay School Building.*

Your Committee on Buildings and Grounds reports that there is inadequate water supply at the Clay School Building, Superior Ave. and 133d St., and recommends acceptance of proposition from David Walsh in the sum of \$33 for extension of service in front of building, he being the lowest bidder. Inasmuch as the street is now being paved, the contractor was notified to proceed with the work at once, and your Committee asks your concurrence in the action taken.

(20967)

*Contract—Award—Castings, Common Grate
Bars, Etc.—Sundry Schools.*

Your Committee on Buildings and Grounds reports that it has prepared specifications as authorized by the Board, Report No. 20549, for castings, common grate bars, etc., required at sundry school buildings, and recommends award of contract to the lowest bidder in each instance, as follows:

Payment of Property—Grace Street, Oakley, Waveland and Claremont Avenues.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board relative to proceedings to condemn certain property therein described for school purposes, being lot 1 in part of the new site at Grace Street, Oakley, Waveland and Claremont Avenues, having a frontage of 30 feet on Oakley Avenue and a frontage of 124.02 feet on Grace Street, a copy of which communication is hereto attached and made a part hereof.

The Committee recommends that a warrant be drawn to the order of the County Treasurer of Cook County in the sum of \$1,503.00 in accordance with the recommendation contained in said communication from the Attorney of the Board.

June 19, 1913.

Committee on Buildings and Grounds, Board of Education of the City of Chicago.

GENTLEMEN:—

In condemnation proceeding Gen. No. 321,025 in the Circuit Court of Cook County, entitled "City of Chicago, in Trust for the Use of Schools, vs. Joseph Kaszab, et al.," a trial has been had and verdict rendered.

In this proceeding, together with other property, lot one (1) in Caroline Ogden Jones' subdivision of block twenty-two (22) in the subdivision of section nineteen (19), township forty (40) north, range fourteen (14), east of the third principal meridian (except the southwest quarter of the northeast quarter thereof, and the southeast of the northwest quarter thereof and the east half of the southeast quarter thereof), together with all private interests in the public alleys abutting said premises, situated in the City of Chicago, County of Cook and State of Illinois, is condemned, said lot one (1) being a part of the new site at Grace Street, Oakley, Waveland and Claremont Avenues, and having a frontage of 30 feet on Oakley Avenue and a frontage of 124.02 feet on Grace Street. The jury awarded the respondent owner the sum of \$1,500.00. Costs of suit, \$3.00. Total, \$1,503.00.

This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$1,503.00, payable to the County Treasurer of Cook County for the use of the respondent in the case. Upon the payment of the said sum to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in trust for the use of schools, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report is a blue print of the survey of the property in question.

Respectfully submitted,

(Signed) A. R. SHANNON,
Attorney.

June 20, 1913.

Committee on Buildings and Grounds, Board of Education of the City of Chicago.

GENTLEMEN:—

In condemnation proceeding Gen. No. 320,243, in the Circuit Court of Cook County, entitled "City of Chicago, in Trust for the Use of Schools, vs. Thomas F. Spooner, et al," a trial has been had and verdict rendered.

In this proceeding, together with other property, lots eight (8) and nine (9) in block two (2) in Dickey & Baker's subdivision of lot one (1), being the north 4.04 chains of the southwest quarter of the southwest quarter of section twenty-four (24), township thirty-eight (38) north, range fourteen (14), east of the third principal meridian; also lot four (4) in block two (2) in Hambleton's subdivision of lot two (2) in the partition of the southwest quarter of the southwest quarter of section twenty-four (24), township thirty-eight (38) north, range fourteen (14), east of the third principal meridian, together with the improvements on all of said lots, are condemned. Said lots have a frontage of 25 feet each on East End Avenue, by a depth of 163.4 feet to a 20-foot alley, and adjoin the Parkside School Building. The jury awarded the respondents the following sums:

To the owners of and parties interested in lots 8 and 9 aforesaid, together with the improvements thereon, the sum of.....	\$5,600.00
To the owners of and parties interested in lot 4 aforesaid, together with the improvements thereon, the sum of...	2,250.00
One dollar (\$1.00) to each of three tenants residing on said premises	3.00
Costs of suit.....	3.00
Total.....	\$7,856.00

This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$7,856.00, payable to the County Treasurer of Cook County, for the use of respondents in the case. Upon the payment of the said amount to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in Trust for the Use of Schools, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report is a blue print of the survey of the property in question.

Yours very truly,

(Signed) A. R. SHANNON,
Attorney.

(20989)

Church, 1250 Clybourn Avenue, asking for the use of the school ground located at the corner of Mohawk and Menominee Streets for the purpose of erecting a tent in which to conduct gospel meetings.

The Committee recommends that the request be granted with the understanding that the applicant will be responsible for all damage to school property.

(20992)

Open Air Vacation Schools.

The Committee on Buildings and Grounds reports that it is in receipt of the following communication from the Superintendent of of Schools and recommends concurrence by the Board in the suggestion therein contained:

The Superintendent of Schools reports that a communication has been received from Mrs. A. W. Bryant, Chairman of the School Extension Committee of the Chicago Woman's Club, tendering the assistance of that organization and that of the Chicago Tuberculosis Institute in the maintenance of open air schools. The requests of this committee are as follows:

The free use of the Lake View High, the Moos, the Libby, the Penn, the Moseley, and the old Bowen High Schools for a period of six weeks during the time the vacation schools are in session.

The providing, by the Board, of Education, of tents, cots, tables, and chairs and the necessary equipment for serving meals.

The providing of the salaries of teachers and bath attendants, and for the supply of necessary materials for sewing and construction work for the children

The Superintendent of schools recommends that the request be granted to the extent of granting use of buildings and providing the necessary out-door equipment and the salaries of teachers, engineers and bath room attendants.

The Committee further recommends that the cooks and attendants for the maintenance of these schools be paid by the Board of Education at the same rate of salary as paid during the regular school year.

(20993)

Authority to Employ Receiving Clerk, Lane Technical High School, Throughout the Year.

Your Committee on Buildings and Grounds reports that it is in receipt of the following communication from the Secretary of the Board:

"I have received the following request from the principal of the Lane Technical High School, and respectfully recommend concurrence therein: "I recommend that the receiving clerk of the Lane Technical High School be employed for twelve months in the year. He is especially needed during the summer school term and during the time supplies are being delivered in August."

Your Committee further reports that it has given the matter careful consideration and recommends concurrence therein.

(20998)

Accept Proposition for Renovation of School Fund Property.

Your Committee on Buildings and Grounds reports that it is in receipt of the following recommendation from the Secretary of the Board, and respectfully recommends concurrence therein:

"I respectfully recommend that the attached proposition of H. A. Wick, 756 W. 103rd Street, in the sum of \$37.50, covering renovation of school fund property at 10042 Butler Street, be accepted, subject to the approval of the Repair Department of the Board."

(20999)

Accept Proposition to Fireproof Assembly Hall Stage Curtains.

Your Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board, recommending the acceptance of the following proposition from Maximilian Vasold to fireproof assembly hall stage curtains in school buildings as required:

"This is to confirm my verbal offer made to you to fireproof certain draperies, scenic and curtain equipment, etc., on stages and platforms of certain school buildings.

"I will use Max's Fireproof Liquid and charge twenty cents (20c) per square yard for burlap, denim or similar material, and twenty-five cents (25c) per square yard for velvet, plush, rep or similar material.

"I agree to examine and inspect all such stage or platform equipment, and will call the attention of the school engineer to such equipment when fireproofing is not feasible or not desirable.

"It is understood the Board of Education will furnish me with a conveyance suitable for transporting my fireproofing material and appliances.

"It is further understood the Board of Education will pay me reasonable compensation for time consumed in examining equipment not suitable for fireproofing, or visiting schools, according to a list to be furnished to me, should I find no material there to be fireproofed."

Your Committee further reports that it has carefully considered this matter, and respectfully recommends concurrence in the recommendation of the Secretary.

(21000)

Accept Proposition to Test Coal Used in the Schools.

Your Committee on Buildings and Grounds reports that it is in receipt of the following recommendation from the Secretary of the Board, and recommends concurrence therein:

"I beg to submit herewith a proposition from L. E. McGann, Commissioner of Public Works, with reference to the testing of coal used in the public schools of the City of Chicago. I respectfully recommend that said proposition be accepted by the Board of Education:

"Referring to your letter of May 2nd, relative to testing of coal for the Board of Education, I beg to reply as follows:

"The Testing Division of the Department of Public Works can handle this work by increasing the force of samplers from two to five men. At the present scale of wages paid to samplers this would mean an extra expense of \$3,240 a year. It would also require some additional equipment in the laboratory at an expense of \$200.00.

"I note in your letter that approximately 6,000 samples a year, or 500 a month, have been tested. I am informed that this statement is correct, insofar as the number of samples is concerned, but my understanding is that the actual tests in the laboratory number only about 35 a month. This is arrived at by combining the samples of the same kind of coal from various buildings. If this is correct, these extra tests, so far as the laboratory is concerned, can be handled, except during such times as we have extra work to be rushed.

"One of the three extra samplers that we would need would have to be a man who has had experience in laboratory work and who would be competent to assist in the testing of coal. The two other samplers working continuously and the third helping out occasionally

would be able, it is believed, to collect the necessary number of samples. It is estimated that the extra expense to do this work for assistance, apparatus and supplies would be \$3,500.00 a year."

"Recommended by John Ericson, City Engineer."

(21001)

Stock Clerk—Employ—Crane Technical High School.

The Committee on Buildings and Grounds reports that it is in receipt of a report from the Superintendent of Schools recommending the employment of a stock handler at the Crane Technical High School for twelve months of the year, his services being especially needed during the summer school term and during the time supplies are being delivered in August.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(21002)

Lake View High School—Tear Down Old Part and Construct New Addition.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools stating that the condition of the old part of the Lake View High School Building and the necessity for tearing it down and replacing it with a safe, sanitary, modern structure has been a subject of discussion for many years and recommending that steps be taken to make the changes necessary to accommodate the large Lake View High School, which has a membership today of 1,220 pupils, that is, to tear down the old part and replace it with a new addition containing also an assembly hall and a gymnasium.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(21003)

Water Tube Boilers—Award of Contract.

The Committee on Buildings and Grounds reports that it has had under consideration the matter of bids received for the installation of water-tube boilers in place of the boilers inspected and condemned by the Boiler Inspector at sundry school buildings, and further reports that the old boilers were horizontal tubular, but that there is inadequate room to permit the same to be placed, and for that reason specifications were prepared covering the installation of water-tube boilers.

The Committee recommends the awards of contracts as follows.

FINANCE.

Mr. Sethness, member of the Committee on Finance, presented reports of the Committee, as follows:

(21004)

*Appropriation for Lectures on Sex Hygiene.
Deferred Two Weeks.*

The Committee on Finance respectfully reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the following plan for teaching sex hygiene is submitted in response to the motion made by Mr. J. M. Loeb, and adopted by this Committee: "That the Superintendent be instructed to prepare and perfect a plan by which courses of lectures on sex hygiene shall be installed in the public schools at the opening of the term in September next."

The Superintendent recommends that specialists in sex hygiene who lecture in simple, yet scientifically correct language, be secured to give in the fall term of 1913 a course of three lectures on sex hygiene in each of the twenty-one high schools, the pupils to be grouped in reasonable numbers, boys and girls separate; provided that all pupils who bring notes from their parents asking to have them excused, shall be excused; that after December, 1913, the lectures be limited to first year classes in physiology and hygiene or in biology; that one talk on personal purity be made by specialists to children in groups in the middle and upper grades of every elementary school; that kindergartners, teachers in the lower grades, and nurses be requested to endeavor to guard the young children from practices taught by the unchaste.

The Superintendent further recommends that a list of lectures for the high schools and also a list for the elementary schools be prepared by the Superintendent and submitted to the

Committee on School management in September; that \$10,000 be apportioned from the Contingent Fund for salaries, subject to concurrence by the Committee on Finance.

On motion of Mr. Loeb, seconded by Mr. Kelley, action on this report was deferred for two weeks.

Reports Nos. 21005, 21006, 21007 and 21008 withdrawn.

(21009)

*Employ Instructor in Physical Education
During Summer Months.*

The Committee on School Management respectfully reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

"The Superintendent of Schools recommends that Mr. George W. Steffans be assigned to the work of instructor in physical education at the John Worthy School on half time during the summer vacation, at one-half the maximum salary paid teachers of physical education in elementary schools."

(21010)

*Pay Bill for Injuries to Teacher—Hyde
Park High School.*

The Committee on Finance respectfully reports that it is in receipt of the following report from the Committee on School Management, and recommends concurrence therein:

"The Committee on School Management reports that it is in receipt of a communication from Mr. Howard N. Howland, teacher of chemistry in the Hyde Park High School, to the effect that in giving a lesson to his class he was obliged, on account of the unfinished installation of materials in the new Hyde Park High School, to improvise a method to give instruction to a class in chemistry, and that during the class exercise a tank of oxygen exploded, thereby injuring his hand and arm.

"Mr. Howland requested that he be allowed his full salary for his enforced absence, and that his physician's bill for said injury, amounting to approximately \$35.00, be paid.

"The Committee on School Management recommends that the request be granted, but refers the same to the Committee on Finance for concurrence."

(21011)

Close Special Funds Account.

The Committee on Finance recommends concurrence in the following communication from the Secretary of the Board:

"During the period from January, 1887, to May 1906, various amounts advanced for

the purpose of fitting up Board offices in the old City Hall, extending water pipes, sewers, etc., were charged to an account entitled 'Department of Public Works.'

"The balance of this account has been carried forward for many years and no longer represents a definite liability to the Board; and I would suggest that this balance be closed into the General Fund.

"I would also suggest that the balances of the following obsolete special fund accounts, namely:

Manual training at the Foster School.	\$3.07
Outdoor gymnasium at the Foster School	3.80
Scammon Library Fund at the Foster School	.07

be closed into the Foster Medal Fund Income Account."

(21012)

Pay Bill for Court Reporter Services.

The Committee on Finance reports that it is in receipt of the following communication from the General Counsel, and recommends concurrence therein:

"Attached hereto please find bill of Mr. I. H. Welner, Court Reporter, under date of June 5, 1913, in the sum of forty-four (\$44.00) dollars, the same being for services rendered in reporting proceedings of the Board of Education at its meeting held on May 28, 1913.

"It was suggested as necessary to have a verbatim report of these proceedings, especially such as referred to the question of text books, and I therefore ordered the minutes of the meeting transcribed.

"I would respectfully recommend that the bill of Mr. I. H. Welner, in the sum of forty-four (\$44.00) dollars, be ordered paid in the regular course of business."

(21013)

Authorize Principals to Purchase Supplies from Unreturned Registration Fees.

The Committee on Finance reports that it is in receipt of the following report from the Superintendent of Schools:

"The Superintendent of Schools recommends that authority be given to the respective evening schools to expend for supplies the moneys which they have collected for registration fees and not returned."

The Committee recommends that the report of the Superintendent be concurred in, with the understanding that the Principals of these schools shall make requisitions for the supplies required, which shall then be approved by the Superintendent and ordered purchased by the Secretary of the Board.

Notice in Charge of Hour of Meeting of Committee on Buildings and Grounds.

The Chair stated that as July 4 would fall on Friday, the meeting of the Committee on Buildings and Grounds would be held on Monday, July 7, 1913, at two o'clock p. m.

Welcoming the Return of Dr. McFatrigh.

The Chair: "I desire to take occasion at this time to express on behalf of the members of the Board of Education the pleasure we all feel at having Dr. McFatrigh again with us after a prolonged absence, visiting foreign lands, and desire to express our hearty welcome at this time."

Dr. McFatrigh: "Thank you."

On motion of Mr. Kelly, the Board adjourned.

L. E. Larsson

Secretary.
